

Malrugnek Qaneryaragnek Elitelleg

Ayaprun Elitnaurvik

Ayaprun Elitnaurvik is a public, Yup'ik Immersion charter school that offers children the opportunity to become bilingual in both Yugtun and English. Yugtun values and cultural activities are also integrated.

4/2008

Staff study groups focus on different topics of interest. These topics include refining the Yugtun oral language continuum or assessments; discovering and incorporating additional teaching strategies for reading, math and second language instruction.

We strive to provide all of our staff members opportunity for professional growth and collaboration. We utilize our own staff and district office specialists to accomplish this.

Calillgutekluta/Elitnaurulluta-The focus of our school's professional development is professional learning communities (PLC) for all staff. PLCs give our staff the opportunity to grow both professionally and personally. Our goal is to have staff leaders through sharing their knowledge with one another.

Piniuteput-We are utilizing our collective strengths as a tool to grow. The time spent together allows us to share learning and experiences. We continue to put forth the effort to work together as a team. **Ikayuqluta calillemteggun pinirikanirciqukut.**

Caliaqarkaput-What more can we do to become better educators for our second language immersion program? We would like to do more peer observations and peer coaching to better our language acquisition techniques. Professional learning community will be continued..
