Telecourses:

As of the summer semester of 2009, televised courses with UAA Distance Education are no more. These courses have been converted to web-based distance courses. If your course does require you to watch any episodes, the instructor will provide you with a link to watch the episodes streaming on-line. If you have any questions, please contact the Distance Education Services office anytime and a representative will be more than happy to answer your questions. (Check this information with Shane).
