

## The Office of Undergraduate Research and Scholarship

Announces

# RESEARCH and CREATIVE PROJECT GRANTS for UAA UNDERGRADUATE STUDENTS

**A limited number of competitive grants will be awarded to support undergraduate research & creative projects showing exceptional merit. Awards will fund up to \$2000 for project expenses plus a \$500 stipend.**

**PURPOSE:** Projects must be under the guidance of a University faculty member. All traditional research and creative projects will be considered, as well as research projects involving community learning and engagement. Funds will be awarded to offset research costs such as analyses, supplies, equipment, software, surveys, and/or travel. An additional stipend will be awarded upon successful completion of the project. If the project has multiple student investigators, the stipend will be divided among the participants.

**ELIGIBILITY:** Students must be accepted in an associate or baccalaureate degree program at the University of Alaska Anchorage (any campus) and must be enrolled for the semester in which the proposal is submitted. Students in all disciplines are eligible to apply.

**PROPOSAL SUBMISSION:** Application cover sheets and proposal format guidelines can be found at [www.uaa.alaska.edu/ours](http://www.uaa.alaska.edu/ours) or picked up from the Undergraduate Research & Scholarship Office in RH 115. Cover sheets must be signed by both the student investigator(s) and the mentoring faculty member.

**CRITERIA FOR AWARDS:** Submissions will be judged on the clarity of the proposal, the intellectual, scholarly, or artistic merit of the project, the significance of the project within its discipline or community, and the evidence that the student(s) can carry out the project. Preference will be given to students who have not previously won this award.

**RESPONSIBILITIES:** All recipients will (1) present their projects in a public forum and (2) submit a final written project report to the Office of Undergraduate Research & Scholarship at the end of the following spring semester. Additionally, project abstracts will be published in the proceedings of the annual Undergraduate Research & Discovery Symposium.

**SUBMISSION PROCEDURE:** Submit cover sheet and proposal to the Office of Undergraduate Research & Scholarship in RH 115 by the posted deadline. The recipients will be notified within approximately one month. Awards are contingent on approval by the Institutional Review Board, the Animal Rights Committee, and/or other committees as appropriate.

For additional information or questions, contact [research@uaa.alaska.edu](mailto:research@uaa.alaska.edu) or 907.786.1086.
