Ladies and Gentlemen:

I have recently received the USKH Engineering & Architecture Scholarship and wish to thank you very much. It is so encouraging to have my academic efforts recognized in this manner. Devoting myself full-time to completing my degree is a financial challenge and this scholarship will alleviate some of that pressure as well as reinforce my determination.

Scholarships are a wonderful way to invest in the future of our state and those who will live and work professionally in Alaska. Organizations like yours make a difference in encouraging students to obtain their degree in the University of Alaska system as well as rewarding their achievements. Again, I thank you very much.

Sincerely,

Elaine Nefzger
