UAA 2030 Strategic Planning Effort

Catalysts and Objectives as of November 2026
Based on May 7 and September 18 Forums, Leadership, Governance, and External Input

Elevate Student Experience. Create an engaging, supportive, and connected UAA experience where students can thrive and achieve their goals.

- Deepen student belonging and engagement.
- Expand experiential learning and real-world skill development.

Empower Opportunity. Make UAA a place where students and employees want to grow, thrive, build their futures, and make an impact here, in Alaska, and beyond.

- Empower students and employees to be active agents in designing their institution and their journey.
- Advance educational programming, research, and service that meet local, state, and regional (Arctic) needs.

Partner with Purpose. Build meaningful, reciprocal partnerships that benefit our students and our communities.

- Partner with our districts, communities and employers to create pathways from K-12 through employment.
- Create meaningful engagement for our communities.
