

EMERGENCY PREPAREDNESS WHILE AT U.A.A.

University Police: 786-1120 (Eugene Short Hall 114- always open)

REPORTING AN EMERGENCY

- Call UPD at 786-4911 (64911 on University phones)
- Or call UPD using the nearest Emergency Telephone
- Describe where you are (look for yellow posters or street name signs)
- Remain calm and stay on the line until Dispatch ends the call

EARTHQUAKES

- If you're indoors, stay indoors until the event stops
- Protect yourself by getting under something sturdy- a table, door frame, etc.
- If you're outdoors, stay outdoors. But watch for objects that could fall on you
- Be prepared for aftershocks and subsequent additional falling objects
- Check yourself and others for injuries, then check for official instructions

FIRE ALARMS

- Bells, horns, and strobe lights indicate everyone must evacuate immediately
- Be aware of the nearest exit locations, which may differ from the entry you used to come to your class, lab, or office
- Gather with your class or office group at a rally point at least 50' away
- Use stairs to leave upper levels, as elevators will not operate during an evacuation alarm
- Notify officials outside of anyone inside who's unable to vacate on their own
- Even if smoke and flames are not seen, wait until officials silence the alarm and indicate it is safe before returning to the building

SERIOUS ACTIVE VIOLENCE OR SHOOTING

- Flee from the area and report what you've seen- "be a good witness"
- If unable to leave, then barricade yourself & others in a lockable room
- Fight the offender as a group only if he reaches you and you must do so to survive
- when police arrive, keep your hands visible and wait for instructions

GETTING EMERGENCY INFORMATION

- UAA sends important notices to University e-mail accounts
- Check 1610AM for Wolf-Radio announcements
- View the UAA web page (www.uaa.alaska.edu) for emergency information
- Listen to updates on the Events Hotline at 786-1000 and check electronic signboards
- Check local TV and radio stations for vital announcements
