Following the October 4 Kick Off, this Open Forum invites participants to share their work contributing to and assessing student learning and to think about how that work can contribute to a robust institutional approach to demonstrate student learning as it relates to Core Competencies. The Open Forum will explore curricular, co-curricular, and support efforts.

“From assignments in courses and learning experiences in the co-curriculum to enabling learning through support offices, how do we ensure that students are ready, supported, and learning in ways that are culturally relevant and student focused?” Natasha Jankowski, 2020 UAA Accreditation Kick Off Keynote Speaker
