**UAA Faculty Senate Academic Assessment Committee**

Summary: April 17, 2020

11:00 am - 12:30 pm

[Join Zoom meeting](#) or call 1-669-900-6833, and enter Meeting ID 191 349 736

1. Approval of agenda (p. 1-2) - *approved*
2. Approval of minutes (p. 3-5) - *approved*
3. Chair's update
  - Academic Affairs is interested in moving assessment surveys and reports from *IR-Reports* on SharePoint to an ePortfolio with greater capacity for feedback. With no reports due in fall 2020, it seems a logical time to make that change. The AAC agreed.
  - Annual Academic Assessment Survey  
The committee unanimously voted to eliminate the requirement for suspended and discontinued programs to complete the Annual Academic Assessment Survey. They asked that Academic Affairs communicate this change with affected programs.  
  
The committee also reviewed and confirmed the modified survey questions.
4. Annual Academic Assessment Retreat – Thursday, May 7, 2020
5. Review assessment plans  
[Link to AAC Google Drive for Plans](#) (*Remember to identify noteworthy plans.*)

Program (with Catalog link for context)	Program Representative(s)
<a href="#">Dietetic Internship GC</a>	Carrie King, Professor, Dietetics and Nutrition
<a href="#">Pharmacy Technology OEC</a>	Sandra Pence, Interim Associate Director, Allied Health

The AAC recommended approval for these plans.

Pharmacy Technology was asked to distinguish between the student survey near graduation and the survey administered 6-12 months after graduation, and submit the clarification to Academic Affairs. The next time the plan is revised, the committee recommended considering a touch point to assess skills earlier in the program.

6. Informational plan review – *none scheduled*
7. Informational plans with curriculum updates, no changes to plan since last AAC review
  - [Air Traffic Control AAS](#), last AAC review 5/3/19

The AAC recommended approval for this plan.

8. Next meeting: May 1, 11:00-12:30 in ADM 204 (*final meeting of the academic year*)

9. Upcoming plans

- Medical Laboratory Technology AAS – confirming college review

## UAA INSTITUTIONAL ACCREDITATION 2025

[UAA Institutional Accreditation Website](#)

### Academic Year 2020 Summary

Submitted to governance groups by the tri-chairs on behalf of the Accreditation Advisory Committee

We celebrate the completion of several tasks that reflect the engagement of students, staff, faculty and administration in determining the infrastructure for assessing the student learning and student achievement that occurs across UAA as an institution.

### NEW NWCCU STANDARDS (January 2020)

STANDARD ONE – Student Success and Institutional Mission and Effectiveness

- Institutional Mission
- Improving Institutional Effectiveness
- Student Learning
- Student Achievement / Student Success

STANDARD TWO – Governance, Resources, and Capacity

### STUDENT LEARNING: PROPOSED UAA CORE COMPETENCIES

Following national best practice, UAA is identifying core competencies for student learning that takes place across the institution, whether in the curriculum, co-curriculum, or through students' daily interactions with UAA.

After a year of engagement with stakeholders across our campuses including multiple debriefings, open forums and surveys, the Accreditation Advisory Committee proposes the following Core Competencies and definitions:

#### **Effective Communication**

*The knowledge and skills necessary to engage in effective communication in diverse contexts and formats.*

#### **Creative and Critical Thinking**

*The knowledge and skills necessary for the critical exploration of issues, ideas, artifacts, and events in order to creatively design, evaluate, and implement a strategy to answer complex questions or achieve a desired goal.*

#### **Intercultural Fluency**

*The knowledge and skills necessary to promote effective and appropriate interaction in a variety of cultural contexts, particularly in terms of the diverse populations of Alaska.*

## **Personal, Professional and Community Responsibility**

*The knowledge and skills necessary to promote personal flourishing, professional excellence, and community engagement.*

Results of final naming survey:

Intercultural results (in order of highest to lowest number of responses):

Intercultural Fluency	67/180, 37.2%
Intercultural Competency	62/180, 34.3%
Intercultural Responsiveness	51/180, 28.3%

Personal and professional responsibility (in order of highest to lowest number of responses):

Personal, Professional and Community Responsibility	112/181, 61.9%
Personal and Social Responsibility	69/181, 38.1%

USUAA support: The USUAA executive committee completed an informal poll that resulted in unanimous support for the top answers for the final core competency names.

**Core Competency Assessment:** Over the summer members of the Accreditation Advisory Committee and its Core Competencies Working Group will draft an assessment process for the Core Competencies. *Faculty and staff interested in participating should contact the tri-chairs.*

## **STUDENT ACHIEVEMENT / STUDENT SUCCESS**

NWCCU STANDARD 1.D.2 Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and post-graduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps).

An initial summer working group developed a set of student achievement metrics that have been reported to governance groups throughout the year. They include leading indicators determined by UAA's Student Success initiatives to be the most critical to move the needle on retention, persistence, and graduation rates over the next couple of years. These leading indicators will be reported on, and will be revised as goals are achieved and other leading indicators come into play.

The Accreditation Advisory Committee Student Success Metrics Working Group will propose how the data on these metrics will be visualized, reported, and disseminated for use in decision-making processes across the institution. They are also discussing further disaggregation, to continue to better reflect UAA's students and provide information for interventions designed to close equity gaps. Finally, the group will develop an approach to assessing the impact of programming on closing equity gaps as they relate to the Student Achievement Metrics.

## UAA 2025 STUDENT ACHIEVEMENT METRICS

**Disaggregation** Race/Ethnicity, Age, Gender, Socio-Economic Status, First Generation, First-Time Full Time, First-Time Part Time, Transfer.

**Peer Groups** Peer groups will include: Alaska Public Universities, Current UAA Peers, Large Public Masters, Associates, Public 4 Year, Large City Public 4 Year, Open Admission, Open Admission 4 year, WICHE Institutions, and Competitors. These peer groups will only be applied where there are national figures (Graduation and Retention Rates).

### Metrics

#### Graduation Rate

- Baccalaureate (6 year, 8 year, 10 year)
- Associate (3 year, 5 year, 7 year)
- Additional metric: Junior Graduation Rate

#### Graduate Program Time-to-Degree

- Masters
- PhD

Retention Rate: First to Second Fall

Persistence: First to Third Fall

Post-Graduation Success

**Leading Indicators** Students complete Tier 1 GERs within first 30 credits

Course Pass Rates in first-year and gateway courses

Attempted vs completed “credits earned to credits attempted”

**In conclusion,** we are grateful for the contributions of UAA faculty, staff, and students throughout this process and propose to move forward based on the above results.
