**Action Items from Last Meeting (February 20, 2026):**

*The following Assessment Plans were reviewed and approved.*

- **UC Diesel Power Technology** - Approved. Recommended including a "closing the loop" statement. They will be reviewing and editing this in preparation for accreditation in Fall 2026.
- **OEC Interprofessional Child Welfare** - Approved. Excellent plan, and OEC designed based on state need. As a result of varied students enrolled, shifted from e-portfolio assessment to practicum / internship assessment.
- **OEC Community Reporting** - Approved. New OEC. Good foundational plan. Contemplating moving from e-portfolio to practicum assessment. Recommended adding a "closing the loop" statement to plan. Extended campus faculty now teaching a course in this program as well. A reminder to incorporate extended campuses in assessment process was stated, as well as the fact that only summative assessment is necessary for the occupational endorsement certificates.
- **BS Dietetics** - Approved. Externally accredited. Good plan. Recommended adding the great work they do in connection with industry into the plan since they already do it and report on it.
- **MS Nursing Science** - Approved. Great assessment plans. Changed certificate programs so that they can be completed in five semesters to aid in student success and completion. Great example of change made based on program assessment.

Yvonne Chase, Chair of the Undergraduate Academic Board (UAB), and Morgan Brissette, Chair of the Graduate Academic Board (GAB) attended the meeting to discuss how the AAC can be helpful in the curricular review process. As a result of this discussion, the AAC will take the following actions.

- Include more descriptive notes about the plans in CIM when sending through the approval process.
- Create a checklist of essential criteria to include in an assessment plan that will be shared with faculty. This may benefit faculty presenting, committee members, and Chairs of GAB and UAB.
