Re: Max Repeat Motion

On December 2, 2016 the Faculty Senate approved the following motion, brought forth by the Graduate Academic Board (GAB) and Undergraduate Academic Board (UAB) on behalf of the Office of the Registrar.

BACKGROUND: An issue was recently discovered with repeatable courses and the CIM system. The paper curriculum process allowed repeatable courses to be coded both for maximum number of repeats and maximum number of credits. The CIM system allows only one of these choices. As a result, the system will not allow faculty to revise/edit courses historically coded for both. UAB/GAB passed a motion allowing the Registrar's Office to contact colleges and faculty directly regarding resolution for impacted courses.

MOTION: The Registrar's office is permitted to send an email to the faculty listserv and colleges stating intent to remove max repeat rule on list of courses.

If I may be of further assistance, please let me know.
