Re: Removing GER Status for Liberal Studies Courses

On October 2, 2015 the Faculty Senate approved the following motion, brought forward by the Undergraduate Academic Board (UAB) and General Education Review Committee (GERC), removing GER status from the following Liberal Studies courses: LSIS A101, LSIS A102, LSIS A201, LSIS A202.

The courses are no longer being offered and the Liberal Studies program is in the process of being deleted.
