MEMORANDUM

TO: Carrie King, Undergraduate Academic Board Chair
FROM: Jackie Cason, Composition Coordinator
SUBJECT: Proposed Credit for Prerequisite Not Taken
DATE: March 13, 2018
CC: Susan Kalina, Vice Provost for Academic Affairs

To minimize the number of petitions and waivers and to address the challenges faced by students transferring credits to and from our campus, I am requesting a path for students to receive credit for a 100-level WRTG prerequisite once they have already demonstrated successful completion of a higher level requirement.

Specifically, students who transfer in a 200-level or higher GER written communications course with a grade of C or higher and who have not completed the 6 credit GER written communication requirement may receive credit for prerequisite not taken for WRTG A111.

To receive this credit, students must submit the appropriate form to the Office of the Registrar and pay an administrative fee to have the credit applied to their transcript. [Emphasis added to proposed policy language].

Transcribing the prerequisite credit serves students much better than a waiver because it would enable them to transfer to other campuses with GER credits already on record.
