Undergraduate Program Descriptions
The University of Alaska Anchorage offers curricula that provide the intellectual skills, habits of mind, and ethical sensibilities necessary to develop in individuals who make informed judgments and interpretations about their community and the broader world, who take full responsibility for their beliefs and actions, who recognize the connection between knowing and acting, and who commit themselves to lifelong learning. The UAA curricula emphasize that while the acquisition of knowledge is an end in itself, each UAA graduate must enter the world beyond the University fully equipped to live resiliently in a changing world and be willing to apply theories and methodologies to examine and resolve the problems of their own communities, and those of an increasingly diverse and interdependent world.

The University does not prescribe specific courses for all students. It is the responsibility of each student to determine an appropriate program of courses within the framework of their academic program in consultation with an academic advisor. (See Chapter 6, “Advising and Academic Support,” for further information.) The requirements for each degree include completion of a minimum number of courses, resident credits, fulfillment of the General University Requirements and the General Education Requirements, and completion of program requirements.

**ACADEMIC PROGRAMS**

**Certiﬁcates**

The university offers two types of certiﬁcates at the undergraduate level:

- Undergraduate certiﬁcates of 30 credits or more offer focused instruction in a concentrated area. They include an equivalent of at least 6 credits of related instruction at the collegiate level in communications, computation and human relations. These certiﬁcates provide knowledge and skill development in broad areas to prepare students for entry into a variety of career ﬁelds. They are particularly appropriate in scientiﬁc or technical areas such as health care, computer systems, transportation or industrial technology.

- Occupational Endorsements are certiﬁcates requiring 29 or fewer credits to complete. These certiﬁcates provide the specialized knowledge and skills needed to enter speciﬁc employment sectors. Both of these certiﬁcate types are noted on transcripts.

Coursework used to complete each type may also apply to associate and baccalaureate degrees that the student may pursue.

**ASSOCIATE DEGREES**

The University of Alaska Anchorage offers two types of associate degrees, both of which require the completion of 60 credits or more:

- **Associate of Arts (AA) degrees** combine broad studies in the general education areas of writing, communication, oral communication, humanities, mathematics, natural sciences, and social sciences, with elective coursework selected by the student. The degree provides broad exposure to systems of thought and inquiry, allows exploration of a variety of disciplines and learning experiences, and provides a solid foundation for further study at the baccalaureate level. The AA degree is administered by the College of Arts and Sciences (CAS). The complete program description is found under the CAS section of this chapter.

- **Associate of Applied Science degrees** provide applied or specialized studies that are used to satisfy a student’s specific educational needs. Many AAS programs prepare students for work in a particular field of employment. Some AAS degrees are designed to provide a foundation for a specific related baccalaureate degree.

Students in these degree programs build knowledge and skills needed to carry out specific tasks while they develop abilities in the essential elements of communications, computation, and human relations.

**BACCALAUREATE DEGREES**

Baccalaureate, or Bachelor degrees, are organized programs of study that consist of a minimum of 120 credits. In addition to providing extensive preparation in a speciﬁc knowledge area, the content and activities found in the baccalaureate degree promote in students the abilities to reason, research, and analyze, and to form, support, and communicate ideas and opinions. Baccalaureate degrees are offered at UAA in over 20 major study areas.

**MINORS**

A minor is a component of a baccalaureate degree. A minor may only be issued simultaneously with a baccalaureate degree. A minor from UAA consists of a minimum of 18 credits, at least six (6) of which must be upper-division. Students must earn at least three (3) credits in residence in each minor field. They must also earn a UAA cumulative GPA of at least 2.00 (C) in the minor. Students must follow minor requirements from the same catalog used for the baccalaureate program. Refer to each discipline for speciﬁc requirements. Students must declare minors no later than the deadline to submit an Application for Graduation.

**REGIONAL STUDIES**

Regional studies programs offer students opportunities to develop the academic insight, knowledge, and technical skills needed to deal effectively with the far-reaching challenges of contemporary global society. At UAA, regional studies are informed by national developments, international contexts and comparative studies, and their aim is to prepare students to become educated world citizens by providing courses which draw upon the insights of many academic disciplines and by recognizing the cultural diversity that exists within the North Paciﬁc region.
Post-Baccalaureate and Graduate Programs
Post-Baccalaureate and Graduate certificates and degrees are described in later chapters of this catalog.

General University Requirements for Undergraduate Certificates and Associate Degree Programs
General University Requirements have been established for all certificate and associate degree programs at UAA. Students must complete these requirements in addition to specific certificate and major requirements stated in the program section of this catalog.

General University Requirements for Undergraduate Certificates
1. Students must be admitted to the program and must complete the certificate program requirements listed in the program section of this chapter.
2. When completing the last half of a certificate program, students must earn at least 50 percent of the credits in residence. For example, in a 30-credit certificate program, at least eight (8) of the last 15 must be resident credits.
3. Students must earn a cumulative GPA of at least 2.00 (C) at UAA. Some certificate programs require higher GPAs.
4. Students must earn a minimum of 30 credits for an Undergraduate Certificate.
5. Students may elect to complete under the requirements of the catalog in effect at the time of formal acceptance to a certificate program or the catalog in effect at the time of graduation.
6. If the requirements for a certificate are not met within five (5) years of formal acceptance into the program, admission expires and the student must reapply for admission and meet the admission and graduation requirements in effect at the time of formal acceptance.
7. Students may earn more than one (1) certificate by completing all requirements for each additional program.

General University Requirements for Associate of Arts Degrees
The following requirements must be met for associate degrees to which students have been admitted:
1. Students must be admitted to the program and must complete the General Education and Degree requirements listed in the program section of this chapter, listed under the College of Arts and Sciences.
2. Students must earn a minimum of 60 credits for an Associate of Arts degree.
3. Students must complete at least 15 credits in residence.
4. Students must earn a cumulative GPA of at least 2.00 (C) at UAA.
5. Students may elect to graduate under the requirements of the catalog in effect at the time of formal acceptance to an associate degree program or the catalog in effect at the time of graduation.
6. If the requirements for an associate degree are not met within five (5) years of formal acceptance into the program, admission expires and the student must reapply for admission and meet the admission and graduation requirements in effect at the time of formal acceptance.
7. Students must complete a minimum of 60 credits at the 100-level or above, including at least 20 credits at the 200-level or above.
8. No more than 15 military credits can be applied to an Associate of Arts degree.

General University Requirements for Associate of Applied Science Degrees
The following requirements must be met for Associate Of Applied Science degrees:
1. Students must be admitted to the degree program and complete the General Course Requirements that follow this section.
2. Students must complete the major degree requirements listed in the program section of this chapter. Each program is listed under its offering college.
3. Students must earn a minimum of 60 credits for an AAS degree.
4. Students must complete at least 15 credits in residence.
5. Students may elect to complete under the requirements of the catalog in effect at the time of formal acceptance to a certificate program or the catalog in effect at the time of graduation.
6. If the requirements for a certificate are not met within five (5) years of formal acceptance into the program, admission expires and the student must reapply for admission and meet the admission and graduation requirements in effect at the time of formal acceptance. Program requirements may require completion in less than 5 years.
7. Students may earn more than one (1) certificate by completing all requirements for each additional program.
8. Occupational Endorsement Certificates must differ by (3) or more credits.

Note: Not all Occupational Endorsement Certificates are eligible for federal financial aid.
**ASSOCIATE OF APPLIED SCIENCE DEGREE REQUIREMENTS**

In order to receive an Associate of Applied Science Degree, students must be admitted to the program and must satisfy:

1. **General University Requirements for Associate of Applied Science Degrees**;
2. **General Course Requirements** for Associate of Applied Science degrees in Oral and Written Communications (see below);
3. **General Course Requirements** for Associate of Applied Science degrees in designated disciplines;
4. **Degree-Specific Requirements**

   (See Degree Programs under each college in this chapter)
5. **Electives**

   Varies

   Total Minimum Credits 60

   All courses must be at the 100-level or above.

---

**GENERAL COURSE REQUIREMENT CLASSIFICATION LIST FOR ASSOCIATE OF APPLIED SCIENCE DEGREES**

These general course requirements are designed to ensure that all students graduating with AAS degrees have demonstrated fundamental written and oral communication skills and have successfully performed at the collegiate level in at least one of the listed discipline areas (Humanities, Natural Science, Mathematics or Social Science). The design of AAS degrees, like that of undergraduate certificates, ensures further that students gain some proficiency in essential skills of communication, computation and human relations. In the absence of specific required courses in these areas, the degrees address these topics in the major requirements and measure student performance in those classes.

Multiple DEGREES or Concurrent Majors
Associate degree-seeking students may graduate (during the same semester) with two majors, two degrees provided they have applied to and been accepted in both degree programs (An Associate of Applied Science and Associate of Arts is an example)

Students must submit a separate application for admission for each degree they expect to receive. Admission forms are available from Enrollment Services.

Students seeking a second Associate degree must be admitted to the program and must complete the General University Requirements, the General Course Requirements for their primary program, the General Education Requirements (for the AA degree) the major or degree requirements for both programs, and at least 12 resident credits beyond the total number of credits required for the primary degree.

Students must satisfy the catalog requirements in effect at the time of acceptance into the degree program(s) or the catalog requirements in effect at the time of graduation.

Multiple MAJORS for AAS programs
The Associate of Arts degree (AA) is intended to provide general education. Therefore, it includes no major specialty, and students may earn only one AA degree. The Associate of Applied Science (AAS) degree is intended to provide specialized education. Therefore, it does include a major specialty, and students may earn more than one AAS degree.

Associate of Applied Science degree-seeking students may apply to graduate (during the same semester) with two majors, two specialties, and students may earn more than one AAS degree. Therefore, it does include a major specialty, and students may earn more than one AAS degree. Therefore, it includes no major specialty, and students may earn only one AAS degree.

Students must apply and be accepted into each major program. Students may request a double major at the time of initial admission to UAA or add a major at a later date through the Change of Major degree process. Forms are available from Enrollment Services.

Students must satisfy the General University Requirements, the General Course Requirements, and both sets of major requirements.

Students must satisfy the catalog requirements in effect at the time of acceptance into the major(s) or the catalog requirements in effect at the time of graduation.

A double major is not applicable to the Associate of Arts Degree.

SECOND ASSOCIATE DEGREE
The Associate of Arts degree is intended to provide students with the education necessary to undertake baccalaureate degree work. Due to its general nature, only one Associate of Arts degree may be earned per student.

Students who have received an Associate of Applied Science degree from UAA and who want to obtain another Associate of Applied Science degree must:
1. Meet admission requirements.
2. Complete at least 12 resident credits beyond the previous associate degree.
3. Complete the Major Program Requirements for the second degree.
4. Maintain a cumulative GPA of at least 2.00 (C) at UAA in order to graduate. Some programs may require a higher GPA in the major.

TRANSFER STUDENTS
Students who have received a baccalaureate degree from another regionally accredited college or university and who want to obtain an associate degree from UAA must:
1. Meet program admission requirements.
2. Complete the General University Requirements but not the General Education or General Course Requirements.
3. Complete the Major Program Requirements.

BACCALAUREATE DEGREES
THE ACADEMIC MAJOR
Baccalaureate degree-seeking students select a major discipline which reflects their interests, academic talents and professional goals, and in consultation with academic advisors declare themselves to be majors in the selected discipline. Students select courses within the declared discipline, which in combination with other successfully completed University requirements, lead to a UAA baccalaureate degree. Students may declare a major, a double major, and/or an interdisciplinary major.
major. The requirements for completing specific majors are presented in detail in the section describing the programs offered by each department.

Interdisciplinary majors are described below. Students may declare their majors at any time during their academic careers but should do so before registering for courses for the junior year or applying to participate in off-campus study programs. Some departments have courses that must be passed, or standards that must be met before a student will be accepted as a major. Students are encouraged to think well in advance about possible majors and to speak with faculty about their educational interests.

Students may change their majors after consultation with the relevant departments. Declaration of major is a formal process which requires the appropriate forms and signatures. Students must follow established UAA procedures for declaring a major and for changing a major or degree.

BACCALAUREATE DEGREE REQUIREMENTS

To receive a baccalaureate degree from UAA, students must be admitted to the program and must satisfy:

- General University Requirements;
- General Education Requirements;
- School/College Requirements, if applicable; and
- Major Program Requirements.

For General Education Requirements, refer to the “General Education Requirements (GER) for Baccalaureate Degrees” section of this chapter. For School/College and Major Program Requirements, refer to the appropriate school or college section of this catalog.

GENERAL UNIVERSITY REQUIREMENTS FOR ALL BACCALAUREATE DEGREES

1. Students must earn at least 120 credits at the 100 level and above. Some degree programs require completion of additional credits.
2. Students must earn at least 42 upper-division credits, including 24 upper-division credits in residence. Some degree programs require completion of additional upper division credits.
3. Students must earn at least 30 credits in residence. In addition, transfer students must earn in residence at least 12 credits in each major field and, where applicable, at least three (3) credits in each minor field. Additional residency credit requirements, to meet program accreditation standards, may be established.
4. Students must earn a cumulative GPA of at least 2.00 (C) at UAA. They must also earn a cumulative GPA of at least 2.00 (C) in all courses required for each major and each minor. Some degree programs may require higher GPAs.
5. Students may elect to graduate under the requirements of the catalog in effect at the time of formal acceptance to a baccalaureate degree program or the catalog in effect at the time of graduation.
6. If the requirements for a baccalaureate degree, as specified in the entry-level catalog, are not met within seven (7) years of formal acceptance into the program, admission expires and the student must reapply for admission and meet the admission and graduation requirements in effect at the time of formal acceptance.
7. Students must follow established UAA procedures for declaring a major and for changing a major or degree. Students who change their major or degree must satisfy the catalog requirements for the new major or degree in effect at the time of the change.
8. No more than 30 military credits can be applied to a baccalaureate degree.
**GER STUDENT OUTCOMES**

After completing the General Education Requirement, UAA students shall be able to:

1. Communicate effectively in a variety of contexts and formats.
2. Reason mathematically, and analyze quantitative and qualitative data competently to reach sound conclusions.
3. Relate knowledge to the historical context in which it developed and the human problems it addresses.
4. Interpret different systems of aesthetic representation and understand their historical and cultural contexts.
5. Investigate the complexity of human institutions and behavior to better understand interpersonal, group, and cultural dynamics.
6. Identify ways in which science has advanced the understanding of important natural processes.
7. Locate and use relevant information to make appropriate personal and professional decisions.
8. Adopt critical perspectives for understanding the forces of globalization and diversity; and
9. Integrate knowledge and employ skills gained to synthesize creative thinking, critical judgment, and personal experience in a meaningful and coherent manner.

**PETITIONS FOR GENERAL EDUCATION AND/OR UNIVERSITY REQUIREMENTS**

Petitions pertaining to general education requirements and/or general university requirements must be processed through the Office of Academic Affairs, with final authority to deny or approve resting with the Provost. After the petition has received final approval or denial, a copy reflecting that decision will be returned to the student and advisor. Changes in course level, grading, or number of credits awarded are not petitionable. UAA courses not on the approved baccalaureate General Education List cannot be petitioned to meet a GER.
Requirements (GER) list cannot be petitioned to meet a GER. For more information, see Academic Petition section in chapter 7 of this catalog.

**GENERAL EDUCATION CLASSIFICATION**

Courses listed here as satisfying a General Education Requirement are also identified in the course description area of the catalog.

are available at Enrollment Services. Students must satisfy the requirements for graduation for each degree they expect to complete. Forms must submit a separate application for admission and application if applied for and been accepted in each degree program. Students may declare a double major at the time of initial admission to UAA or add a major at a later date through the Change of Major/Degree process. Forms are available from Enrollment Services. Students must declare a double major at the time of initial admission to UAA or add a major at a later date through the Change of Major/Degree process. Forms are available from Enrollment Services. Students must satisfy the catalog requirements in effect at the time of acceptance into the degree program(s) or the catalog requirements in effect at the time of graduation. Baccalaureate degree-seeking students must complete the General University Requirements, the General Education Requirements, School/College Requirements, if applicable, all Major Program Requirements, and at least 24 resident credits beyond each degree completed (i.e., if the first degree requires a total of 120 credits, the second requires at least 144 total credits, and the third requires at least 168 total credits, etc.).

SECOND BACCALAUREATE DEGREE

UAA STUDENTS

Students who have received a baccalaureate degree from UAA, who return and want to obtain another baccalaureate degree must:
1. Meet admission requirements.
2. Complete at least 24 resident credits beyond the last baccalaureate degree(s) awarded.
3. Complete the School/College Requirements, if applicable, and the Major Program Requirements, including any resident and/or upper-division requirements, for the second degree.
4. Maintain a cumulative GPA of at least 2.00 (C) at UAA in order to graduate. Some programs may require a higher GPA in the major.

TRANSFER STUDENTS

Students who have received a baccalaureate degree from another regionally accredited college or university and who want to obtain a baccalaureate degree from UAA must:
1. Meet admission requirements.
2. Complete the General University Requirements but not the General Education Requirements.
3. Complete all School/College Requirements, if applicable, and the Major Program Requirements.

INTERDISCIPLINARY BACCALAUREATE DEGREES

Upon completing at least 15 UAA credits, a student may develop an interdisciplinary BA or BS degree program. The proposed program must differ significantly from established degree programs and must not be a substitute for a regular degree program. Interdisciplinary degree programs are not transferable to other University of Alaska campuses.

To receive a baccalaureate degree in Interdisciplinary Studies from UAA, the student must meet General University Requirements, General Education Requirements, and School/College Requirements as applicable. Major Program Requirements are established in the interdisciplinary program plan developed by the student in consultation with an advisory committee.

An interdisciplinary baccalaureate program proceeds as follows:
1. The student develops a proposal specifying the degree (BA or BS), title, and program content, including recommendations for courses to meet General Education Requirements and School/College Requirements as applicable.
2. The student obtains an advisory committee of at least three faculty members from the appropriate academic disciplines. If the interdisciplinary degree program involves more than one school or college, the committee must include a faculty member from each.
3. The student obtains the assistance of one faculty member to chair the advisory committee and serve as the interdisciplinary degree program director.
4. The student presents the proposal for committee review and approval. If the committee supports the proposal, it is forwarded to the appropriate academic Dean(s) or Director(s).
5. The Dean(s) or Director(s) review(s) the proposal, committee membership, and recommendation for degree program director. If the Dean(s) or Director(s) approves the interdisciplinary degree program and committee structure, the degree program plan is forwarded to Enrollment Services.
6. If changes are necessary in the degree program plan, they must have written approval of the advisory committee and appropriate Dean(s) or Director(s).
7. The student works with the advisory committee and Enrollment Services to insure that all degree requirements are met.
UNIVERSITY HONORS PROGRAM

http://honors.uaa.alaska.edu

Academic Affairs, Business Education Building (BEB), Room 119, (907) 786-1086

The University Honors Program is designed to provide enhanced educational opportunities for outstanding UAA students, leading to a designation of "University Honors Scholar" upon graduation. The Honors Program is interdisciplinary and university-wide. Honors students may pursue any major and minor throughout the University, and core Honors courses will satisfy General Education Requirements.

University Honors offers smaller classes with excellent faculty, guided individual research, personalized academic advising and mentoring, special leadership and internship opportunities, community involvement, and enhanced scholarship prospects.

Admission to the University Honors Program requires completion of an additional curriculum in democratic institutions and leadership. This intensive curriculum in democratic institutions and leadership is called the "Forty-Ninth State Fellows Program." Focusing on politics, history, and Alaska, it consists of selected courses, weekly tutorials, and extracurricular activities. A limited number of students are admitted to the Honors Program and the Forty-Ninth State Fellows Program each year. Students typically apply prior to their freshman year to begin the program as they start their studies at UAA.

In addition to the University Honors Program, several departments at UAA offer departmental honors options. Students may complete both University and departmental honors requirements with dual designations upon graduation, and in some cases departmental honors courses may be substituted for or in addition to Honors requirements. In addition, students pursuing only departmental honors may enroll in some University Honors Program courses with permission of the University Honors Program Director, and on a space available basis.

ADMISSION TO THE UNIVERSITY HONORS PROGRAM

1. Admission to the University Honors Program is limited to baccalaureate degree seeking students. Admission is separate from and in addition to general UAA admission requirements.

2. Students must submit a completed University Honors Program application, including supporting documents, to the Program Office (BEB 119).

Supporting documents include (1) high school transcripts and SAT or ACT scores for incoming freshmen, (2) university transcripts and GPA for transfer students, (3) an essay on personal goals, and (4) a completed reference form from two previous teachers (either high school or college). Application packets may be obtained from the University Honors Program office.

3. In general, students applying to the University Honors Program from high school or transferring into the program with previous college-level work must have at least a 3.0 GPA, and show strong evidence of ability to reach and maintain a 3.5 GPA level at UAA within a reasonable time. However, the initial GPA entrance requirement should be interpreted as a general guideline, and not as an absolute criterion; all students who believe that they can succeed and benefit in an honors program are encouraged to apply.

4. Admission to the University Honors Program will be determined by the Honors Program Admission Committee. Admission is based on an overall evaluation of the student’s probability of success in the Program, and not on any single criterion or formula. The Committee may ask the applicant for additional information and/or suggest an interview. Applicants will be ranked, and admitted on a space-available basis. In some cases the Committee may initially grant conditional admission, which will be changed to formal admission if the student demonstrates ability to do honors work.

REQUIREMENTS TO GRADUATE AS A "UNIVERSITY HONORS SCHOLAR"

1. Students must meet all General University Requirements, General Education Requirements, School/College requirements, and major requirements as printed in the UAA catalog. Students enrolled in the University Honors Program who successfully complete the Core Honors Requirements listed in section 2 below may apply three credits toward satisfying the General Education requirement in the humanities and three credits toward satisfying the General Education requirement in the social sciences.

2. Students must complete the following University Honors Program Curriculum requirements with a grade of "C" or higher:

Core Honors Requirements:
HNRS A192 Honors Seminar: Enduring Books 3
HNRS A292 Honors Seminar in Social Science 3
HNRS A310 Community Service: Theory and Practice 3

Upper-division Honors Requirements:
HNRS A392 Honors Thesis Seminar 1
and one of the following options to total 6 credits
A. HNRS A490 Senior Honors Seminar (6 credits over two semesters)
B. A course proposed by the student, and approved by the Honors Program Director (3 credits minimum; may be an existing course or independent study)
C. An upper-division course listed in the catalog as a specific departmental honors requirement (3 credits minimum)

and
Senior thesis or project (3 credits minimum; either departmental thesis/project, or HNRS A499 Honors Thesis)
or D. Six-credit thesis/project (either departmental thesis/project, or HNRS A499 Honors Thesis).
Total University Honors Program credits required
(9 core + 7 upper-division): 16
3. Students must have earned a cumulative grade point average of 3.5 or higher, as defined under “Graduation with Honors,” in Chapter 7 of this catalog.
4. As part of the advising/mentoring process, Honors students’ progress will be evaluated every semester. Students whose performance indicates potential difficulties in meeting the Honors graduation requirements will be counseled on how to correct these difficulties, but if performance improvements do not result, the student may be removed from the Program.

FORTY-NINTH STATE FELLOWS PROGRAM
This option within the University Honors Program offers a limited number of students the opportunity for an intensive, intellectually challenging four-year undergraduate program to develop new Alaskan leaders. Forty-Ninth State Fellows study the roots of liberty in Western civilization, the founding and development of American political institutions, and the challenges of self-government in Alaska, to become knowledgeable about American and Alaskan history, politics, and cultural diversity, and familiar with the application of leadership skills and ideas.

In addition to their common curriculum, Forty-Ninth State Fellows enjoy many activities together, including opportunities for summer internships, membership in civic organizations, lectures and colloquia, weekly tutorials, and special events. Intensive advising by program faculty and staff is an important element of the option, and Fellows are required to meet regularly with advisors.

Forty-Ninth State Fellows may pursue any major they wish at the University. They take selected courses together in economics, history, and political science, as well as the required courses for the University Honors Program. Many of these courses satisfy General Education requirements (GER) at UAA and/or requirements for those pursuing degrees in the College of Arts and Sciences. Students admitted to study as Forty-Ninth State Fellows receive the designation “Forty-Ninth State University Honors Scholar” on their transcripts upon successful completion of the option requirements.

ADMISSION TO THE FORTY-NINTH STATE FELLOWS PROGRAM
1. Admission to the Forty-Ninth State Fellows Program is limited each year to a small group of baccalaureate degree seeking students. At the time of application, students are considered for admission to both the University Honors Program and the Forty-Ninth State Fellows Program. Students should meet the general criteria for admission to University Honors (Admission to University Honors Program #3).
2. Students must submit a completed Forty-Ninth State Fellows Program application, including supporting documents, to the University Honors Program Office (BEB 119). Supporting documents include (1) high school transcripts and SAT or ACT scores for incoming freshmen, (2) high school and university transcripts and GPA for transfer students, (3) a letter of application explaining their background and interests, and why they want to be Forty-Ninth State Fellows and members of the University Honors Program, (4) a short paper or essay (750-1000 words) addressing a contemporary social, political, or economic problem in Alaska, and (5) three letters of reference commenting on their academic ability and promise, one of which must be from an unrelated adult outside of high school who can speak to their skills and potential. Application forms may be obtained from the University Honors Program office or website.
3. Admission to the Forty-Ninth State Fellows Program will be determined by the Forty-Ninth State Admission Committee. The Committee may ask the applicant for additional information and/or request an interview. Applicants will be ranked and admitted on a space-available basis.

REQUIREMENTS TO GRADUATE AS A "FORTY-NINTH STATE UNIVERSITY HONORS SCHOLAR"
1. Students must meet General University Requirements, General Education Requirements, School/College requirements, and major requirements as printed in the UAA catalog.
2. Students must complete all requirements to graduate in the University Honors Program as a "University Honors Scholar," including GPA requirements and completion of an Honors Senior Thesis.
3. Students must complete the following Forty-Ninth State Fellows curriculum requirements with a grade of "C" or higher:

First-year Forty-Ninth State Fellows Program Requirements:
- ECON A201 Principles of Macroeconomics* 3
- HIST A131 History of the United States I* 3
- HIST A132 History of the United States II* 3
- HNRS A291 Sophomore Honors Tutorial (fall) 1
- HNRS A191 Freshman Honors Tutorial (spring) 1

Second-year Forty-Ninth State Fellows Program Requirements:
- HIST A101 Western Civilization I* 3
- HIST A102 Western Civilization II* 3
- HNRS A291 Sophomore Honors Tutorial (fall) 1
- HNRS A191 Freshman Honors Tutorial (spring) 1

Third-year Forty-Ninth State Fellows Program Requirements:
- HIST A341 History of Alaska* 3
- HNRS A391 Junior Honors Tutorial 1
- PS A332 History of Political Philosophy I: Classical* 3
- PS A333 History of Political Philosophy II: Modern* 3

Fourth-year Forty-Ninth State Fellows Program Requirements:
- PS A345 Alaska Government and Politics 3

* Indicates courses that can satisfy GERs and/or CAS requirements.

Forty-Ninth State Fellows ordinarily take all of the Forty-Ninth State requirements together as a cohort. Since Honors tutorials are associated with designated course sections, and other courses required by the Forty-Ninth State Fellows Program have designated sections for Fellows, Fellows must secure advice and permission from the Forty-Ninth State advisors before registering for classes each term. In some cases, classes that meet General Education requirements may be designated for Forty-Ninth State Fellows or for all University Honors students; these sections are highly recommended for Forty-Ninth State Fellows. In case of time conflicts between courses required for...
Forty-Ninth State Fellows and for other degree requirements, the program may allow Fellows to substitute sections or to take courses outside the usual sequence.

4. As part of the advising and mentoring process, Forty-Ninth State Fellows' progress will be evaluated every semester. Fellows whose performance indicates potential difficulties in meeting the requirements for the Forty-Ninth State Fellows Program or for the University Honors Program will be counseled on how to correct these difficulties, but if performance improvements do not result, Fellows may be removed from the program.

CONCURRENT ASSOCIATE PROGRAMS

DOUBLE MAJORS

Associate of Applied Science degree-seeking students may apply to graduate (during the same semester) with two majors, providing the degree program is the same for each major. For example, a student may select two areas from the approved majors within the Associate of Applied Science degree program (such as Welding and Automotive Technology).

Students must apply and be accepted into each major program. Students may request a double major at the time of initial admission to UAA or add a major at a later date through the Change of Major degree process. Forms are available from Enrollment Services.

Students must satisfy the General University Requirements, the General Education Requirements, and both sets of major requirements.

Students must satisfy the catalog requirements in effect at the time of acceptance into the major(s) or the catalog requirements in effect at the time of graduation.

A double major is not applicable to the Associate of Arts Degree.

DOUBLE DEGREES

Associate degree-seeking students may graduate (during the same semester) with two degrees provided they have applied to and been accepted in both degree programs. An Associate of Applied Science and Associate of Arts is an example of a double degree.

Students must submit a separate application for admission for each degree they expect to receive. Admission forms are available from Enrollment Services.

Associate degree-seeking students must complete the General University Requirements, the General Education Requirements for their primary program, the requirements for both major programs, and at least 12 resident credits beyond the total number of credits required for the primary degree.

Students must satisfy the catalog requirements in effect at the time of acceptance into the degree program(s) or the catalog requirements in effect at the time of graduation.

SECOND ASSOCIATE DEGREE

The Associate of Arts degree is intended to provide students with the education necessary to undertake baccalaureate degree work. Due to its general intent, only one Associate of Arts degree may be earned per student.

UAA STUDENTS

Students who have received an Associate of Applied Science degree from UAA and who want to obtain another Associate of Applied Science degree must:

1. Meet admission requirements.
2. Complete at least 12 resident credits beyond the previous associate degree(s).
3. Complete the Major Program Requirements for the second degree.
4. Maintain a cumulative GPA of at least 2.00 (C) at UAA in order to graduate. Some programs may require a higher GPA in the major.

TRANSFER STUDENTS

Students who have received a baccalaureate degree from another regionally accredited college or university and who want to obtain an associate degree from UAA must:

1. Meet admission requirements.
2. Complete the General University Requirements but not the General Education Requirements.
3. Complete the Major Program Requirements.

Subject: RE: FW: Utilizing CAPP for 12 GER Credit rules

Greg,
1. We think that this might me a possibility by fall but are still working thru it as fall requires a solution by early April.
2. CAPP is a Banner process that identifies degree requirements and it stands for Curriculum Advising and Program Planning
3. Pop Select is a Banner process where you can select individuals with a characteristic such as Bachelors program and completed 60 credits, but it is very limited
4. We have determined that even if we use a programmer that will have to use some of the functionality of CAPP to solve the GER issues and programming will not get a fall solution, programming will be a better long term solution if what we try does not work.
5. We are focusing on a solution to assist Faculty Senate in implementing a requirement that we have been given a very short window to work within.  Fall registration opens around April 10th and this process must be in place by then or we move to Spring 2007. Whatever we do, it must prevent students from registering if they have not met the requirement of completing GER’s by the time they complete 60 credits.

The 60 credit decision was not thought through and certainly it was not researched to determine how it could be implemented.  We are trying to assist.

Rick,

This seems to be good news, however, please clarify the following:

1. Will this be done in time for the start of online Fall 2006 registration on April -- as expected by the Faculty Senate?

2. What does the acronym CAPP mean?

3. What does the jargon "run a pop select" mean?

4. What ever happened to Rich Whitney's suggestion that you solve this problem permanently by hiring a programmer who is BANNER certified by Statewide. I think that the solution should be a comprehensive one, not a temporary quick fix.

Please focus on the programming problem and don't get sidetracked by worrying about the workload this may cause student advisors. This policy -- which has been in the UAA catalog for two years-- needs to be implemented next semester.

Subject: Utilizing CAPP for 12 GER Credit rules

Rick and Mary,

As I suspected, CAPP can be utilized to help identify students who have met or have not met the 12 credit GER rule. I spoke with Colleen and she said it is very capable of doing that and would be happy to come down and show our degree services staff on how to create the CAPP rules and maintain them for this process. It can be coded to also understand the transfer credit. She would just need approval from her boss to do the travel, so Mary, I will let you work with Colleen on organizing when that could occur.

She mentioned that a new process has been added where we can run a pop select identifying the students we are interested in looking at, then running that load of students through the CAPP process and getting our results. We can then utilize those results to begin assigning students the 'Completed 12 CR GER' requirement attribute and the others we could then put on hold.

FYI... I suspect that we will still end up with too many students who have not met the requirement, thus they will be put on HOLD and the advisors will not be able to handle seeing that load of students each term. So though we may have Colleen come down and create this for us, it still may be 'unreasonable' of a workload to deal with in the end, but until we can see the amount of students we are talking about, we won't be able to gauge the workload onto advisors.

There is a way to get counts according to Colleen but its not like running a quick report. I will continue to work with her on how they go about getting counts and get that to you soon.

Tom,

We just heard from Patty Linton in our department's undergraduate curriculum meeting concerning the decision over course sharing through the WICHE program. I understand that you will be traveling with Jim Liszka to a conference soon and will need to make a decision about entering an agreement with the council. Consequently, there will not be time to carry this decision through the channels of faculty governance. I am hoping you will bring this up at the GER meeting today because I think it may impact GER courses in particular, especially since all of the tier one courses are in CAS and CAS has a hiring freeze. My concern is that our ability to provide enough sections for current students is hindered by our inability to replace retiring faculty and that the movement of students to GERs at other universities may undermine our need to replace retiring faculty, increasing the need for more course sharing as time continues. I know it sounds circular, but that's how it is when
