Draft language:

Baccalaureate Degrees, (page 58, paragraph one)

Students may elect to graduate under the catalog in effect at the time of formal acceptance to a baccalaureate degree program or the catalog in effect at the time of graduation. However, a course satisfying a particular General Education Requirement (GER) in the semester in which it was completed will continue to satisfy that GER for that student even if its status has changed in the catalog under which the student graduates.

The committee correctly pointed out that it would be incorrect to include the proposed language in the section under Associate's Degrees since the associate degrees do not have GE requirements. There was also some discussion about whether the language would be better included in the section headed Age Limit of Credits (page 58) and whether the language needed to be included on page 80.
