Thesis and Project Review

Before final acceptance, all members of a student’s graduate committee, department/program chair, school/college dean, and the Graduate School dean must approve a thesis or project as required by the student’s graduate program. Changes or corrections to the thesis may be required at any of these levels. The graduate committee is primarily responsible for thesis or project evaluation, grammar, punctuation, and usage, but the department chair and college dean may also conduct reviews to monitor the quality of theses and projects and check for any overlooked errors. The Graduate School checks that format and style conform to UAA standards. Ideally, these checks should be made before the defense of a thesis or project. Thesis signature pages must be approved by the Graduate School prior to the thesis defense. In addition the Graduate School dean may review selected theses and projects in detail and does not give final approval until all required corrections are made.

Motion to Grant In-state Tuition to Out-of-State Graduate Assistants

WHEREAS the cost to university programs for Graduate Assistants from outside of Alaska is significantly higher due to the out-of-state tuition surcharge;

WHEREAS charging out-of-state tuition for Graduate Assistants discourages programs from recruiting top students and hinders programs from developing national reputations;

WHEREAS the university already grants in-state tuition for out-of-state student athletes;

WHEREAS it is common practice at other institutions to waive out-of-state tuition for Graduate Assistants;

THEREFORE, the Graduate Council resolves that UAA should grant in-state tuition rates to all out-of-state Graduate Assistants.

Motion passed unanimously by Graduate Council on Friday, February 10, 2017.
