B. Early Childhood Special Education

www.uaa.alaska.edu/coe/degrees

The MEd in Early Childhood Special Education is designed for individuals who desire initial professional preparation in early intervention and early childhood special education. The program encompasses theory, research, and practice relating to children birth to 5 years of age who experience developmental delays and disabilities. In addition to the degree, this program may also lead to an institutional recommendation for initial teacher certification or endorsement in Early Childhood Special Education-Birth to Five on an existing certificate from the Alaska Department of Education and Early Development (EED).

Student Learning Outcomes

Student outcomes for the program are based on the professional standards of the Council for Exceptional Children (CEC) located at

Council for Exceptional Children Professional Standards

http://www.cec.sped.org/Standards/Special-Educator-Professional-Preparation?sc_lang=en

Division of Early Childhood Special Education Standards

http://www.dec-sp.ed.org/About_DEC/Personnel_Standards_for_Early_Intervention_and_Early_Childhood_Special_Education

Students who complete this program will be able to:

1. Apply legal and ethical policies that affect young children with developmental delays and disabilities, families, and programs for young children.
2. Use intervention strategies with young children having developmental delays and disabilities and their families that affirm and respect family, cultural, and linguistic diversity.
3. Develop and apply instructional practices based on knowledge of the child, family, community, and the curriculum.
4. Design, implement, and evaluate environments to assure developmental and functional appropriateness.
5. Assess the development and learning of young children with developmental delays and disabilities and use that information to direct intervention.
6. Critically analyze and apply principles of research in the area of early childhood special education.

Admission Requirements

1. Satisfy Admission Requirements for Graduate Degrees at the beginning of this chapter and Admission Requirements for Master of Education degrees at the beginning of this section.
2. Provide transcripts documenting a GPA of 3.00 in most recent 30 credits.
3. Submit a resume documenting experience in early childhood special education, early childhood education or a related field. Students without the experience may be required to take additional coursework and enter the program on a provisional admission status.
4. Submit a goal statement on career goals and how they relate to the MEd program.
5. Submit three letters of recommendation or rating forms from professional references, including one from a supervisor.
6. Participate in an interview if requested by the department.
7. Submit copies of applicable licenses, certificates, or other professional credentials.

Re: Draft Academic Program Suspension and Deletion Policies and Cover Memo Template

Currently, UAA has no formal policies on academic program suspension or deletions. Our offices need to be able to give guidance to programs considering suspensions or deletions. The attached draft policies are designed to provide this guidance and address accreditation and Board of Regents requirements.

Input from the Policy Advisory Committee, the academic deans, and community campus directors have been incorporated into this draft, and we are submitting it to the academic boards for consideration.

The policies are designed to apply to a variety of purposes for program suspension and deletion, such as addressing temporary circumstances, making major program revisions, or deleting programs which have been suspended for several years.

We look forward to receiving your feedback on the draft.

Academic Program Suspension and Deletion Policies

When planning to suspend or delete an academic program, a number of considerations must be addressed to comply with the policies of the University of Alaska (UA)¹ and the Northwest Commission on Colleges and Universities (NWCCU).² These considerations include, but are not limited to, the impact on students currently enrolled in the program, the impact on the community in which the program is offered, and the impact on other academic programs in the University of Alaska System.

Academic Program Suspension of Admissions

There are a variety of reasons why program faculty and academic deans/campus directors consider suspending admissions to an academic program. These may include, among others, temporary circumstances (e.g., insufficient faculty to meet substantial enrollment increases), planned major revisions to the program (e.g., deleting a track or changing the degree level), or potential program deletion (discussed in greater detail in the next section).

Steps for Program Suspension (*see Diagram 1*)

1. **Program Suspension:** Academic dean/campus director submits a memo to the provost requesting suspension of admission.³ Requests for suspension should indicate the implementation date, reason for the suspension, planned duration, and identification of impacts on other UAA programs or departments. By the conclusion of the fifth year of suspension, programs must reinstate admission, request extension of suspension, or initiate the deletion process.
 - a. For programs offered on a community campus, the applicable academic dean or campus director (as determined by the UAA Catalog chapter in which the program is published) should be notified prior to the suspension of the program. For programs offered on multiple campuses, each applicable dean or campus director should be notified prior to suspension of the program.⁴
2. **UA System and Accreditation Notification:** Following the approval of program suspension by the provost, Academic Affairs will notify the Statewide Academic Council (SAC) and Northwest Commission on Colleges and Universities (NWCCU). Program suspensions require *notification* to these bodies, not approval.
3. **Administrative Logistics:** The following are non-curricular considerations for program deletion.
 - a. The provost has final approval authority for program suspensions. Once approved by the provost, the request is forwarded to the registrar to formally suspend admissions. The chancellor is notified of the action before notification goes to SAC and the NWCCU.
 - b. Personnel implications will be addressed in accordance with applicable collective bargaining agreements and personnel policies and regulations. Program funds will be assigned to other department, college, or institutional priorities through established processes.

² NWCCU Operational Policy A-2: Substantive Change

<http://www.nwccu.org/Standards%20and%20Policies/Operational%20Policies/Policy%20A2/Operational%20Policy%20A2.htm>

³ Decisions to limit enrollment or admission to a program are administrative decisions that do not require completion of this approval process.

⁴ In addition to addressing the potential impact of a program suspension on related academic units, this coordination provides an opportunity for the academic deans and campus directors to identify areas in which the units may work together to support the program planned for suspension.

Diagram 1: UAA Degree and Certificate Suspension Approval Process

Academic Program Deletion

Program deletions may be initiated for a number of reasons. These may include, among others, low enrollment, few graduates, or changing job markets. After a period of suspension, and in conjunction with evidence collected from within and outside the institution, a decision can be made to modify, eliminate, or supersede the existing program with one more relevant. Considerations should include the impact on students currently enrolled in the program, on directly related employment sectors, and on other related departments within the university.

Steps for Program Deletion (*see Diagram 2*)

1. **Program Suspension:** Following the process described in the Program Suspension Policy, the academic dean/campus director submits a memo to the provost requesting suspension of admissions into the program, to ensure that no new students are admitted into the program until the final determination is made. Requests for suspension should indicate the implementation date, reason for the suspension, planned duration, and identification of impacts on other UAA programs or departments. By the conclusion of the fifth year of suspension, the deletion process must be initiated.
 - a. For programs offered on a community campus, the applicable academic dean or campus director (as determined by the UAA Catalog chapter in which the program is published) should be notified prior to the suspension of the program. For programs offered on multiple campuses, each applicable dean or campus director should be notified prior to suspension of the program.⁵
2. **Consultation with Academic Affairs:** To initiate the program deletion process, consultation with OAA must occur. This consultation will include a discussion of the process and an overview of the templates required for program deletion. *OAA may waive or modify this requirement where appropriate, such as a program which has been suspended for more than five years with no currently enrolled majors.*
 - a. The process will address the rationale for the proposed deletion, the demand for the program, the impact and implications on academic departments in UAA and other Major Academic Units (MAUs), impacts on external stakeholders, the financial status of the program, and potential options to resolve the concerns which led to the proposed deletion.
 - b. If the decision is to delete the program, programs must accommodate all currently admitted students with a completion plan that meets each student's catalog deadlines and requirements. This completion plan should outline the timeframe and priorities for resources to accommodate completion of students impacted by the proposed program deletion.
 - c. Proposals to delete programs offered on multiple campuses or through collaborative arrangements between two or more academic units should be coordinated with the academic deans and campus directors of the relevant program as is appropriate to their situations.
3. **Development of Proposal to Delete or Modify Program:** This proposal should be developed using the established curriculum approval process.⁶ If the department decides to modify the existing program, or to supersede it with a new program, the curriculum is developed as a *program change* so that deletion of the existing program and initiation of its replacement are approved simultaneously.
4. **UA System and Accreditation Approval:** Following the internal curriculum approval process, Academic Affairs will work with program faculty to submit program deletions for approval by the Statewide Academic Council (SAC), Board of Regents, and Northwest Commission on Colleges and Universities (NWCCU).
 - a. *Note: Authority to approve deletion of Occupational Endorsement Certificates and Workforce Credentials is delegated to the chancellor, and does not require action by SAC or the Board of*

⁵ In addition to addressing the potential impact of a program suspension on related academic units, this coordination provides an opportunity for the academic deans and campus directors to identify areas in which the units may work together to support the program planned for suspension.

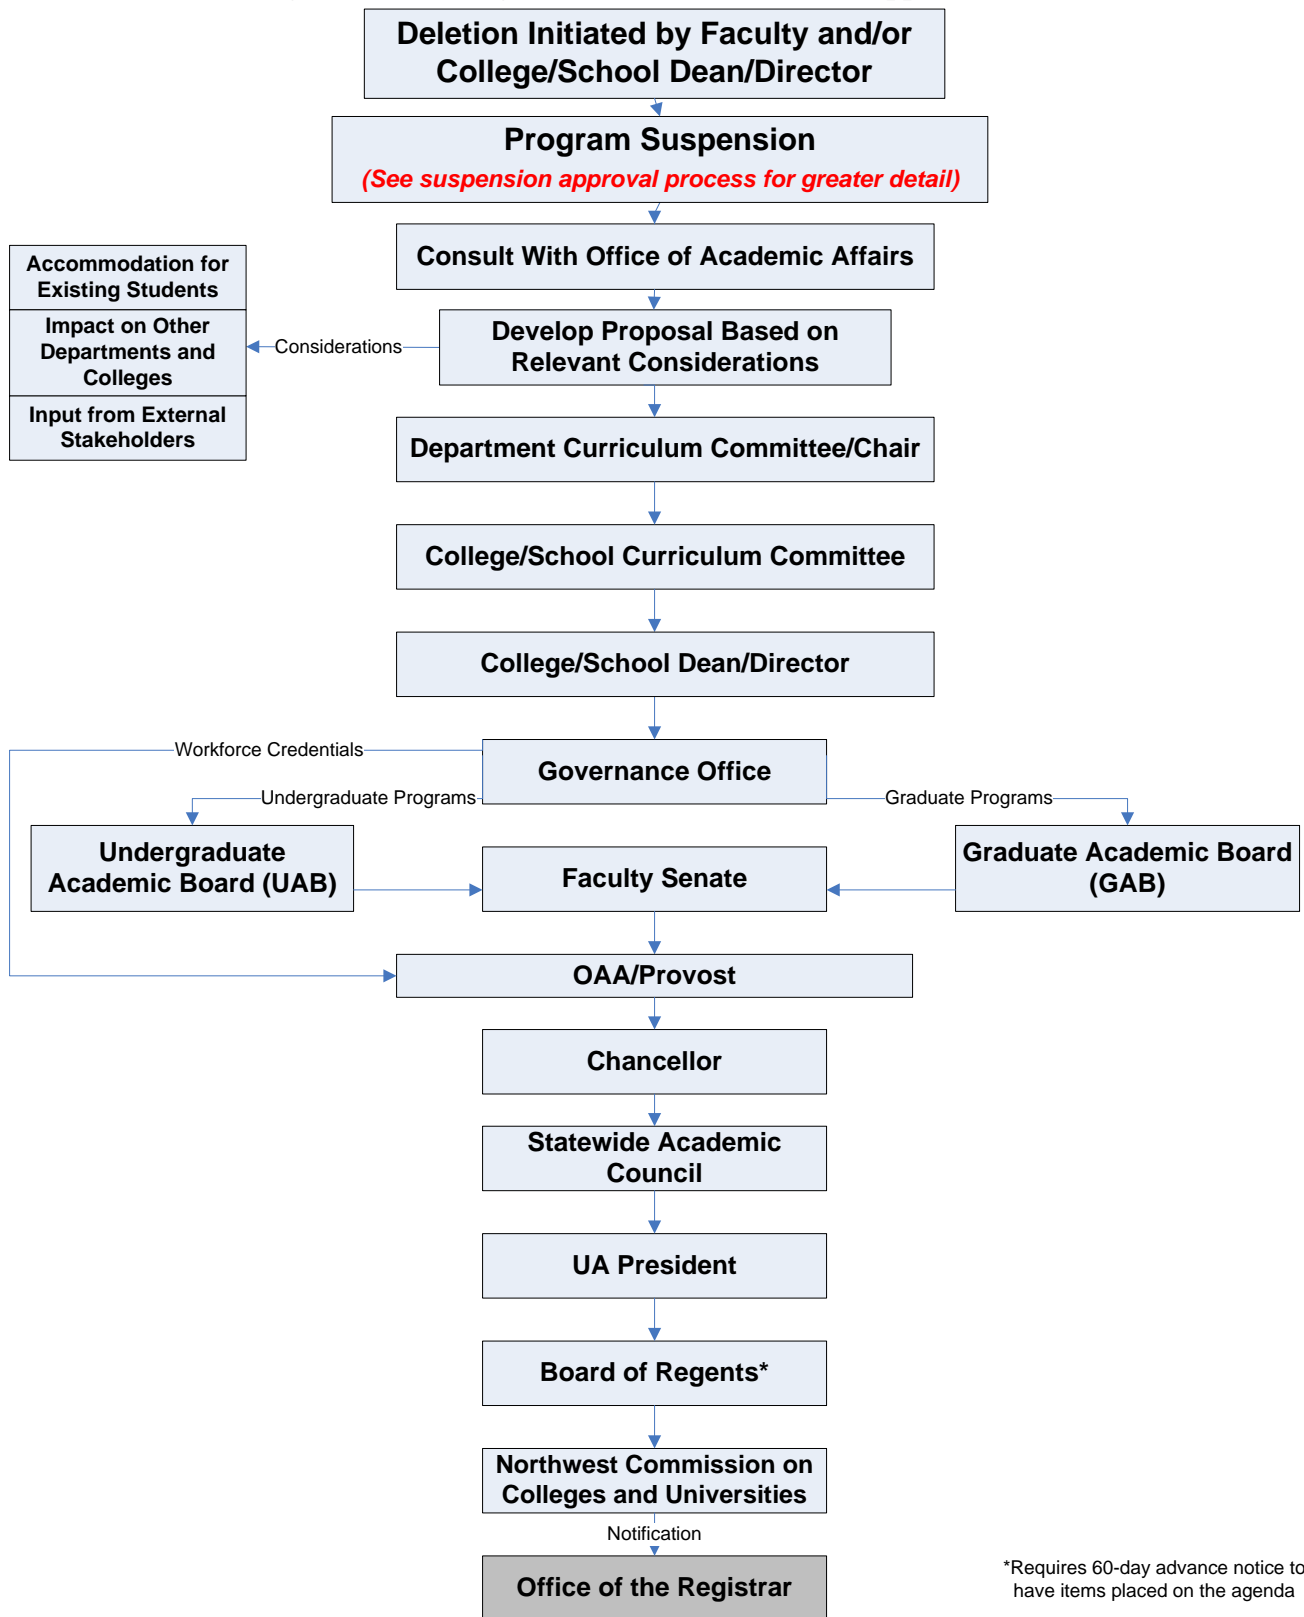

⁶ See the Curriculum Handbook on the Governance site <http://www.uaa.alaska.edu/governance/>

Regents.⁷ These program deletions should be submitted to SAC for notification purposes and to the NWCCU for final approval.

5. **Administrative Logistics:** The following are non-curricular considerations for program deletion.
 - a. **Program Deletion from Banner:** When the program is deleted in Banner, students may no longer remain enrolled in the program, and the degree or certificate cannot be awarded. This administrative deletion will be postponed until there are no enrolled students in the major through graduation or expiration of admissions. Once approved by the NWCCU, the registrar will be notified to formally delete the program.
 - b. **Personnel and Budget:** Personnel implications will be addressed in accordance with applicable collective bargaining agreements and personnel policies and regulations. Program funds will be assigned to other department, college, or institutional priorities through established processes.
 - c. **Decisions Relative to Departments and Divisions:** This policy applies exclusively to academic programs. Decisions relative to departments and divisions will be managed within the college and institution through established processes.

Diagram 2: UAA Degree and Certificate Deletion Approval Process

Definitions

Academic Program: A specific degree, certificate, or minor approved by the Board of Regents (BOR) and/or the Northwest Commission on Colleges and Universities (NWCCU), such as a Bachelor of Arts in English. Program levels include occupational endorsement certificates, undergraduate certificates, associate degrees, baccalaureate degrees, post-baccalaureate certificates, graduate certificates, master's degrees, and doctoral degrees.

In some cases, a portion of an academic program (such as one of two tracks) may be suspended or deleted while other portions of the program remain available.

Program Suspension: While decisions relative to the program are made, admissions to the program are suspended. There are a variety of reasons for suspension. These may include, among others, temporary circumstances (e.g., insufficient faculty to meet substantial enrollment increases), planned major revisions to the program (e.g., deleting a track or changing the degree level), or potential program deletion. Program suspension requires notification to the Statewide Academic Council (SAC) and NWCCU.

Program Deletion: Program is scheduled for deletion, a teach-out process will be developed and communicated to majors, and the program will remain in the catalog until the teach-out process is complete. When program deletion is final, the program is no longer listed as an academic program, and no students may graduate or remain enrolled in the program. Program deletion requires approval by BOR and NWCCU.

Approval: The relevant decision making authority grants approval for the requested program action. The action cannot proceed until this approval has been received.

Notification: The relevant individual or body is notified of the approved program action. The body being notified does not have decision making authority over the action.

Re: Proposed Deletion of (Program Name and Degree or Certificate Level)

Please briefly address each of the following items. Please mark “not applicable” for any items which do not apply to the program. This cover memo should be no longer than one page.

Program Background: How long has the program been offered? If admission is currently suspended, please indicate the length of the suspension.

Justification for Program Deletion: Why is this program deletion proposed? Some examples might include enrollment trends, employment data, or shifting priorities within the department, school, or college.

Impact on Other Programs: How will the deletion affect other UA programs? Please include the GERs, programs on other campuses, and programs whose requirements include courses offered within the program proposed for deletion. How have you coordinated with those departments?

Impact on Students:¹ How many students are currently enrolled (admitted to the program and taking classes)? How many students are currently admitted (admitted to the program but not currently taking classes)? How does the department plan to accommodate those students?

Impact on Stakeholders: Describe any input received from relevant stakeholders, such as industry advisory groups or communities served.

Plans for Program Deletion: What is the planned timeline for the deletion? Will the deleted program be replaced by a new or modified program?

This cover memo should accompany the Program Action Request (PAR) form submitted to curriculum bodies for program deletions. Catalog copy does not need to be submitted with program deletions.

This template is intended to meet the needs of the UAA curriculum bodies. Initiating faculty should contact Academic Affairs for assistance with the forms and approval processes for the Board of Regents and Northwest Commission on Colleges and Universities.

¹ Please contact the Office of the Registrar (786-1560) for assistance identifying these data.

Re: Concentrations, Tracks, Options, and Emphasis

Issue

Overtime more and more departments have added a concentration, track, option, or emphasis to their programs of study. Additionally, several programs have expressed the desire to indicate these on student transcripts and/or diplomas. In order to respond to the faculty, the Registrar's Office first needs to better understand how these different terms are being applied at UAA.

Since currently we are unable to determine standard definitions or accepted requirements for these terms, I am asking the UAB, GAB, and the college curriculum committees for information about how they determine the appropriateness of one term over another. In addition to the decision making criteria of the particular boards and committees, I will appreciate any information you can gather from the different programs within your college.

What I need

I would appreciate feedback on the following:

- Is there a standard definition you have for
 - Concentration
 - Track
 - Option
 - Emphasis
- When do you use each? Is there certain criteria you look at?
- Are there implications associated with these terms that are tied to department accreditation?
- What else should we know that we aren't asking?

If you have information on this that you would like to share I ask that you email me or if you prefer I would be happy to come to a future college curriculum meeting to listen and take notes. I would appreciate having this information before the end of this term (April 26).
