X. Informational Items and Adjournment:
UAB Values Statement

It is the intent of this document to state the shared values and priorities of the Undergraduate Academic Board. We believe that this is an opportunity to discuss our core beliefs and to share them with our faculty colleagues. In doing so, we hope to reflect the significance and importance of our faculty colleagues, whose work creates the university.

We also believe that this delineation of our values and priorities, as well as our procedures and processes will ensure that we work in a way that reflects those values, honors our faculty colleagues, builds trust, and contributes to the excellence of the university.

At the same time, we believe that in order to be responsive to a changing university, UAB needs to be flexible and adaptive to needs and circumstances as they arise.

While we envision the values of the Board to be relatively stable, we believe that an ongoing conscious consideration of our values, priorities, and processes ensures that we continue to work in a way that reflects those values and priorities. Therefore, it is our intent that this document be a flexible and adaptable guideline for the priorities, procedure, and processes of the Undergraduate Academic Board.

Reflection Questions

- What values do you believe are essential for the university?
- How will your work as a member of UAB reflect those values?
- When you have a difficult decision to make, will you be able to support these values?
- How will you ensure that you are modeling these values at Board meetings?
- We always want the faculty to be able to say ________ about the way we do our work.
UAB Values

UAB Values Statement:

The Undergraduate Academic Board is dedicated to a shared, rigorous, open, and critical inquiry of curricular excellence in a collegial framework that fosters intellectual vitality and creativity.

UAB values are grounded in both academic integrity and process integrity.

Academic integrity encompasses the values of inclusiveness and innovation, as well as intellectual excellence, rigor and vitality/currency/relevance.

Process integrity includes the values of inclusiveness, fairness and transparency, as well as collaboration, honesty, respect and constructive feedback.

UAB Priorities, Procedures and Processes Statements

• The purpose of the priorities, procedures and processes statements is to clarify and support the values statement, to show the values at work.

• It is a priority of the Board to represent the academic values of our peers across the University, including the community campuses.

• We endeavor to serve UAA’s diverse and intellectually curious faculty in the creation of opportunities for student success.

• In our efforts to both represent and support our peers, it is our goal to work collaboratively with faculty initiators and to offer respectful and constructive feedback as we review curriculum, programs, and policy changes or adoptions.

UAB Priorities

Institutional

• Accreditation: UAB works with the Office of Academic Affairs on accreditation.

• UAB’s curricular review processes directly support Teaching and Learning (UAA’s Core Theme #1) as well as Student Success (UAA’s Core Theme # 3).

• Academic policy changes and/or adoptions: UAB works with the Office of Academic Affairs and the University Registrar on academic policies and procedures.
• Curriculum coordination: UAB works with the Governance Office, the Office of Academic Affairs, the Graduate Academic Board, the Academic Assessment Committee, the College Curriculum Committees, and Department Curriculum Committees and Chairs.

Board specific Priorities

• Curricular excellence

  Intellectual vitality requires that course offerings remain current with advances and discoveries in the scientific, humanistic, and artistic disciplines associated with undergraduate degrees offered at UAA.

  o Curriculum currency and vitality

  o Rigorous, open and critical review of curriculum

• Collaboration

  Faculty members are the core of the institution and their work on curriculum development is among the most significant work of the university. It is a goal of UAB to inform and facilitate the development of excellent curriculum.

  • Create a seamless process to help faculty initiators navigate the UAA curriculum process

    o Seek ways to minimize “paperwork” response to UAB by approving CAR/CCGs with minor changes so that the documents move forward rather than making them return to the Board.

• Transparency

  Be clear and consistent in both stating and following the Board’s procedures and processes.

• Academic policy

  UAB is the core of academic policy development and is at the forefront of changes in academic policy and programs. As the university grows and changes, UAB is privileged to guide faculty in developing and integrating programs into the curriculum.
It is the goal of UAB to contribute to and support excellence in the university. At the same time that UAB oversees the development of programs, it is also oversees the deletion of programs as the university evolves.
