Message from the Acting Vice Chancellor

Ben Morton, Dean of Students

This was a remarkable year for the division of Student Affairs and I was very pleased to be afforded the opportunity to serve in a leadership role. Together, as a division, we took steps toward the future of student affairs here at UAA, strengthened our commitment to student support, enhanced our student leadership programs, deepened our focus on belonging and community, grew enrollment in multiple sectors and celebrated high levels of student engagement across our campus.

None of this was by accident—it happened because we showed up with purpose, passion, and the belief that what we do is important. It happened because we believe that student affairs plays a critical role in our students' curricular and co-curricular experience. And, in doing this work, we understood that it is not just about programs and services—it is about relationships. We want every student who comes to UAA to know that they are investing their time and resources in a community that believes in them.

As we look to the challenges and opportunities that are in front of us, let's seek to enrich our students' UAA experience through programs and services focused on the mission of our university and continued process improvement. Let's continue to celebrate each other's wins, carry each other's burdens, and recognize the role student affairs plays here at UAA. And, maybe most importantly, let's encourage each other and our students to continue to inspire us with their passion, creativity and commitment to building a vibrant UAA campus.

This report highlights the achievements and innovations that have defined our work over the past year, and it reflects the dedication of our team who made it all possible. I have deep gratitude for the journey that we have shared together this past year and believe firmly that what lay ahead for the division of Student Affairs, UAA and our students will continue to be fantastic!

With sincere gratitude,
Ben Morton, UAA Dean of Students

Office of Student Affairs

Mission

Comprising the Vice Chancellor for Student Affairs (VCSA) and the VCSA's support staff, the Office of Student Affairs provides leadership and guidance for the entire division. The Office of Student Affairs support departments by providing fiscal oversight and assistance with assessment and professional development needs.

Core Functions

- Assessment and reporting
- Budget oversight
- Professional staff development
- Research and data analysis
- Student Affairs leadership and strategy
- Website, technology, and communications support

“

I've had a fantastic experience at the UAA Enrollment Center! Everyone I've interacted with has been incredibly friendly and helpful. When it comes to communication, they're quick to respond to both emails and calls. The international enrollment team truly goes the extra mile to assist with any questions, ensuring a smooth and seamless process. Every inquiry is met with patience and clear explanations, and the computer visuals they use really help make everything easier to understand. A special shoutout to Joe, who took the time to walk me through everything as a beginner. It's a positive, stress-free environment, and I've never encountered anyone there who wasn't eager to help. Highly recommend!

College Assistance Migrant Program

Mission

The College Assistance Migrant Program (CAMP) at the University of Alaska Anchorage empowers students from migrant and seasonal work backgrounds, equipping them with the academic, financial, and social foundations to confidently transition into and excel in higher education. Our mission is to cultivate academic achievement, foster transformative personal growth, and build a thriving, interconnected community of migrant scholars at the University of Alaska Anchorage.

Core Functions

- Financial empowerment
- Seamless transition to college
- Personalized academic advancement
- Strategic career and college navigation
- Vibrant community and connection
- Holistic health and wellbeing

Signature Programs

- Family Welcome
- Two-Day Orientation Program
- End-of-Year Celebration

The **College Assistance Migrant Program (CAMP)** supports students who are migratory or seasonal farmworkers, or the immediate family members of such workers, during their first year of undergraduate studies at UAA. The program enhances students' academic experiences by providing academic coaching, regular one-on-one meetings with CAMP staff, and a variety of social, educational, and cultural programming. CAMP also connects students with resources designed to support their retention and success throughout their first year.

The CAMP grant launched during the 2024–2025 academic year with the hiring of staff to establish and support the program. Throughout the year, staff focused on recruiting students, developing program initiatives for the 2025–2026 academic year, and partnering with TRIO to support the Summer Bridge program. During this initial year, staff successfully recruited more than 25 students to participate in CAMP and awarded scholarships to students who chose to begin coursework during the summer semester.

“ My time at UAA has been deeply shaped by the sense of community and belonging I’ve found within the campus.

Being part of various student organizations and clubs has connected me to people who share similar passions, while also introducing me to perspectives that are different from my own. These connections have made UAA feel less like just a school and more like a place where I truly belong.

There’s something empowering about knowing you’re not navigating your challenges alone, whether it’s the late-night study sessions with friends or the guidance from mentors who have become more like family. In moments of doubt, these relationships have kept me grounded, reminding me of the bigger picture and encouraging me to push through the tough times.

More than just academic growth, these connections have allowed me to develop emotionally and socially, helping me grow into a more confident and compassionate individual.

The feeling of being part of something larger than myself has truly transformed my UAA experience.

~ Nader Munye

Community & Belonging

Mission

Community and Belonging comprises Multicultural Student Services (MSS) and the Pride Center (PC). UAA is committed to uplifting students with marginalized identities through fostering a sense of community and belonging, co-creating meaningful engagement for holistic student development. We strive to challenge societal norms through collective impact.

The Community & Belonging team is deeply committed to supporting the needs of the many UAA student communities. Our department oversees two centers on campus and a number of programs that are dedicated to fostering community engagement. Multicultural Student Services and the Pride Center celebrate the cultural assets of students with marginalized identities and work to transform societal barriers to build a campus community where all students can thrive as their full authentic selves.

Core Functions

- Academic success and personal development programming
- Cultural programming
- Student advocacy
- Student retention and graduation promotion

Signature Programs

- Multicultural Student Services in Rasmuson Hall
- The Pride Center in the Student Union Hub
- Identity-based Affinity Programs
- Connect Events
- Affinity-based Graduations and Celebrations

“The community I found in MSS and the Pride Center have made me into the person I am today. MSS was one of the first places I felt truly safe in for a long time. Then, seeing how hard people worked to establish the Pride Center and how the community pitched in to make it what it is today, made me proud. I found a community that supports me, not despite who I am, but because of it.

Student Union

The UAA Student Union is the living room of the University. It is a place where students can gather, grab a meal, study, relax, or just grab a coffee on their way to classes. The Union has a number of popular meeting spaces for students, UAA faculty and staff, and the Anchorage community.

Core Functions

- Student Union operations and facilities management
- Creating spaces that enhance the student experience
- Serve as a campus partner, bridging connections between students, departments, and the community

Signature Programs

- Seawolf Grounds
- Student Union room reservations
- UAA Esports
- Crafts Fair

By the Numbers

326,224 **entries** recorded into the Student Union from July 1, 2024 to June 30, 2025. This was an **increase of 34,358** (11.7% increase) over the same period in the previous year.

Testing Center

UAA has two testing centers, one on the Anchorage Campus and another serving the military at Joint Base Elmendorf-Richardson. These centers provide secure, proctored examinations for UAA students and staff seeking professional certifications or college credit through testing. The Anchorage center provides testing services for the broader public community, including college entrance exams for high school students.

Core Functions

- Secure testing facility
- Licensure and certification examinations
- College credit through testing programs
- Academic exams for those who may need alternative testing times or dates

Signature Programs

- CLEP
- DANTES
- FAA
- ACT/SAT (Anchorage)
- GED

“ When I first started at UAA I didn't interact much with anyone but after finding the Pride Center and MSS I find it a lot easier to make new connections and meet like minded people who have been through similar things I have.

~ Theo Glore

“ Community and Belonging, in particular MSS has made a space for me to feel comfortable in my identity on campus which has helped me feel more supported in my beliefs and practices.

~ Frederic Lacsina

“ Thank you for your help and support, I'm about to go in for a job interview and your guidance helped relieve some of the stress throughout the process :)
