Topic: “Procuring Necessary Protections for Afghanistani Refugees in Pakistan”

The United Nations Security Council,

Recalling that as many as half a million Afghanistanis may flee their homeland within the year, according to the United Nations High Commissioner of Refugees (UNHCR),

Concerned that 1.4 million Afghanistani refugees have already fled to Pakistan,

Deeply worried that the quality of housing and care provided there may not be in line with international standards and the Universal Declaration of Human Rights,

1. Authorizes the UNHCR to investigate the refugee camps in Pakistan to ensure the highest standards of treatment and care are provided;

2. Strongly condemns any mistreatment or abuse of refugees, or failure to meet the standards established in the Universal Declaration of Human Rights due to corruption or lack of concern;

3. Dispatches 500 UN Peacekeepers to protect UNHCR representatives and enforce the above directives;

4. Graciously accepts 10 million USD from Amnesty International to fund the above investigation.
