Notes

[1]Some of these courses have prerequisites or require a placement exam prior to registration. Please see an advisor for assistance.

[2]Program Electives: BADA A330: Database Systems, BADA A470: Business Analytics, Data Science, and Machine Learning, and BADA A490: Advanced Topics in Management Information Systems (See below for approved A490 course titles.)

Approved course titles include **Data Visualization using one or more of the major software/tools such as Python, Tableau, R, Spotfire, and Power BI.** All other course titles must be approved by the student's academic advisor.

A minimum of 18 Credits are required to receive this OEC degree from the University of Alaska Anchorage.

A grade of C or better is required for all major requirements.

This is a suggested sequence for taking courses and is not intended to take the place of the program requirements listed in the UAA Catalog.

The University of Alaska is an Equal Opportunity/Equal Access Employer and Educational Institution. The University is committed to a policy of non-discrimination against individuals on the basis of any legally protected status.
