Winter Maintenance

Presented by Bob Anderson

Abstract: The presentation will provide an overview of winter maintenance performed by the Alaska Department of Transportation & Public Facilities (DOT&PF). Mr. Anderson will address work in the DOT&PF's Central Region, which covers the Municipality of Anchorage, Matanuska-Susitna Borough, Kenai Peninsula Borough, and other southcentral Alaska communities. DOT&PF Central Region personnel maintain about 4,630 road lane miles and around 570 runway lane miles. Included are 70 airports and 206 public buildings.

Biography: Mr. Anderson is the Chief of Maintenance and Operations for Central Region at the DOT&PF. Previously he served as a Construction Project Manager. He has extensive experience working for contractors and consultants overseeing construction projects.
