
Jennifer M. Lincoln, PhD, CSP

May 2014

4230 University Dr.
Anchorage, AK 99508

Telephone: 907.271.2383
E-mail: jlincoln@cdc.gov

Education

2006	Doctor of Philosophy, Health Policy and Management	Johns Hopkins University Bloomberg School of Public Health
1997	Masters of Science, Environmental Quality Science	University of Alaska Anchorage
1991	Bachelor of Science, Environmental Health Science	Indiana State University
1996	Certified Safety Professional	

Work Experience

January 2012-present

Director, Alaska Pacific Office, National Institute for Occupational Safety and Health (NIOSH)

- Provide leadership and overall program management for the NIOSH Alaska Pacific Office which focuses on preventing of traumatic injuries among high-risk workers in Alaska and nationally in the commercial fishing industry.
- Establish goals, objectives and priorities and monitors achievements for the office.
- Direct, coordinate, and exercise supervisory and management duties over 11 person staff which includes Epidemiology, Engineering, Health Communications and Administrative Teams.
- Manage the Office budget.
- Represent APO's scientific and public health expertise at meetings including national, international, regional, and local occupational, safety, and public health partners.

April 2007-December 2011

Deputy Director, Alaska Pacific Office, NIOSH Alaska Pacific Regional Office.

- Planned and directed diverse everyday activities including surveillance and prevention activities. Supervised eleven full-time professional staff and manage the budget.
- Represented the Director at professional/scientific meetings and with NIOSH senior leaders.
- Served as **Associate Director for Science** for the office. Established clearance processes for all scientific and worker products produced by the APRO.
- Served as **Project officer** for the NIOSH Commercial Fishing Safety Research and Design Program. This program consists of 6 projects including surveillance activities, designing injury interventions, designing engineering controls, and evaluating safety devices and policies such as safety regulations and fisheries management policies.

September 1998-April 2007

Occupational Safety and Health Specialist IV, NIOSH Alaska Field Station

- Served as project officer for the Injury Prevention in the Commercial Fishing Industry Project.
- Maintains the Alaska Occupational Injury Surveillance System (AOISS)

January 1992-August 1998

Occupational Safety and Health Specialist II&III, NIOSH Alaska Field Station

- Conducted surveillance activities to identify risk factors for traumatic occupational fatalities
- Served as the database manager for the AOISS.
- Formulated interventions to prevent traumatic work related injuries
- Presented and published results of investigations
- Conducted research on specific public health problems in Alaska related to injuries.

Summer 1989 and Summer 1990

Commissioned Officer Student Training and Extern Program

NIOSH Division of Safety Research Morgantown WV

Indian Health Service, Alaskan Native Tribal Health Consortium, Anchorage Alaska

Professional Activities

Teaching and Mentorship

Committee Member: Devin Lucas, PhD: Defended Feb 2014

Site Supervisor, MPH Practicum: Carly Miller, University of Washington--August 2013

Primary Supervisor

LT Laura Springer US Coast Guard—Industry training, 2011

Paul Anderson—Epidemic Intelligence Service Officer, 2008-2010

Hillary Strayer—Public Health Prevention Specialist Fellow, 2008-2010

Rebecca Noe—Epidemic Intelligence Service Officer, 2004-2006

Project Supervisor

Margaret Grennell—Public Health Associate Fellow, 2014

Brian Yablon—Epidemic Intelligence Service Officer for State of Alaska, 2013-2014

Frank Okyere—Public Health Associate, 2013

Advanced Notice of Proposed Rulemaking on Fishing Vessel Safety– Docket USCG-2003-16158, 2009

Notice of Proposed Rulemaking on Hazardous Navigation Areas– Docket USCG 2008-1017, 2009

Jennifer Lincoln, NIOSH “Commercial Fishing Vessel Safety” Testimony for the Committee on Transportation and Infrastructure, Subcommittee on Coast Guard and Maritime Transportation, United States House of Representatives. April 25, 2007.

Selected Honors and Awards

2012- Bullard Sherwood Award for Research to Practice. Reducing Fatalities due to Falls Overboard

2011- Lifesaver Award—National Fishermen. NIOSH Commercial Fishing Safety Research Program

2010- NIOSH Directors Award for Extraordinary Intramural Science-- Early Career Scientist

2008- CDC Directors Innovation Award. Preventing Winch Entanglement Injuries on Fishing Vessels

2008- Bullard Sherwood Award for Research to Practice, Honorable Mention. E-stop development

2008- US Coast Guard Meritorious Public Service Award—In recognition of Notable services that have assisted greatly in furthering the aims and functions of the USCG.
