

HUMAN SERVICES STUDENT POPULATION

The following graphs describe the student population and demographics for the Department of Human Services at the University of Alaska, Anchorage for the Associate of Applied Science (AAS) and Bachelor of Human Services (BHS) degree programs through the 2018 – 2022 academic years. Charts and figures were compiled by the Department of Human Services from reports provided through the University of Alaska’s Institutional Research (IR) data, ([public IR-reports](#)).

Human Services Degrees Awarded

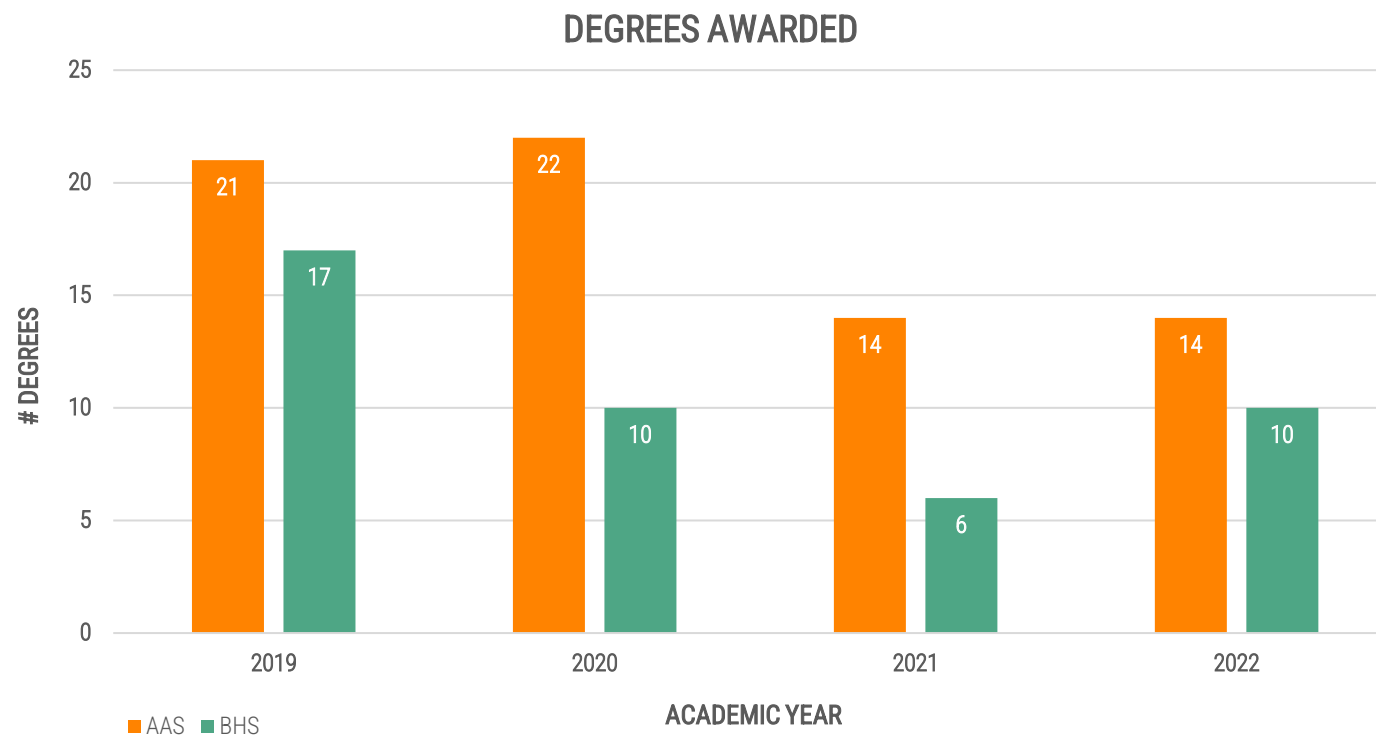

Figure 1. Human services (HUMS) degrees awarded for the associate and bachelor’s degree for the 2019 to 2022 academic years (AY). For the 2019 AY, 21 Associate of Applied Science (AAS) and 17 Bachelor of Human Services (BHS) degrees were awarded. For the 2020 AY, 22 AAS and 10 BHS degrees were awarded. For the 2021 AY, 14 AAS and 6 BHS degrees were awarded. For the 2022 AY, 14 AAS and 10 BHS degrees were awarded.

Human Services Majors – AAS and BHS

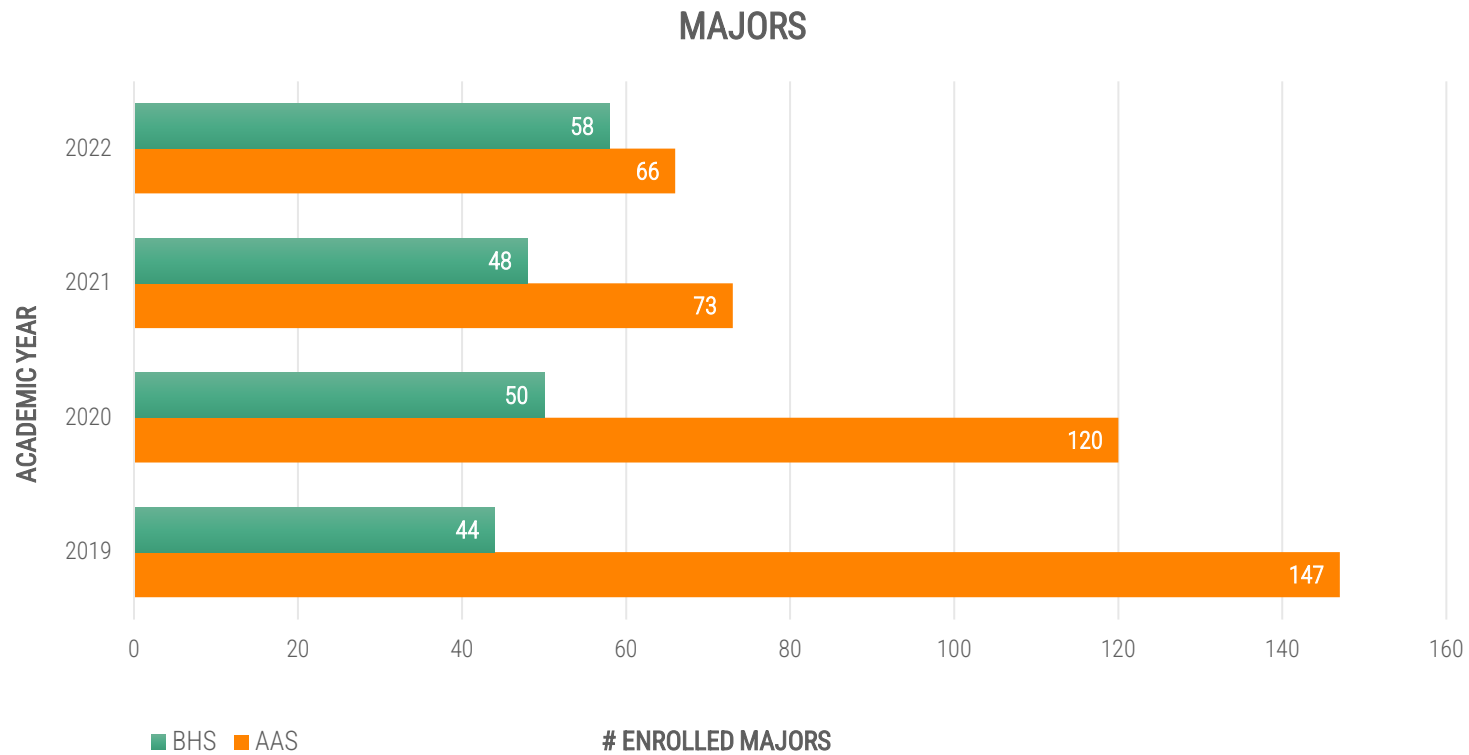

Figure 2. Human Service (HUMS) associate and bachelor's majors enrolled in the Dept. of Human Services program for the 2019 to 2022 academic years (AY). For the 2019 AY, 147 Associate of Applied Science (AAS) and 44 Bachelor of Human Services (BHS) students were declared as HUMS majors. For the 2020 AY, 120 AAS and 50 BHS students were declared as HUMS majors. For the 2021 AY, 73 AAS and 48 BHS students were declared as HUMS majors. For the 2022 AY, 66 AAS and 58 BHS students were declared as HUMS majors.

Student Population - Race and Gender

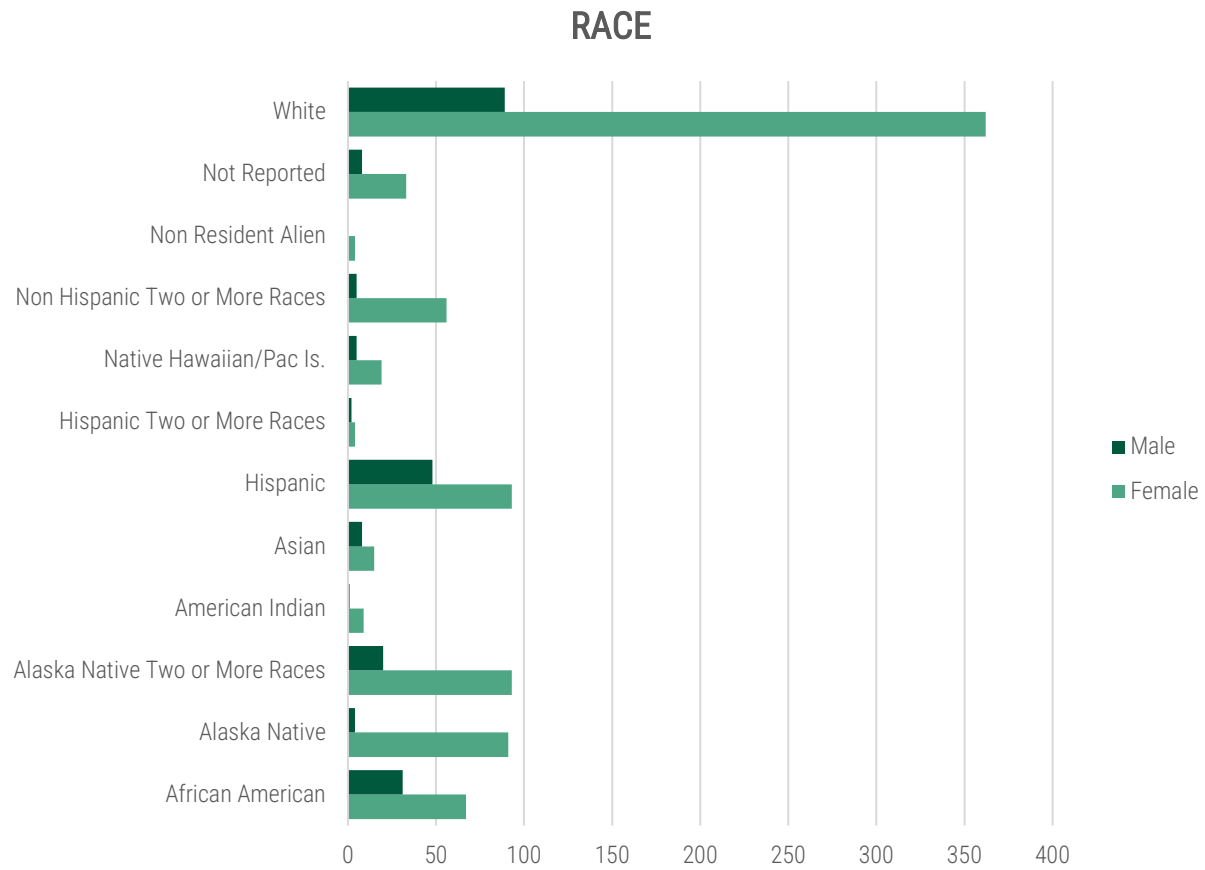

Figure 3. Race and gender of students enrolled as a Human Services major (AAS, BHS) for academic terms from Summer 2018 to Spring 2022. Figures compiled by the Department of Human Services from reports provided through the University of Alaska Institutional Research (IR), ([public IR-reports](#)).

The highest number of students enrolled in the Human Services program through the 2018 to 2022 academic years were white for both males and females.

Student Population - Graduation Average Age

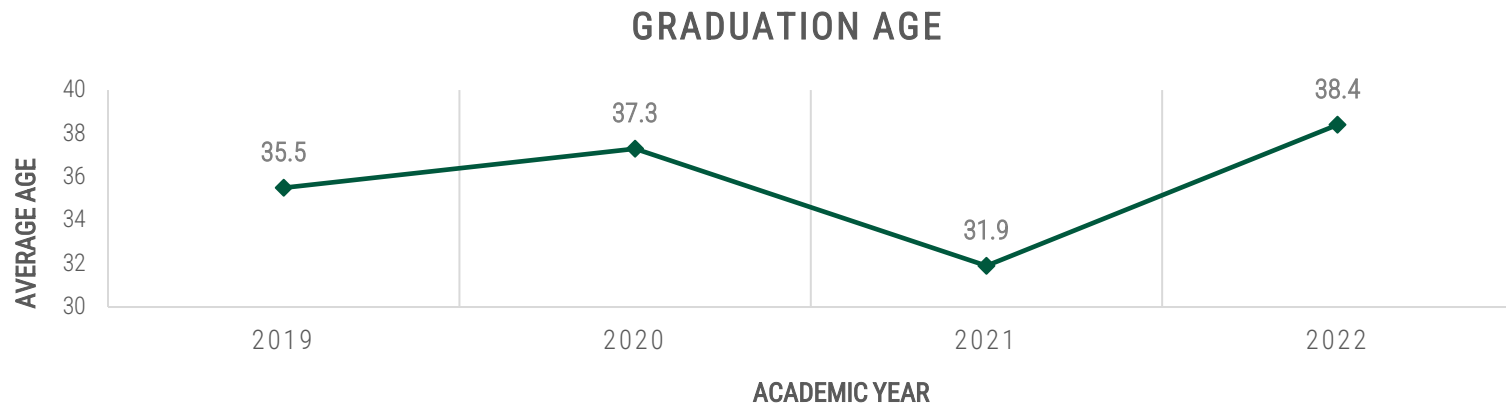

Figure 4. Average age of students who graduated with a Human Services degree in both the AAS and BHS for the 2019 to 2022 academic years. Figures compiled by the Department of Human Services from reports provided through the University of Alaska Institutional Research (IR), ([public IR-reports](#)).

Student Population – Graduation Gender

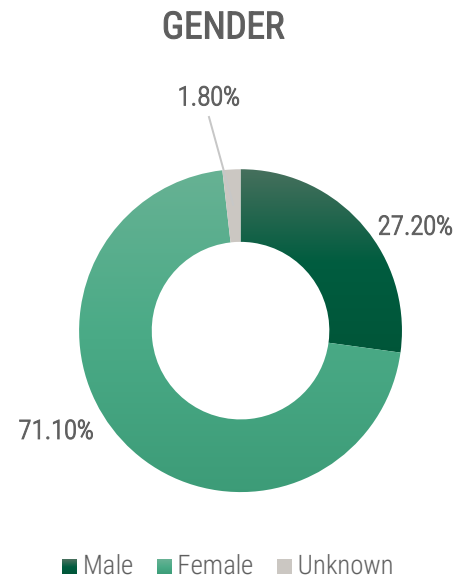

Figure 5. Gender of students who graduated with a Human Services degree in both the AAS and BHS for the cumulative 2019 to 2022 academic years. 71.1 percent of students graduating were female. 27.2 percent of students graduating were male. 1.8 percent of students graduating did not list their gender and were marked as "unknown".

Student Population – Male and Female Gender Diversity

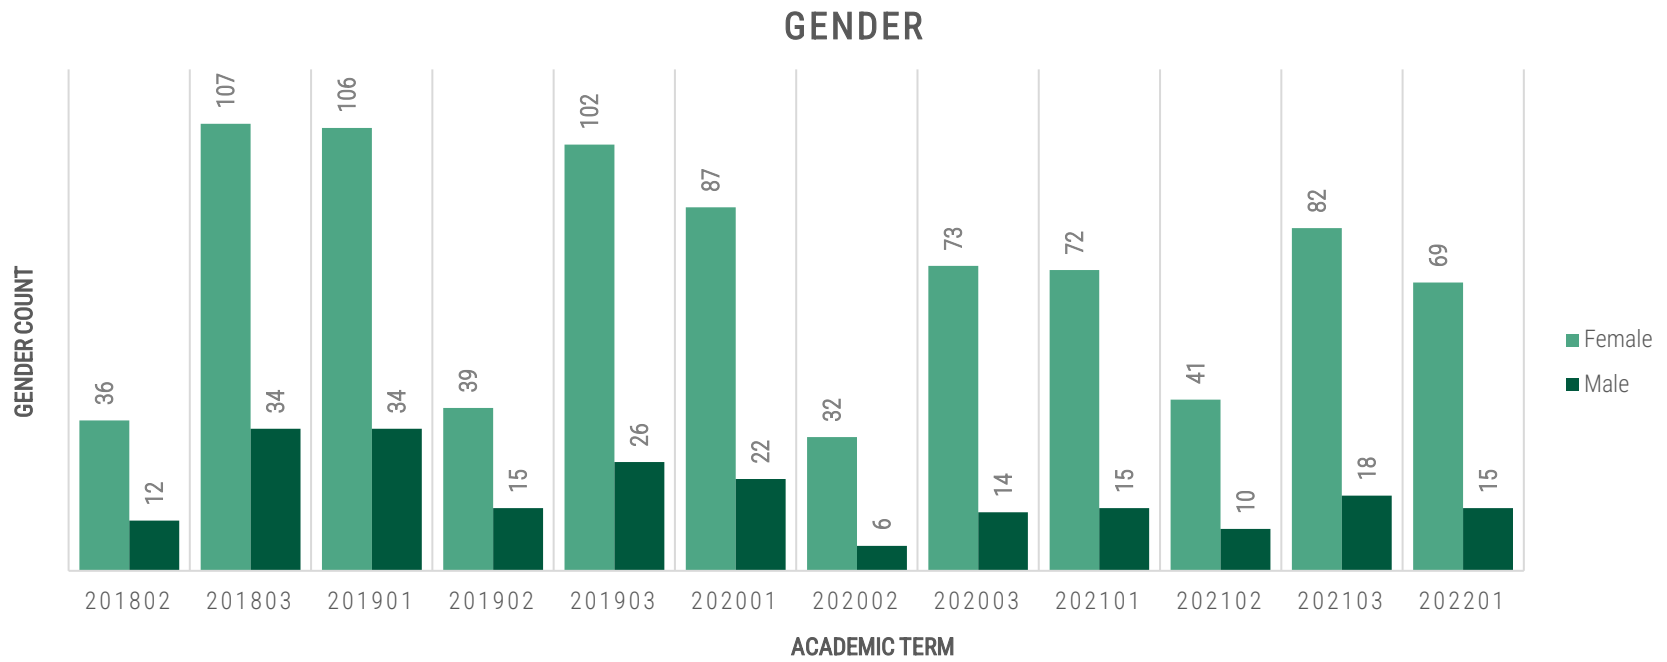

Figure 6. Male and female gender diversity of the human services student population for the academic semesters ranging from Summer 2018 to Spring 2022. Figures compiled by the Department of Human Services from reports provided through the University of Alaska Institutional Research (IR), ([public IR-reports](#)).

Student Population - Full-Time and Part-Time Enrollment Status

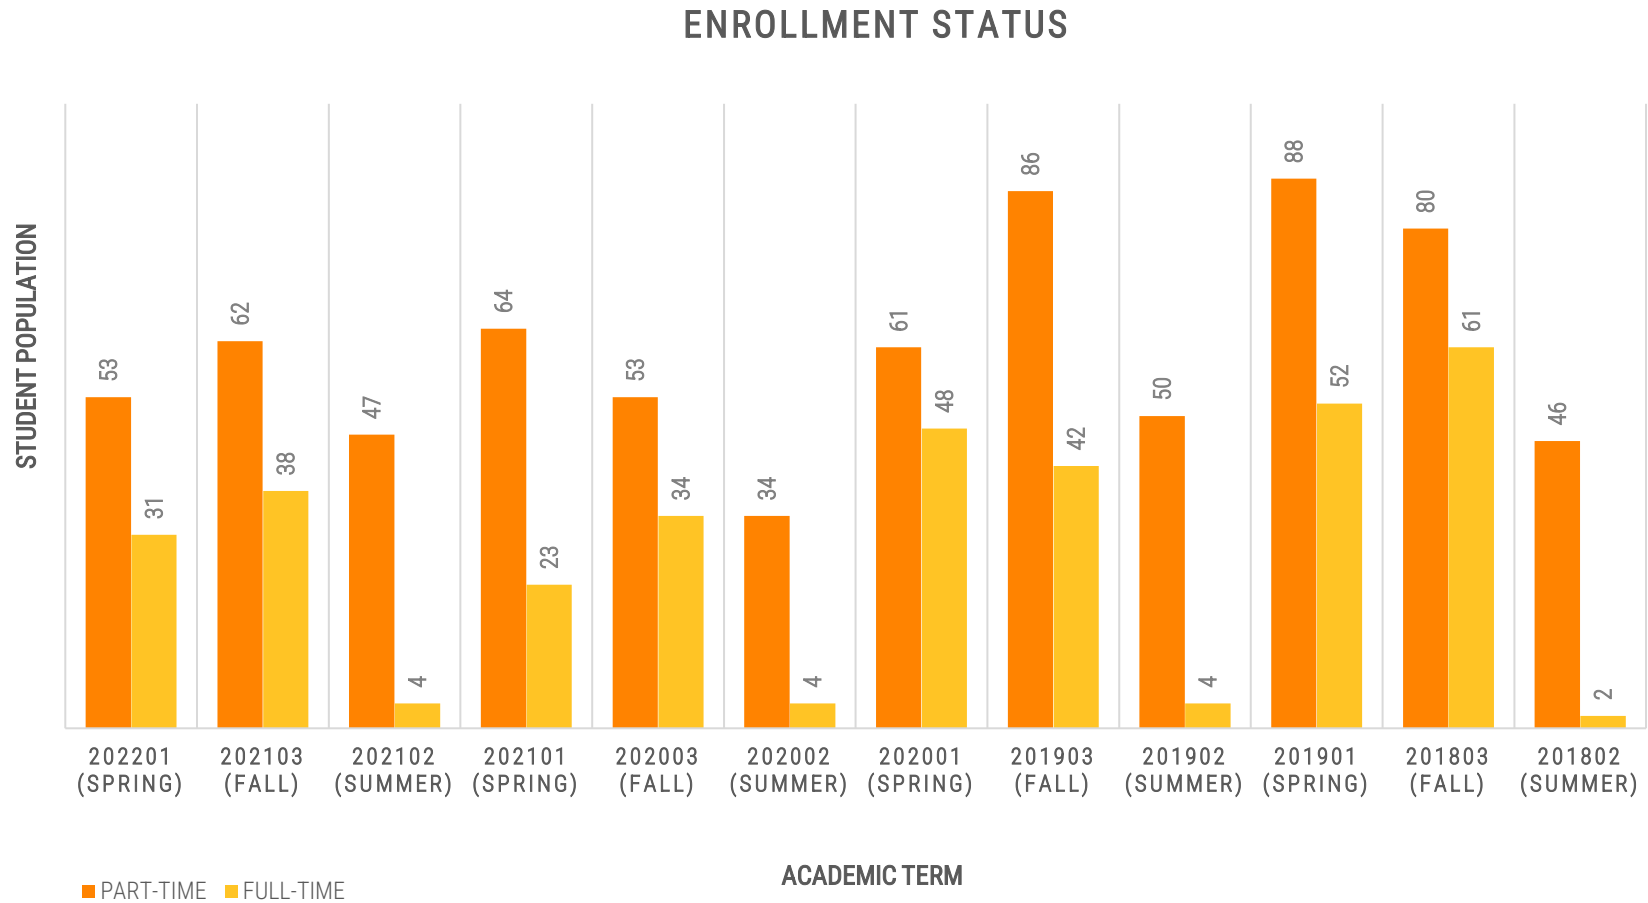

Figure 7. Full-time and part-time enrollment status for both the associate and bachelor level students enrolled in the human services (HUMS) program starting from the 2018 summer term through the 2022 spring term. Figures compiled by the Department of Human Services from reports provided through the University of Alaska Institutional Research (IR), ([public IR-reports](#)).
