APPLICATION FOR ADMISSION - RADIOLOGIC TECHNOLOGY PROGRAM

In order to be considered for acceptance into the UAA Radiologic Technology full-major program, the application and all required support documentation must be received no later than May 15, 2021 for an anticipated Fall 2021 start. Supplemental documentation must be uploaded through the online application. Use the application checklist to help ensure you have everything required for application submission. Incomplete applications will not be processed and applicants will not be notified of incomplete applications or missing documentation.

Application Deadline: May 15, 2022

Interview Date(s):

Fairbanks - May 31, 2022 | Anchorage - June 1, 2022 | All Other Locations - June 2, 2022

Notification of Acceptance: June 25, 2021

To qualify as a candidate for the indicated year, applicants must:

- Be admitted as a degree-seeking student at the University of Alaska Anchorage (UAA).
- Complete all prerequisite coursework by the application deadline. Unless otherwise approved by the Radiologic Technology program Director, all coursework must be documented on the UAA transcript on or before the application deadline.
- Submit application and all application materials by the application deadline. Late or incomplete applications will not be considered.

To qualify as a candidate for the indicated year, your file must contain the following:

- Completed and submitted Radiologic Technology web application
- Completed prerequisite coursework indicated on the UAA academic transcript
- Proof of completion of Hepatitis B vaccination series and proof of immunity through titer or, in-progress Hepatitis B vaccination series (first injection must be completed by application deadline)

APPLICATION FOR ADMISSION - RADIOLOGIC TECHNOLOGY PROGRAM

Student Information

Student Last Name: * Student First Name: * Middle Initial:

UA Student ID Number: * UAA Preferred Email Address: *

Preferred Telephone Number: *

Communication from the Radiologic Technology Program is sent to the email address above. If the email listed above is not your preferred email address, please see [these instructions](#) to set up email forwarding. If you have additional questions, please contact the UAA IT Services Call Center at (907) 786-4646. **Please acknowledge below that you are aware of this policy.**

* I acknowledge that communications will be sent to the email above.

1. If you will be submitting documents and or/records under a previous name, please list the previous names that will appear on document (s)/record(s):

Previous Name(s):

2. I am admitted as an undergraduate degree-seeking student at the University of Alaska Anchorage:

*

3. What is your current degree and major?

*

4. I have completed or will complete all prerequisite coursework by the May 15th deadline. (Enrolled courses for the spring semester within the University of Alaska system will be considered complete.)

*

5. Students are permitted to submit their application for consideration at a single site. Please check the program website for available sites for your application year. Select one of the following sites:

*

6. The UAA Radiologic Technology Program will score candidates' coursework based on what is available on the UAA transcript. Unless otherwise approved by a faculty advisor, all transfer coursework for the coursework detailed below must be accounted for on the UAA transcript no later than the end of the University of Alaska Spring academic term.

Prerequisites Courses (required)

- BIOL A111/L Human Anatomy & Physiology I
- BIOL A112/L Human Anatomy & Physiology II
- MA A101 Medical Terminology

Completion of the prerequisite courses as listed above must be complete in order to meet minimum eligibility requirements. Applicants are strongly encouraged to complete general degree requirements in order to increase competitiveness in program selection process. Please check the [website](#) for more information.

Are you currently enrolled in any prerequisite courses?

* -- Please Select --

7. Have you attended any colleges other than the University of Alaska Anchorage (UAA)? * -- Please Select --

*The Radiologic Technology Program will be reviewing all transcripts received from other universities to determine the cumulative GPA. The cumulative GPA will be calculated using the GPA hours and quality points at each institution attended for an overall weighted cumulative GPA. Admissions to the program is competitive and the cumulative GPA will be used to determine final ranking of all applicants. Please see the [application/score sheet](#) for a review of this process.

If you have any questions or concerns about your cumulative GPA, please contact the College of Health Student Success Center at 786-1318 or uaa_healthadvising@alaska.edu.

8. Upload documentation of one of the following medical records: *

- Proof of completion of Hepatitis B vaccination series and proof of immunity through titer

OR

- Proof of in-progress Hepatitis B vaccination series (first injection must be completed by application deadline)

9. Have you previously applied to the UAA Radiologic Technology Program?

* -- Please Select --

10. Once admitted to the UAA Radiologic Technology Program, students will be required to provide the following:

- Proof of completion of all required immunizations.
- Proof of completion of current Basic Life Support (BLS) certification.
- Proof of medical insurance.
- Proof of drug screen if required by clinical site.
- FBI & State of Alaska criminal background check and fingerprinting. Information will be provided by the program after selection is made. This must be completed prior to the start of classes. Due to clinical site requirements, any applicant that has been convicted of a misdemeanor or felony may not be eligible for clinical placement, which will prevent academic progress and degree completion. Certification and licensure processes may also be impacted by results of a criminal background check. Applicants are encouraged to address any concerns regarding the background check requirement prior to application.

* I acknowledge that the above listed documents are required by the UAA Radiologic Technology Program upon admission to the program.

Essential Requirements

Students entering the Medical Imaging Sciences program must have the ability to perform a number of physical activities in the clinical portion of the program. At the minimum, students will be required to lift at least 25 pounds, lift patients, stand for several hours at a time, and perform activities that require bending.

Students require sufficient motor function to execute movements required to provide general care and treatment to all patients in all health care settings. Students must be able to observe a patient accurately, at a distance and close at hand.

Students must communicate effectively and professionally with other students, faculty, staff, patients, family, and other professionals. Students must express ideas and feelings clearly and demonstrate a willingness and ability to give and receive feedback.

Students must be able to communicate effectively in oral and written forms. Students must be able to process and communicate information on the patient's status with accuracy in a timely manner to members of the health care team.

Students must be able to communicate with patients verbally and non-verbally. Appropriate communication may also rely on the student's ability to make a correct judgment in seeking consultation or help in a timely manner.

Students must be able to measure, calculate, reason, analyze, integrate and synthesize in context of undergraduate study.

Students must be able to read and comprehend extensive written material. Students must also be able to evaluate and apply information and engage in critical thinking in the classroom and clinical setting.

Students must possess the emotional health required for full utilization of his or her intellectual abilities, the exercise of good judgment, the prompt completion of all responsibilities required for the care of patients. Students must be able to maintain mature, sensitive, and effective relationships with patients, students, faculty, staff and other professionals under all circumstances including highly stressful situations.

Medical imaging can also place students under considerable mental and emotional stress as they undertake responsibilities impacting the lives of patients. Students should have the ability to exhibit rational and appropriate behavior in demanding situations. Individuals should carefully consider the mental and physical demands of quality patient care prior to application.

The Radiologic Technology Program reserves the right to refuse admission to any student who is involved in activities which are not considered professional or conducive to proper patient care. All program students will maintain high ethical standards and follow all program policies.

The information I have provided on this application is accurate. I have read the information provided on the UAA Radiologic Technology website, the catalog, and this application. I understand that if any of the required application documents are not included in my application, my application will be considered incomplete and will not be reviewed by the Radiologic Technology program selection committee.

* I acknowledge that I have read the above Essential Requirements for acceptance into the UAA Radiologic Technology Program.
