

Marie Lavigne, MSW 1999

"I give to UAA because I value education. I'm proud to contribute to Cyril's Rising Star, an endowed scholarship for the College of Health and Social Welfare. It motivates me to remember the thrill a student feels when they receive a scholarship to help them with their education. I really believe community support adds life to the University. I know that my contribution will grow here and create more opportunities for future students."

Marie Lavigne, M.S.W., Class of '99
