Alaska Native Science & Engineering Program (ANSEP) Graduate Scholar Interest Application

The purpose of this fellowship opportunity is to assist efforts to diversify the United States (U.S.) masters (MS) and doctorate (PhD) degree-holding workforce by increasing the recruitment, retention, and graduation of underrepresented students in sciences, technology, engineering and mathematics (STEM), especially in fields where national trends document persistent underrepresentation. A secondary aim is to change the demographics of STEM faculty in U.S. colleges and universities by paying special attention to the preparation of doctoral students from underrepresented minorities (URM) for careers in academia.

ANSEP Graduate Staff:

Program Directors/PIs/Former Scholars

Michele Yatchmeneff, PhD
Assistant Professor of Civil Engineering
University of Alaska Anchorage
Email: michele@alaska.edu
Office: (907) 786-1853
Office: UAA, EIB 301M

Matt Calhoun, PhD
Assistant Professor of Civil Engineering
University of Alaska Anchorage
Email: mecalhoun@alaska.edu
Office: (907) 786-6098
Office: UAA, EIB 301O

Major Requirements:

These are the major requirements for all ANSEP Graduate Scholars.

- Be accepted to an approved (hard science) Master of Science (MS) or Doctorate (PhD) at University of Alaska Anchorage (UAA) or Fairbanks (UAF)
- Provide documentation verifying Alaska Native, American Indian, and/or Native Hawaiian heritage
- Submit an approved (by advisor) Graduate Study Plan (GSP) to ANSEP
- Be enrolled at least part-time (3 credits) each spring and fall semesters within approved courses from GSP
- Become an ANSEP student member and attend weekly University Success ANSEP meetings
- Submit academic reports each semester
- Maintain good academic standing in your degree program at your institution
- Maintain open and constant communication with ANSEP staff
