Introduction

Welcome to the UnitedHealthcare Student Resources Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company ("the Company").

The school (referred to as the “Policyholder”) has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or “PPO” plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan’s network of “Preferred Providers.” The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as “Out-of-Network Providers.” However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan’s web site at www.uhcsr.com/uaa. The web site will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-888-344-5989, toll free, for assistance in finding a Preferred Provider.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-888-344-5989. The Insured can also write to the Company at:

UnitedHealthcare Student Resources

Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy’s eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All students who are enrolled in a UAA or UAS graduate program and are receiving Research, Teaching, and/or Service Assistantships and/or Graduate Fellowships must be enrolled in this insurance plan on a mandatory basis. Graduate students, such as WWAMI students are also eligible to be enrolled in this insurance plan. For GA’s and Fellows, the premium is paid by the University on behalf of the student. WWAMI students are billed for their premiums. Plan enrollment is not automatic. UAA or UAS graduate students must contact the UAA Graduate School and complete the Assistant/Fellowship enrollment form to finalize their enrollment process. WWAMI students have a separate enrollment form.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student’s legal spouse or Domestic Partner and dependent children under 26 years of age. See the Definitions section of this Certificate for the specific requirements needed to meet Domestic Partner eligibility.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 45 days after the date for which coverage is purchased. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
   a. On the date the Named Insured acquires a legal spouse or a Domestic Partner who meets the specific requirements set forth in the Definitions section of this Certificate.
   b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.
Dependent eligibility expires concurrently with that of the Named Insured.

**Section 2: Effective and Termination Dates**

The Master Policy on file at the school becomes effective at 12:01 a.m., August 25, 2020. The Insured Person’s coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., August 24, 2021. The Insured Person’s coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

**Section 3: Extension of Benefits after Termination**

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

**Section 4: Pre-Admission Notification**

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.

2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient’s representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department’s voice mail after hours by calling 1-877-295-0720.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured’s residence.
The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child’s date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. Failure of an Insured to present himself or herself for examination by a Physician when requested shall authorize the Company to: (1) withhold any payment of Covered Medical Expenses until such examination is performed and Physician's report received; and (2) deduct from any amounts otherwise payable hereunder any amount for which the Company has become obligated to pay to a Physician retained by the Company to make an examination for which the Insured failed to appear. Said deduction shall be made with the same force and effect as a Deductible herein defined.

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on the Policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of the Policy. No such action shall be brought after the expiration of 3 years after the time written proofs of loss are required to be furnished.

SUBROGATION: The Company shall be subrogated to all rights of recovery which any Insured Person has against any person, firm or corporation to the extent of payments for benefits made by the Company to or for benefit of an Insured Person. The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company.

RIGHT OF RECOVERY: Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and Coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear. The Company will provide written notice to a health care provider, health care facility, or Insured at least 30 calendar days before the Company seeks recovery of an overpayment. The notice will include adequate information for the health care provider, health care facility, or Insured to identify the specific claim and specific reason for the recovery. A health care provider, health care facility, or Insured will be given the opportunity to challenge the recovery of an overpayment, including sharing of claims information. The Company will not initiate recovery of an overpayment more than 365 days after the date the original payment was made, unless the Company has clear and documented reason to believe the health care provider, health care facility, Insured, or its agents have committed fraud or other intentional misconduct.
MORE THAN ONE POLICY: Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies.

Section 14: Notice of Appeal Rights

RIGHT TO INTERNAL APPEAL

Standard Internal Appeal

The Insured Person has the right to request an Internal Appeal if the Insured Person disagrees with the Company’s denial, in whole or in part, of a claim or request for benefits. The Insured Person, or the Insured Person's Authorized Representative, must submit a written request for an Internal Appeal after receiving a notice of the Company's Adverse Determination.

The written Internal Appeal request should include:
1. A statement specifically requesting an Internal Appeal of the decision;
2. The Insured Person’s Name and ID number (from the ID card);
3. The date(s) of service;
4. The provider’s name;
5. The reason the claim should be reconsidered; and
6. Any comments, documents, records, or other material relevant to the claim.

Internal Appeal Process

After receipt of a notice of an Adverse Determination, an Insured Person or an Authorized Representative may submit a written request for an Internal Review of an Adverse Determination.

Upon receipt of the request for an Internal Review, the Company shall provide the Insured Person with the name, address and telephone of the employee or department designated to coordinate the Internal Review for the Company. With respect to an Adverse Determination involving Utilization Review, the Company shall designate an appropriate clinical peer(s) of the same or similar specialty as would typically manage the case which is the subject of the Adverse Determination. The clinical peer(s) shall not have been involved in the initial Adverse Determination and is one who typically treats the illness which is the subject of the Adverse Determination.

Within 3 working days after receipt of the grievance, the Company shall provide notice that the Insured Person or Authorized Representative is entitled to:
1. Submit written comments, documents, records, and other material relating to the request for benefits to be considered when conducting the Internal Review; and
2. Receive from the Company, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Insured Person’s request for benefits.

Prior to issuing or providing a notice of Final Adverse Determination, the Company shall provide, free of charge and as soon as possible:
1. Any new or additional evidence considered by the Company in connection with the grievance; and
2. Any new or additional rationale upon which the decision was based.

The Insured Person or Authorized Representative shall have 10 calendar days to respond to any new or additional evidence or rationale.

The Company shall issue a Final Adverse Decision in writing or electronically to the Insured Person or the Authorized Representative as follows:
1. For a Prospective Review, the notice shall be made no later than 30 days after the Company’s receipt of the grievance.
2. For a Retrospective Review, the notice shall be made no later than 30 days after the Company’s receipt of the grievance.

Time periods shall be calculated based on the date the Company receives the request for the Internal Review, without regard to whether all of the information necessary to make the determination accompanies the request.
The written notice of Final Adverse Determination for the Internal Review shall include:

1. The titles and qualifying credentials of the reviewers participating in the Internal Review;
2. Information sufficient to identify the claim involved in the grievance, including the following:
   a. The date of service;
   b. The name health care provider; and
   c. The claim amount;
3. A statement that the diagnosis code and treatment code and their corresponding meanings shall be provided to the Insured Person or the Authorized Representative, upon request;
4. For an Internal Review decision that upholds the Company’s original Adverse Determination:
   a. The specific reason(s) for the Final Adverse Determination, including the denial code and its corresponding meaning, as well as a description of the Company’s standard, if any, that was used in reaching the denial;
   b. Reference to the specific Policy provisions upon which the determination is based;
   c. A statement that the Insured Person is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Insured Person’s benefit request;
   d. If applicable, a statement that the Company relied upon a specific internal rule, guideline, protocol, or similar criterion and that a copy will be provided free of charge upon request;
   e. If the Final Adverse Determination is based on a Medical Necessity or experimental or investigational treatment or similar exclusion or limitation, a statement that an explanation will be provided to the Insured Person free of charge upon request;
   f. Instructions for requesting: (i) a copy of the rule, guideline, protocol or other similar criterion relied upon to make the Final Adverse Determination; and (ii) the written statement of the scientific or clinical rationale for the determination;
5. A description of the procedures for obtaining an External Independent Review of the Final Adverse Determination pursuant to the State’s External Review legislation;
6. The Insured Person’s right to bring a civil action in a court of competent jurisdiction; and

**Expedited Internal Review**

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Review (EIR).

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person’s ability to regain maximum function; or
2. Would, in the opinion of a Physician with knowledge of the Insured Person’s medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact Claims Appeals at 888-315-0447. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, UnitedHealthcare Student Resources, PO Box 809025, Dallas, TX 75380-9025.

**Expedited Internal Review Process**

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

1. Involving Urgent Care Requests; and
2. Related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received emergency services, but has not been discharged from a facility.

All necessary information, including the Company’s decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than seventy-two (72) hours after the Company’s receipt of the EIR request.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue without liability to the Insured Person until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file:
1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person’s ability to regain maximum function; or

2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person’s treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

RIGHT TO EXTERNAL INDEPENDENT REVIEW

After exhausting the Company’s Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company’s requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

A request for an External Independent Review shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Process shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 30 days and the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has 180 days to request an External Independent Review. The Director will extend the 180 day time period if the Insured Person or Authorized Representative files a request for an extension. The request for the extension needs to provide one or more justifications for the extension that a prudent person would consider to be a fair and reasonable basis for allowing the extension. The request to file the extension does not need to be within the 180 day filing period.

Except for a request for an Expedited External Review, the request for an External Review should be made in writing to the Director. Upon request of an External Review, the Director shall provide the Insured Person or the Authorized Representative with the appropriate forms to request the review.

Standard External Review (SER) Process

A Standard External Review request must be submitted in writing within 180 days of receiving a notice of the Company’s Adverse Determination or Final Adverse Determination.

1. Within 5 business days after receiving the SER request notice, the Company will complete a preliminary review to determine that:
   a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
   b. The Insured Person has exhausted the Company’s Internal Appeal Process;
   c. The Insured Person has provided all the information and forms necessary to process the request; and
   d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company’s requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.
2. Within 1 business day after completion of the preliminary review, the Company shall notify the Director, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SER.
   a. If the request is not complete, the Company’s response shall include what information or materials are needed to make the request complete;
   b. If the request is not eligible, the Company’s response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Director.
3. After determining that a request is eligible for SER, the Director shall, within 1 business day:
   a. Assign an Independent Review Organization (IRO) from the Director’s approved list;
   b. Notify the Company of the name of the assigned IRO; and
   c. Notify the Insured Person and, if applicable, the Authorized Representative, that the request has been accepted. This notice shall include: (i) the name of the IRO; and (ii) a statement that the Insured Person or the Authorized Representative may, within 5 business days following receipt of the notice, submit additional information to the IRO for consideration when conducting the review.
4. a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company’s failure to provide the documents and information will not delay the SER.
   b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall, within 1 business day, advise the Director, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
5. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
6. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day.
   a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the SER.
   b. The SER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SER.
   c. If the Company reverses its decision, the Company shall provide written notification within 1 business day to the Director, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SER.
7. Within 45 days after receipt of the SER request, the IRO shall provide written notice of its decision to uphold or reverse the Adverse Determination or Final Adverse Determination. The notice shall be sent to the Director, the Company, the Insured Person and, if applicable, the Authorized Representative. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

**Expedited External Review (EER) Process**

An Expedited External Review request may be submitted either orally or in writing:

1. The Insured Person or an Authorized Representative may make a written or oral request for an Expedited External Review (EER) with the Director at the time the Insured Person receives:
   a. An Adverse Determination if:
      • The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
      • The Adverse Determination involves a medical condition for which the timeframe for completing an EIR would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person’s ability to regain maximum function; or
   b. A Final Adverse Determination if:
      • The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person’s ability to regain maximum function; or
      • The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.
2. Upon receipt of an EER request, the Director shall immediately send a copy of the request to the Company.
3. Upon receipt of a request for an EER, the Company shall immediately review the request to determine that:
a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
b. The Insured Person has exhausted the Company’s Internal Appeal Process, unless the Insured Person is not required to do so as specified in sub-sections 1. a. and b. shown above;
c. The Insured Person has provided all the information and forms necessary to process the request; and
d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company’s requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.

4. Immediately after completion of the review, the Company shall notify the Director, the Insured Person and the Authorized Representative, if applicable, whether the request is eligible for an EER.
   a. If the request is not complete, the Company’s response shall include what information or materials are needed to make the request complete;
   b. If the request is not eligible, the Company’s response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Director.

5. When a request is complete and eligible for an EER, the Director shall immediately assign an Independent Review Organization (IRO) from the Director’s approved list and notify the Company of the name of the assigned IRO.
   a. The Company shall provide or transmit all necessary documents and information considered in making the Adverse Determination or Final Adverse Determination.
   b. All documents shall be submitted to the IRO electronically, by telephone, via facsimile, or by any other expeditious method.

6. a. If the EER is related to an Adverse Determination for which the Insured Person or the Authorized Representative filed the EER concurrently with an Expedited Internal Review (EIR) request, then the IRO will determine whether the Insured Person shall be required to complete the EIR prior to conducting the EER.
   b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EER until the Company completes the EIR and the Insured Person’s grievance remains unresolved at the end of the EIR process.

7. In no more than 72 hours after receipt of the qualifying EER request, the IRO shall:
   a. Make a decision to uphold or reverse the Adverse Determination or Final Adverse Determination; and
   b. Notify the Director, the Company, the Insured Person, and, if applicable, the Authorized Representative.

8. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

BINDING EXTERNAL REVIEW
An External Review decision is binding on the Company except to the extent the Company has other remedies available under state law. An External Review decision is binding on the Insured Person unless the Insured Person who is aggrieved by a Final Adverse Determination appeals the decision to the superior court. An appeal of the Final Adverse Determination must be filed within six months after the date of the Final Adverse Determination.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

The Preferred Provider for this plan is UnitedHealthcare Options PPO.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If a Preferred Provider is not available in the Network Area, benefits will be paid at the level of benefits shown as Preferred Provider benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. Covered Medical Expenses incurred at a Preferred Provider facility by an Out-of-Network Provider will be paid at the Preferred Provider level of benefits when the Out-of-Network Provider performs the services as part of a covered stay and the Insured Person is not given a choice as to who performs the services. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

**Out-of-Pocket Maximum**: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network benefits. Any applicable Coinsurance, Copays or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with Policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum. Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Out-of-Network Copays.

**Student Health Center Benefits**: The Deductible will be waived and benefits will be paid at 100% for Covered Medical Expenses incurred when treatment is rendered at the Student Health and Counseling Center. Policy Exclusions and Limitations do not apply.

Graduate students paid a stipend, assigned to remote Alaskan locations by the University, without access to the Student Health and Counseling Center will have the policy Deductible waived for Covered Medical Expenses under the plan.

No benefits are available under this plan for any expenses associated with a period when there is no coverage. For example, prescriptions (such as birth control) will only be covered during the period when coverage is in effect.
Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated. Please refer to the Medical Expense Benefits – Injury and Sickness section of the Certificate of Coverage for a description of the Covered Medical Expenses for which benefits are available. Covered Medical Expenses include:

COL-17-AK (PY20) SOB PPO 5 Year of Adoption – 2020
UNITEDHEALTHCARE INSURANCE COMPANY

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

[Signature]
President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

Pediatric Dental Services Benefits

Benefits are provided under this endorsement for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person’s coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can verify the participation status by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured’s ID card.

Non-Network Benefits - these benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee in the relevant geographic area for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

The Insured Person is eligible for benefits for Covered Dental Services listed in this endorsement if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this endorsement.
Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.
B. Provided by or under the direction of a Dental Provider.
C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
D. Not excluded as described in Section 3: Pediatric Dental Exclusions of this endorsement.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company’s negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Non-Network Benefits:

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider’s billed charge exceeds the Eligible Dental Expense.

Dental Services Deductible

Benefits for pediatric Dental Services provided under this endorsement are not subject to the Policy Deductible stated in the Policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is $500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.
When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

**Covered Dental Service** – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

**Dental Emergency** - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

**Dental Provider** - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

**Dental Service or Dental Procedures** - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.
Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network Benefits in that Policy Year.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:
- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company’s contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time, is determined to be:
- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies under this endorsement which are determined based on accepted dental practices to be appropriate and are all of the following:
- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
  - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  - Safe with promising efficacy
    o For treating a life threatening dental disease or condition.
    o Provided in a clinically controlled research setting.
    o Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Non-Network Benefits - benefits available for Covered Dental Services obtained from Non-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees (data provided from FAIR Health, Inc.) in the geographic area in which the service is rendered and are calculated at the 80th percentile.
Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services. The Insured Person is responsible for any amount billed for a health care service or supply that exceeds the amount of final payment.

Usual and Customary Fees are determined in accordance with the Company’s reimbursement policy guidelines. The Company’s reimbursement policy guidelines are developed following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

UNITEDHEALTHCARE INSURANCE COMPANY

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this endorsement.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a Physician and only after ¾ of the original Prescription Drug Product has been used. For select controlled medications filled at a retail Network Pharmacy, refills are available when 90% of the original Prescription Drug Product has been used. For select controlled medications filled at a mail order Network Pharmacy, refills are available when 80% of the original Prescription Drug Product has been used.

The Insured must present their ID card to the Network Pharmacy when the prescription is filled. If the Insured does not present their ID card to the Network Pharmacy, they will need to pay for the Prescription Drug and then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com/uaa and logging in to their online account or by calling Customer Service at 1-855-828-7716.

Information on Network Pharmacies is available at www.uhcsr.com/uaa or by calling Customer Service at 1-855-828-7716.

Benefits are also available for Prescription Drugs when dispensed at an out-of-network pharmacy as described in the Certificate of Coverage. When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy’s Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.
For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

**Supply Limits**

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer’s packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer’s packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject, from time to time, to the Company’s review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month’s supply or may require that a minimum amount be dispensed.

The Insured may find out whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing at www.uhcsr.com/uaa or by calling Customer Service at 1-855-828-7716.

**If a Brand-name Drug Becomes Available as a Generic**

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore, the Copayment and/or Coinsurance may change, or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

**Specialty Prescription Drug Products**

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at www.uhcsr.com/uaa or by calling Customer Service at 1-855-828-7716.

If the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.
As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer’s packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

**Prior Authorization Requirements**

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured’s Physician, Insured’s pharmacist or the Insured is required to obtain prior authorization from the Company or the Company’s designee. The reason for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company’s approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drugs requiring prior authorization are subject, from time to time, to the Company’s review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured’s Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires prior authorization at www.uhcsr.com/uaa or by calling Customer Service at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured will be required to pay for the Prescription Drug Product at the pharmacy. The Insured can submit their claim for consideration and ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product.

When the Insured submits a claim on this basis and the claim is eligible for reimbursement, the amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

**Step Therapy**

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. In order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first.

The Insured may find out whether a Prescription Drug Product is subject to step therapy requirements at www.uhcsr.com/uaa or by calling Customer Service at 1-855-828-7716.

**Coverage Policies and Guidelines**

The Company’s Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company’s behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product’s total cost including any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.
Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others, therefore; a Prescription Drug may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may happen without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com/uaa or call Customer Service at 1-855-828-7716 for the most up-to-date tier placement.

### Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured’s Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Endorsement. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

- If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the Policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Generic** means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources. - Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Usual and Customary Fee means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties and is consistent with applicable state health claims standards requiring equal to or greater than the 80th percentile of the charge. Assistance and Evacuation Benefits

DEFINITIONS

The following definitions apply to the Assistance and Evacuation Benefits described further below.

“Emergency Medical Event” means an event wherein an Insured Person’s medical condition and situation are such that, in the opinion of the Company’s affiliate or authorized vendor and the Insured Person’s treating physician, the Insured Person requires urgent medical attention without which there would be a significant risk of death, or serious impairment and adequate medical treatment is not available at the Insured Person’s initial medical facility.

“Home Country” means, with respect to an Insured Person, the country or territory as shown on the Insured Person’s passport or the country or territory of which the Insured Person is a permanent resident.

“Host Country” means, with respect to an Insured Person, the country or territory the Insured Person is visiting or in which the Insured Person is living, which is not the Insured Person’s Home Country.

“Physician Advisors” mean physicians retained by the Company’s affiliate or authorized vendor for provision of consultative and advisory services to the Company’s affiliate or authorized vendor, including the review and analysis of the medical care received by Insured Persons.

An Insured Person should notify the Company’s affiliate or authorized vendor to obtain benefits for Medical Evacuation and Repatriation. If the Insured Person doesn’t notify the Company’s affiliate or authorized vendor, benefits will be limited to the amount that would have been paid if advance notice had been provided.

Medical Evacuation and Repatriation benefits are covered if needed due to an Insured’s Sickness or Injury. Coverage for such services does not extend to circumstances where the need for evacuation, repatriation or other related services is not triggered by Injury or Sickness. For example, coverage for a Medical Evacuation under this Endorsement does not extend to circumstances where an evacuation is needed due to a storm, security risk, epidemic, natural disaster or other similar circumstance.
MEDICAL EVACUATION AND REPATRIATION BENEFITS

Emergency Medical Evacuation: If an Insured Person suffers a Sickness or Injury, experiences an Emergency Medical Event and adequate medical facilities are not available locally in the opinion of the Medical Director of the Company’s affiliate or authorized vendor, the Company’s affiliate or authorized vendor will provide an emergency medical evacuation (under medical supervision if necessary) to the nearest facility capable of providing adequate care by whatever means is necessary. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the emergency medical evacuation.

Dispatch of Doctors/Specialists: If an Insured Person experiences an Emergency Medical Event and the Company’s affiliate or authorized vendor determines that an Insured Person cannot be adequately assessed by telephone for possible medical evacuation from the initial medical facility or that the Insured Person cannot be moved and local treatment is unavailable, the Company’s affiliate or authorized vendor will arrange to send an appropriate medical practitioner to the Insured Person’s location when it deems it appropriate for medical management of a case. The Company will pay costs for transportation and expenses associated with dispatching a medical practitioner to an Insured Person’s location, not including the costs of the medical practitioner’s service.

Transportation after Stabilization: If Medical Repatriation is not required following stabilization of the Insured Person’s condition and discharge from the hospital, the Company’s affiliate or authorized vendor will coordinate transportation to the Insured Person’s point of origin, Home Country, or Host Country. The Company will pay costs for economy transportation (or upgraded transportation to match an Insured Person’s originally booked travel arrangements) to the Insured Person’s original point of origin, Home Country or Host Country.

The Company will pay costs for economy class round-trip airfare for a person to join the Insured Person.

Return of Minor Children: If an Insured Person’s minor child(ren) age 18 or under are present but left unattended as a result of the Insured Person’s Injury or Sickness, the Company’s affiliate or authorized vendor will coordinate airfare to send them back to the Insured Person’s Home Country. The Company’s affiliate or authorized vendor will also arrange for the services, transportation expenses, and accommodations of a non-medical escort, if required as determined by the Company’s affiliate or authorized vendor. The Company will pay costs for economy class one-way airfare for the minor child(n) (or upgraded transportation to match the Insured Person’s originally booked travel arrangement) and, if required, the cost of the services, transportation expenses, and accommodations of a non-medical escort to accompany the minor child(n) back to the Insured Person’s Home Country.

Repatriation of Mortal Remains: In the event of an Insured Person’s death, the Company’s affiliate or authorized vendor will assist in obtaining the necessary clearances for the Insured Person’s cremation or the return of the Insured Person’s mortal remains. The Company’s affiliate or authorized vendor will coordinate the preparation and transportation of the Insured Person’s mortal remains to the Insured Person’s Home Country or place of primary residence, as it obtains the number of certified death certificates required by the Host Country and Home Country to release and receive the remains. The Company will pay costs for the certified death certificates required by the Home Country or Host Country to release the remains and expenses of the preparation and transportation of the Insured Person’s mortal remains to the Insured Person’s Home Country or place of primary residence.

available, the requested Assistance and Evacuation Benefits services and payments must be arranged, authorized, verified and approved in advance by the Company’s affiliate or authorized vendor. If an Insured Person is incapacitated and unable to immediately contact the Company’s affiliate or authorized vendor due to an Emergency Medical Event, the Insured Person should notify the Company’s affiliate or authorized vendor within 48 hours or as soon as reasonably possible.

With respect to any evacuation requested by an Insured Person, the Company’s affiliate or authorized vendor shall evaluate the feasibility of an evacuation and the means, method, timing, and destination of such evacuation, and may consult with relevant third-parties, including as applicable, Physician Advisors and treating physicians as needed to make its determination.

In the event an Insured Person is incapacitated or deceased, his/her designated or legal representative shall have the right to act for and on behalf of the Insured Person.
