

CIVIC ENGAGEMENT CERTIFICATE

Student Planner

Thank you for your interest in the Civic Engagement Certificate program! Any student can earn the Certificate along with his or her major with a little extra work! This is an opportunity to deepen your education and leadership skills while engaging as a citizen of your community in addition to being a student!

The Certificate requires 30 credits, but many of these credits will come from existing courses in your program. The Certificate Advisor will show you how to create a program plan that works for you!

Follow these steps on your path to earning your certificate:

Step 1

Meet with the Civic Engagement Advisor, Judith Owens-Manley (786-4087 or jowensmanley@uaa.alaska.edu).

Step 2

Apply for the Certificate in Civic Engagement through admissions at UAA. This will require a separate application fee.

Step 3

Complete a draft program plan if you have not already done this while meeting with the advisor during Step 1.

Step 4

Complete the courses detailed in your program plan.

Step 5

Sign a final program plan for submission to the Registrar's office.

Step 6

Apply for graduation with the Certificate. This is a separate application from graduation with your bachelor's degree.
