INTRODUCTION

The University of Alaska Anchorage (UAA) is a multi-campus university that serves 24,000 students each year and has a service area as expansive as the state of Montana. UAA is the largest university in the state and one of three separately accredited universities in the University of Alaska Statewide System.

For a young institution, UAA has an extremely complex history. The present university was created in 1987 following a statewide reorganization that merged a university with several community colleges. In one form or another, these institutions have offered educational opportunities to the communities of southcentral Alaska since the 1950s.

Partly due to this unique history, UAA today is an open access university with one of the broadest missions in higher education. UAA offers instruction ranging from Adult Basic Education to graduate and professional education, serves both traditional and non-traditional students, and confers awards ranging from occupational endorsements to associate, baccalaureate, master’s, and doctoral degrees. Through partnerships and affiliate programs, UAA also offers instruction leading to medical and other professional degrees. Through its centers and institutes, the university’s research helps Alaskans to improve their health, public policy, education, training, economic development, and quality of life.

UAA is accredited by the Northwest Commission of Colleges and Universities (NWCCU). Many individual academic programs have additional specialized accreditation from professional associations and other external entities.

UAA is classified by the Carnegie Foundation for the Advancement of Teaching as a public Master’s Colleges & Universities: Larger Programs, with a special classification for Community Engagement. Distinctive educational opportunities include undergraduate research, national and international exchanges, and study abroad programs. UAA has been named to the 2019-20 Military Friendly Schools list, the 11th consecutive year by Victory Media.
