

UNIVERSITY of ALASKA ANCHORAGE

Message from the Provost

Dear UAA Faculty,

Welcome to the spring 2020 semester!

We are approaching the first important deadline in UAA's Expedited Program Review process, which is the report delivery date on Jan. 31. During the fall 2019 semester, [we created a website](#) to help answer some of the most common questions about the process and timeline and why the university needs to be prepared to address continuing fiscal challenges.

Students may have questions and they are likely to turn to you for answers. Please reassure them the majority of UAA's academic programs are on solid footing and that, in the event a student's program is recommended for discontinuation, UAA is committed to providing them a pathway to graduation.

Thank you for all you do for UAA and for our students.

A handwritten signature in blue ink that reads "John R. Stalvey".

John Stalvey
UAA Interim Provost
