Re: **AY20 Expedited Program Review Findings – Anthropology MA**

I have reviewed the dean's findings, the program's response to the dean's findings, and the completed Expedited Program Review Template for the Anthropology MA.

Recommendations

My recommendation is to accept the decision and recommendations of the dean and request to delete the program after admissions have been suspended and the teach out has been completed. Demand for this program is low. Despite the program's high quality, the institution cannot sustain this program. Resources should be focused on sustaining the baccalaureate programs. Students interested in the field have access to a master's program at UAF.
