Re: **AY20 Expedited Program Review Findings – Construction Management AAS/BS**

I have reviewed the dean’s findings and the completed Expedited Program Review Template for the Construction Management AAS/BS. The Provost’s Office did not receive an Optional Program Response Form from the program.

**Recommendations**

My recommendation is to accept the decision and recommendations of the dean with the additional commentary that the program should explore an accelerated master's with Project Management. An interim progress report on all recommendations is due to the dean by March 1, 2021. The dean will submit a review along with the program’s interim progress report to the provost by April 1, 2021. Unless otherwise noted at that time, the next Program Review will be included in the regular ongoing program review schedule.

**Decision**
