Re: **AY20 Expedited Program Review Findings – Family Nurse Practitioner GC & Nursing Education GC & Psychiatric-Mental Health Nurse Practitioner GC & Nursing Science MS**

I have reviewed the dean’s findings and the completed Expedited Program Review Template for the Family Nurse Practitioner GC, Nursing Education GC, Psychiatric-Mental Health Nurse Practitioner GC, and Nursing Science MS. The Provost’s Office did not receive an Optional Program Response Form from the program.

Recommendations

My recommendation is to accept the decision and recommendations of the dean with the additional commentary that the program faculty should develop a plan to direct more instructional resources to the Graduate Certificates and Masters of Science programs, which are in higher demand than the DNP in the State of Alaska. An interim progress report on all recommendations and including the plan for redirected resources is due to the dean by March 1, 2021. The dean will submit a review along with the program’s interim progress report to the provost by April 1, 2021. A follow-up Program Review will be conducted in AY22.

Decision

Recommend Continued Review
