Re: **AY20 Expedited Program Review Findings – Occupational Safety and Health AAS/BS**

I have reviewed the dean's findings and the completed Expedited Program Review Template for the Occupational Safety and Health AAS/BS. The Provost's Office did not receive an Optional Program Response Form from the program.

Recommendations

My recommendation is to accept the decision and recommendations of the dean with the additional commentary that the program continue to use the industry standards to guide curriculum and should not pursue accreditation until such time that accreditation becomes mandatory. The next Program Review will be included in the regular ongoing program review schedule.

Decision

Recommend Continuation
