Re: **AY20 Expedited Program Review Findings – Project Management MS**

I have reviewed the dean's findings and the completed Expedited Program Review Template for the Project Management MS. The Provost's Office did not receive an Optional Program Response Form from the program.

Recommendations

My recommendation is to accept the decision and recommendations of the dean with the additional commentary that in AY21 the program should propose and put forward curriculum to be implemented in fall 2021 for an Accelerated Masters with CTC baccalaureate programs Construction Management and Advanced Technology Leadership, as well as other Engineering programs within the College. An interim progress report on all recommendations is due to the dean by March 1, 2021. The dean will submit a review along with the program's interim progress report to the provost by April 1, 2021. A follow-up Program Review will be conducted in AY22.

Decision

Recommend Continued Review
