Re: **AY20 Expedited Program Review Findings –Diagnostic Medical Sonography AAS**

I have reviewed the dean's findings, the program's response to the dean's findings, and the completed Expedited Program Review Template for the Diagnostic Medical Sonography AAS.

Recommendations

My recommendation is to accept the decision and recommendations of the dean with the additional commentary that the program must either offer an AAS that is close to 60 credits or move to a BS. The revision should be completed in AY21 for implementation in fall 2021. An interim progress report on all recommendations is due to the dean by March 1, 2021. The dean will submit a review along with the program's interim progress report to the provost by April 1, 2021. Unless otherwise noted at that time, a follow-up Program Review will be conducted in AY24.
