Re: **AY20 Expedited Program Review Findings –Limited Radiography OEC**

I have reviewed the dean's findings, the program's response to the dean's findings, and the completed Expedited Program Review Template for the Limited Radiography OEC.

Recommendations

My recommendation is to accept the decision and recommendations of the dean with the commentary that the request to the Board of Regents should be to delete after admissions have been suspended and the teach out has been completed. Demand for this program has been low and the resources would be better focused on the AAS degree. The faculty agreed in their optional response. Students interested in this field will have access to related non-credit continuing education.

Decision

Recommend Deletion
