1. Welcome and how are you doing?

2. Summary from February 26 meeting

3. Update on Ad Hoc Report

Report has been submitted.

4. Update on Mission Fulfillment Fellows Project

This project is in progress. Some of the interviews have been completed, and the information is going to be very helpful. Jennie and Rachel will send some preliminary information, but this is not ready to be shared broadly at this time.

5. Update on Student Achievement Metrics Group

Claudia assembled a committee. The goal is to use one set of metrics across all groups and to have these align with the metrics for other purposes, e.g., Strategic Planning.

6. Update on Retention, Persistence, and Student Success Academy

The course matching survey in writing and math is done and ready to be used with incoming freshman starting immediately. The ACCUPLACER system crashed and is not available online. UAA will use course matching survey plus writing samples moving forward. The project will include more participants, as this is a key project for the institution at this time.

7. Core Competencies

- a. Results of Survey to Date – a summary of the survey results was briefly discussed and provided to the committee for further review. Suggestions from the committee for the open forum:
 - Decrease the length of time of the meeting in a virtual format.
 - Use break-out rooms on Zoom for discussions.
 - The Core Competency sub-committee should meet before the open forum to review the survey feedback and offer four choices for each category.
 - The survey should be sent out one more time.
 - When the survey is sent out the second time, activate the back button.

8. Next Meeting:

- a. Next open forum: April 3, 11:00-12:30 (AAC time) or 1:00-2:30 (right before Faculty Senate)
- b. Next Accreditation Advisory Committee meeting Wednesday, April 8, 2020, 3:30-5:00

9. Informational:

- a. [NWCCU Standards and Eligibility Requirements](#) and [NWCCU Policies](#)
- b. NWCCU Meeting on Institutional Effectiveness
