

## How well are we meeting the workforce needs of our community and state?

### PERFORMANCE SUMMARY:

High Demand Job Area programs produced 1,777 awards in AY16, down slightly (-1.3%) from last year's 1,801 awards. High Demand Job Area programs continue to produce 70 percent of all certificates and awards conferred at UAA. Three program areas produced 72 percent of all high demand job area certificates and awards: Health (40%), Business/Management/Finance (22%), and Teacher Education (10%). These three programs also account for 50% of all certificates and degrees awarded at UAA.
