The current semester is the first time the student has ever attended an institution of higher education. Except, the student could have been first-time in Summer semester and continued into Fall, and still be a first-time freshman. First-time Freshman also includes current high school students who may have taken courses for credit previously.

- The characteristic count in this report is not defined the same as the count in "Student Profile" report. The counts in this report are determined on Individual campus status of each undergraduate or graduate student. For example, in the full-time/part-time category an undergraduate student took 6 credits each at Anchorage and Mat-Su campuses for a given semester he/she is counted as a part-time student in both campuses, with each campus as independent entities. In the Student Profile report, the student would count as a full-time student in both Anchorage and Mat-Su campuses based their MAU wide status.
