Notes:

1. UAA Total includes Anchorage, Kenai, Kodiak, Mat-Su, and PWSCC. Northern Military Programs have been excluded beginning Fall 2005. Headcount is unduplicated. Students who enrolled in multiple campuses have been counted only once in UAA Total.
2. Included are students enrolled in credit courses at the 050 level and above, including auditors.
3. Percentages may not add to 100% due to rounding.
4. See Definition of Terms for First-time Freshman definition.
5. The characteristic count in this report is not defined the same as the count in "Student Profile" report. The counts in this report are determined on individual campus status of each undergraduate or graduate student. For example, in the full-time/part-time category an undergraduate student who took 6 credits each at Anchorage and Mat-Su campuses for a given semester would be counted as a part-time student in both campuses. Each campus is considered an independent entity. In the Student Profile report, the student would count as a full-time student in both Anchorage and Mat-Su campuses based their MAU wide status.
6. Ethnicity has been adjusted with new data collection. For missing data in new collection, the old data collected will apply.

Notes:

1. Resident Origin is based on the SWOIR "Origin at Entry" definition, which is determined by the address of a student where that address is chosen according to an ordered selection of address type. For reporting purposes, the Origin at Entry is indicated by a city for students from U.S. states other than Alaska, and a country for international students. See specifications on page 35 at: <http://www.alaska.edu/swbir/ir/data-guidelines/StdElemnts.pdf>
2. Northern Military Programs have been excluded.
