Call or email, share your story and ask them to override the Governor's vetoes.

The Vote to Override must occur by this Friday, July 12. There's not much time. Don't miss this chance to protect Alaska's future – your quality of life and future!

Here's what to say:

“The Governor's budget vetoes will have devastating impact on Alaska and my future. They will increase property taxes, make homelessness worse, threaten public safety, eliminate early childhood education, arts and culture, impact the Marine highway, rural energy, devastate the University of Alaska and services to our most vulnerable. Protect our future, my future. You cannot let this happen. Save our state and Vote to Override the Governor's Vetoes.”
