

UAA Policy on the Use of University Facilities & Property for Non-Academic Purposes

Freedom of Expression:

The University of Alaska Anchorage (UAA) is committed to supporting the exercise of constitutionally protected expression in University-controlled facilities and property while maintaining a safe environment on campus. Thus, UAA has established requirements for use of facilities and property in order to: (1) focus on its mission; (2) provide for a safe community; and (3) preserve the aesthetics of the campus physical environment.

This policy concerns the use of University property for major events, non-commercial transactions and non-commercial solicitations, commercial transactions and commercial solicitations, freedom of expression activities, electronic communications for purposes of individual or collective free expression, amplified sound for purposes of individual or collective free expression.

Thus, the use of University facilities and property must:

- not impede student education, academic activities, research, scheduled events, University functions, residences, or the faculty/staff work environment;
- be safe for participants and not generate health or security issues; and
- preserve the integrity and aesthetics of UAA property.

The accomplishment of the educational mission of the University of Alaska Anchorage shall be considered to have first priority in all decisions concerning any use of space/facilities under this policy. The use of any space/facilities shall not be authorized where such use may disturb the conduct of University activities.

Accordingly, the campus community is asked to be tolerant of differing points of view and to respect the rights of others to express themselves. While one may find certain expressions or materials to be quite offensive or even insulting, the appropriate way to counteract such materials is through discourse, criticism and the expression of contrary points of view. Free speech is allowed and supported at UAA as long as it does not violate other laws or University orders, policies or procedures, or compromise public safety. Any member of the campus community who finds freedom of expression activities to be offensive or disrespectful is encouraged to contact the responsible organization or individual to address their objections.

Scope of Authority:

This policy applies to all users of University of Alaska Anchorage property, including students, student organizations, campus organizations, non-affiliated organizations, University faculty, University staff, and third party individuals, groups and members of the public, including commercial vendors insofar as they wish to use University property for free speech events.

This policy does not apply to: (1) the use of facilities and property for University academic or instructional purposes; (2) the use of facilities and property for official events sponsored by the University; (3) the use of facilities and property by its employees acting within the course and scope of their employment; or (4) the use of facilities and property by vendors and other unaffiliated persons that have a contractual relationship with the University, in the course of the performance of said contract.

Individual UAA Colleges, Schools, Departments, and administrative units may adopt guidelines governing the use of their facilities provided that they are generally consistent with this policy and do not constitute violation(s) of any other UAA, UA, or Board of Regents' policy, regulation or guideline.

The University recognizes some activities may disrupt the orderly operation of the University and/or can raise significant security or safety concerns. To ensure the safety of the University and the campus community while protecting First Amendment rights of those who wish to participate in activities hosted on University property, the University will enforce this policy. All criteria for assessing activities shall be applied in a **viewpoint neutral manner**. Activities on University property may require additional security measures and costs associated with such measures will be borne by the event organizer(s).

UAA is committed to providing an inclusive environment, which is responsive to the needs of all students, faculty, staff, managers/administrators and the public when they are using University services and facilities. To ensure this inclusion, appropriate accommodations, as required by law, are provided to individuals who have verified disabilities and who require these accommodations in order to enjoy access to University programs, services, or activities for which the individuals are otherwise qualified.

Time, Place and Manner:

UAA may establish reasonable time, place and manner regulations regarding the use of its public facilities to ensure that individuals and groups exercising their legitimate rights do not infringe on the rights of others or disrupt the educational process or other operations of the University. The exercise of free speech and assembly rights must also comply with all applicable federal, state and local laws.

General Access to University Facilities:

Subject to reasonable time, place and manner restrictions, University facilities may be made available in the following order of priority: student groups or organizations, employees, and third parties. Access shall be granted without regard to the content or viewpoint of speakers or their sponsors. Building Managers, individual colleges/schools and departments may adopt guidelines governing the use of their facilities provided that they are reasonably consistent with this policy.

Unaffiliated persons must be sponsored by a student group/organization or a University school or department in order to use University facilities. The event must be conducted in a manner that does not hinder or impede the University's mission. If a resource or scheduling conflict arises, events by University schools or departments and student groups/organizations shall have priority over events and activities conducted by unaffiliated persons. Exceptions to this policy may include events scheduled in advance by unaffiliated persons or events the University has signed an agreement or contract to host. These exceptions can be made by the manager of the space in which the event is being hosted.

Access to Outdoor University Property:

Affiliated persons or groups, including student organizations, may utilize outdoor University property for public speaking or distribution of literature so long as they do not impede normal operations or obstruct pedestrian or vehicular traffic.

Unaffiliated persons or groups wishing to utilize the spaces designated for public speaking or distribution of literature may do so by contacting the UAA Police Department (UPD) at least ten business days in advance but no more than twelve months in advance of the

Permission will be decided on a space-available basis with priority given to University affiliated persons or groups. Use of spaces designated for public speaking or distribution of literature must conform with all University regulations and policies and must not block pedestrian or vehicular traffic or impede normal University operations.

In addition to the opportunities for speech by unaffiliated persons, events that are held in indoor University facilities and are open to the public or to select unaffiliated persons create a right to peaceful demonstration and protest on outdoor University property in specific relation to such events in a manner that: (a) does not impede normal operations or obstruct pedestrian or vehicular traffic, (b) is consistent with University policies, and (c) complies with any event-specific security requirements.
