This year, **Scary Scholars** will be part of a campus-wide research and art scavenger hunt, **THE SEEK**, organized in collaboration between **UAA's Office of Research and UAA's Facilities Department**, where students and visitors can participate to win prizes and learn more about the research and creative activity around campus!

Scary Scholars will provide opportunities for you to not only win **THE SEEK Scavenger Hunt**, but will give you the opportunity to meet faculty researchers from all departments – from fine arts to technology, humanities to life sciences, music to entrepreneurship, and much more... & learn what current research and creative projects they are working on!
