This form will allow the Office of Financial Aid to increase the student's cost of attendance with documented proof of costs associated with a Study Abroad or Exchange program. A student's cost of attendance (i.e. budget) establishes the maximum amount of financial aid and student loans available to a student during an award year. Adjustment does not guarantee additional eligibility for financial aid. All documentation must include student ID and signature. All students must have submitted an application to the Office of International and Intercultural Affairs prior to submission of this document to the Office of Financial Aid.
