IMPORTANT INFORMATION

- Be very specific (i.e. Substitute A for B, waive X, fulfill requirement Y, etc.).
 - If you indicate that you are waiving a requirement, do not list another course that meets this requirement.
 - If you are substituting a course for a requirement, provide the subject, course number and title of the substituting course, as well as the university at which the course was completed.
 - Indicate whether the petition is intended to fulfill a major, minor or GER requirement (top of second page).
- Provide supporting documentation. If you are substituting a course completed at another regionally accredited institution for a degree requirement, we must have received an official copy of your transcript before this petition can be enforced in DegreeWorks.
- Any petitions received while a student is admitted as a pre-major will not be applied in DegreeWorks until the student is admitted to full major status. Students may email uaa.degrees@alaska.edu once DegreeWorks shows full major status to request to have the petition applied.
- UAA courses not on the approved baccalaureate GER list **cannot** be petitioned to meet a GER.
- You will always need to satisfy minimum university requirements. General University Requirements (except for the extension of a catalog year by 1 semesters) are **not** petitionable.
