Request for Late Add or Retroactive Withdrawal

It is the student's responsibility to ensure the accuracy of his/her class schedule each term and comply with all university regulations and deadlines. Being unaware of university procedures and deadlines or modification of the record for the sake of appearance does not constitute justification for an exception to policy. The university is obligated to ensure the integrity of the transcript as a historical document. Therefore, the transcript must reflect the actual history of your experience at the university. Information submitted with this request may be shared with UAA's Title IX Coordinator if appropriate. For additional information regarding Title IX, please see the [university catalog](#).

Section 1: Instructions

The information below is intended to outline this process and reasons that may support a request.

1. The deadline to submit a Request for Late Add or Withdrawal is no later than one academic year following the semester in which the course was offered. Requests that are not received within this timeframe will not be considered.
2. Exceptions are granted on a case-by-case basis in light of circumstances and documentation provided by the student. Decisions will be made solely on supporting documentation provided to substantiate the reason(s) for being unable to meet published deadlines or adhere to current policies. Requests without minimum supporting documentation will not be considered.
3. It is the responsibility of the student to check with the Office of Financial Aid and Military & Veteran Student Services prior to submitting this request to determine if a registration adjustment will affect eligibility. Adjustments are rarely made for approved requests. Students may not request a refund after an approved late add request has been processed.
4. Only requests submitted by the student or by a person with legal authority to act on behalf of the student will be considered.
5. Requests for refunds must be applied for separately using the [Petition for Refund](#).

Reason for Request	Minimum Supporting Documentation Required
Advising error	Academic advisor's written confirmation and explanation of advising error
Crisis situation	Letter on letterhead from legal, medical, or other relevant professional; police report; court order; visa; airline ticket; other relevant documents
Death of immediate family member (defined as father, mother, brother, sister, husband, wife, domestic partner, son or daughter)	Dated copy of death certificate, published obituary or memorial folder. If student's last name differs, documentation required that establishes immediate family relationship to the deceased.
Financial difficulties	Documentation of university error directly causing the financial problem. <u>Please note:</u> Financial exceptions are rarely approved unless there are special circumstances. Students are responsible for managing personal finances.
Instructional difficulties	Supporting information and recommendation by department chair or dean
Job conflict	Employer's letter on letterhead confirming date and necessity of job changes. <u>Please note:</u> Exceptions on the basis of voluntary work schedule changes or commitments made by the student are rarely approved unless exceptional circumstances can be documented. Students are responsible for management of personal scheduling that may impact educational commitments.
Medical condition (student or immediate family member as defined above)	Doctor's letter on letterhead verifying nature of condition and dates of treatment
Military duty	Copy of official order to report for active duty
Other reason	Written documentation from relevant officials or entities on company letterhead or similar
Registration problems	Relevant supporting documentation (e.g. email or other correspondence with university personnel about registration intentions or difficulties)

6. A request will only be approved if the requester can demonstrate unanticipated and unavoidable circumstances beyond the student's control that prevented the student from meeting published deadlines. Work-related issues, financial hardship and failure to read UAA's documents generally do not present justifiable reasons to support an exception request.
