## Tuition

Tuition is determined by:

- the number of course credit hours,
- the level (e.g., 100-level, 200-level) of the course, and
- the student's residency status.

Students taking 4 or fewer credits are charged at the resident rate.

Course Level	Resident	Nonresident
Undergraduate lower division (course numbers 050-299)	\$192 per credit hour	\$681 per credit hour
Undergraduate upper division (course numbers 300-499)	\$232 per credit hour	\$721 per credit hour
Professional development (course numbers 500-599)	Tuition costs vary - contact the academic department or refer to specific course listing on UAOnline	Nonresident fees do not apply
Graduate (course numbers 600-699)	\$444 per credit hour	\$907 per credit hour

A person eligible for resident tuition is a person who, at the end of the add/drop period for semester-length courses, is a U.S. citizen or eligible non-citizen who has been physically present in Alaska for two years and who declares the intention to remain in Alaska indefinitely. The University of Alaska policy on resident and nonresident tuition may be referenced in the current University of Alaska Board of Regents' Policy and University Regulation, Chapter 05.10 Tuition and Student Fees, at [www.alaska.edu/bor/policy-regulations](http://www.alaska.edu/bor/policy-regulations).

The Application for Resident Tuition Assessment may be found on the [Admissions Forms](#) page. The deadline for requesting residency and submitting all required documentation is before the add/drop deadline of the first semester in which residency is sought.

Nonresident students who restrict their registration to 4 or fewer credits each semester will be charged resident tuition. Nonresident students taking 5 or more credits are assessed nonresident fees on all academic credits.

UAA welcomes senior citizens to its classrooms and waives tuition for those eligible under Board of Regents policy R05.10.080.B. Regular tuition shall be waived for Alaska residents who meet the following criteria: they must be age eligible to receive full (unreduced) social security retirement benefits and they must register on a space available basis. "Space available basis" means when courses can accommodate such students in addition to other enrolled students.

Follow three easy steps to complete registration:

1. If you have not taken classes in the last two years, complete an [Non-Degree Application for Admission](#) at UAOnline
2. [Find](#) the class or classes you want to take and write down class information, including the CRN number. Do not register before the first day of the semester
3. Submit [Senior Tuition Waiver](#) to the Cashiering Office in the University Center

Please note these important facts about the Senior Citizen Tuition Waiver (SCTW):

- SCTW waives tuition only.
- SCTW is only accepted for classes registered for on or after the first day of the semester and on a space-available basis.
- SCTW does not apply if the student has registered prior to the first day of semester.
- Seniors are responsible for any student or course fees associated with the course(s).
- Payment must be submitted by the payment deadline to avoid late fee(s).
- SCTW forms are only accepted until the last day of class for the term in question; submissions past the term end date will be denied.
- Waivers may be returned in person to the Cashier's office by [email](#) or fax. DocuSign (electronic signature) is now accepted: [Senior Tuition Waiver](#).
- For more information, including eligibility and restrictions, see [Regents Policy 05.10.080.B](#).
