To view your electronic bill, go to UAOnline and choose Student from the main menu, then Student Account, then Statement and Payment History.

# DISTANCE EDUCATION

<http://uaa.alaska.edu/distanceducation>

## EDUCATIONAL MEDIA SERVICES AND DISTANCE EDUCATION

UAA offers Distance Education courses each semester, with four delivery methods: Web, telecourse, audio conference, and video conference. All distance courses are Web-based through the course management system called Blackboard. To register for distance courses at UAA, you must use UAOnline: [www.uaonlinealaska.edu](http://www.uaonlinealaska.edu). Courses may be found in the back of this schedule under Distance Education and online at [www.uaa.alaska.edu/distanceducation](http://www.uaa.alaska.edu/distanceducation), and are noted with the following key words: WEB, TV, AUDIO. Note that UAOnline has the most current course schedule available. Distance students will be required to log in to Blackboard to retrieve course information. Details regarding Blackboard are shown below.

For more information regarding UAA Distance Courses go online to: [www.uaa.alaska.edu/distanceducation](http://www.uaa.alaska.edu/distanceducation). Email questions to [distance@uaa.alaska.edu](mailto:distance@uaa.alaska.edu) or call the IT Call Center at 907-786-4646, option #3; or toll free at 1-877-633-3888.

## BLACKBOARD

### What is Blackboard?

Blackboard is an Internet-based course management system. Through Blackboard, students and faculty interact within a Web course. Students use Blackboard to gain access to the course materials, assignments, and other important items related to their distance course.

### Where do I get my Blackboard username and password?

Go to <http://technology.uaa.alaska.edu/blackboard> and find the Username Lookup box in the left margin. Enter your first name, last name, and UA ID number. The resulting page will give you a username which will work for Blackboard and UAA Webmail login. Default passwords for new students are: lower case uaa, upper case first, middle, and last initial, and then the last four digits of your UA ID#. For example, John Q. Sloan with ID#12345678 would be uaaJQS5678.

### Where is my Blackboard course located?

Blackboard has links from the UAA home page and the Distance Education page. The direct link is <http://technology.uaa.alaska.edu/blackboard>. Once you are enrolled in a course you will visit this site often, so it is a good idea to add it to your favorites on your computer. Courses for each semester are located here. Each course will show up on the first day of the semester for which you register. Not all courses you are enrolled in will show up on Blackboard, though all distance courses will be available here.

### How do I make corrections to UAOnline or Blackboard?

UAOnline is the program to use if you need to update a mailing address or other personal information. For name changes, submit a form to Enrollment Services at the University Center.

# STEP 1: GET STARTED

<http://uaonline.alaska.edu>

It is the student's responsibility to be aware of the dates and deadlines in this publication.

## OPEN ENROLLMENT AND ADMISSION POLICY

The UAA course catalog, class schedule, and most recent updates to the printed schedule are available through this website: [www.uaa.alaska.edu/records/catalogs/schedules.cfm](http://www.uaa.alaska.edu/records/catalogs/schedules.cfm).

Everyone who wants to take classes at UAA must be admitted to the University as either a certificate-seeking, degree-seeking, or non-degree seeking student.

UAA's open enrollment policy allows students to register for courses in which they have adequate background. To qualify for admission, a student must meet the following requirements:

- 1) Have earned a high school diploma or the equivalent (GED); or
- 2) Be 18 years of age or older and have participated in UAA's assessment and advisement process (see section on Academic Advising in this schedule); or
- 3) Qualify under special University programs; and
- 4) Complete the Registration Wizard.

Admission as a non-degree seeking student does not guarantee future admission to a degree program. Credits earned as a non-degree seeking student may be applied to degree programs only as specified in admission to the individual degree seeking programs.

<http://uaonline.alaska.edu> (select Login to Secured Area, follow the prompts)

A PIN is the 6-digit personal password that will enable a student to register for courses, verify/update a mailing address, view account summary, pay account, view holds, print semester grade reports, and print unofficial transcripts. It is initially set as the month, day, and year of your birth, for example: April 1, 1977, enter 040177 (mm/dd/yy).

If your PIN has expired, follow the instructions provided on UAOnline and enter a new 6-digit PIN.

If your PIN is invalid, it is different than the numbers you are entering, try the Forgot PIN button.

If you cannot remember it, try the Forgot PIN button.

If your PIN is disabled, contact Enrollment Services at (907) 786-1480, option #3; or after hours contact IT Services at (907) 786-4646, option #1.

Protect the security of your PIN by keeping it private and changing it frequently. You may reset your PIN if you have set your security questions within UAOnline.

## CHANGE ADDRESS ON UAONLINE

It is important to keep your address of record up to date. Billings, refunds, and financial aid disbursements may be mailed to you. If your address has changed, you may update it online at <http://uaonline.alaska.edu>. Login to Secured Area, then select Personal Information, followed by Update Address and Phone.

## ORIENTATION

New Student Orientation is designed to help students understand what to expect in their first year, both academically and personally. It is set up to alleviate fears and anxieties, answer questions, and familiarize students with the campus and its available resources. Because orientations are small in size, students may begin to make connections with other new students, staff, faculty, current students, and the campus itself before classes begin. For more information, see the inside back cover of this schedule, or go to the website:

[www.uaa.alaska.edu/orientation](http://www.uaa.alaska.edu/orientation).

## STUDENT ID NUMBER/ SOCIAL SECURITY NUMBER

To protect your privacy, the University of Alaska will assign you a student ID (SID) number that is different from your social security number (SSN). Your SID, rather than your SSN, will be used to identify your educational records.

UA is required to obtain your SSN for federal financial aid and tax reporting purposes. The Privacy Act Notice--Section 6109 of the Internal Revenue Code (IRS) requires you to give your correct SSN to persons who must file information returns with the IRS to report certain information. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. For more information, please refer to IRS Code 6050S.

# STEP 1: GET STARTED

[www.uaa.alaska.edu/advising-testing](http://www.uaa.alaska.edu/advising-testing)

The goal of academic advising is to assist students in developing educational plans consistent with career/life goals and to provide them with the information and skills needed to pursue those goals. It not only involves telling students what they need to know, but also aims to enable them to discover things for themselves. Academic success is often greater when the student and the advisor share a good working relationship. It is important to know who your advisor is and to seek advice often.

Those admitted to UAA as baccalaureate students indicating an “undeclared” major, and students admitted to the Associate of Arts degree are assigned to the Advising and Testing Center. Students attending as non-degree seeking may also seek advising through the Center.

## DEPARTMENTAL ADVISING

Admitted students with a declared major are assigned to a faculty advisor within the academic department offering the major. The advisor can guide the student on University policies and procedures, general and degree requirements, and career options. For departmental contacts, see the inside back cover of this schedule.

## ADVISING AND TESTING CENTER

Student Services professionals provide multiple services for prospective and enrolled UAA students. These services include academic planning and course selection, placement testing, and career counseling. To schedule an appointment, please call (907) 786-4500. Appointments are available 8am - 5pm Monday through Thursday, and 8am - 4pm Friday. Walk-in hours are Monday - Friday 10am - 4pm. The Advising and Testing Center is located in the University Center, room 112. Additional information is available on the website at [www.uaa.alaska.edu/advising-testing](http://www.uaa.alaska.edu/advising-testing). General questions may be emailed to [ayadvisetest@uaa.alaska.edu](mailto:ayadvisetest@uaa.alaska.edu).

### Taking ENGL A111? Where will you go from here?

The English Department offers four options for students taking their 200-level General Education Requirement (GER) in Composition: ENGL A211, A212, A213, and A214. Because each of these courses is designed to prepare students for specific academic and professional fields, careful selection is important. Check the course catalog for the requirements of your major and consider taking this document with you when you meet with your academic advisor.

# STEP 2: PLAN FOR SUCCESS

<http://uaonline.alaska.edu>

Please check the following before you start the new semester.

- Read all information in the front pages of this class schedule. It is the student's responsibility to be aware of the dates and deadlines in this publication.
- Apply for admission.
- Meet with your major advisor or an advisor in the Advising and Testing Center for assistance in selecting your courses.
- Review any registration restrictions, prerequisites, and special notes that may be associated with the courses you select (for example, completion of Math or English Placement Test).
- Attend New Student Orientation if this is your first semester.
- Verify financial aid and check disbursement information. (See page 18 of this schedule for details.)
- Check <http://uaonline.alaska.edu>, and select the Class Schedule link for course offering updates. Be sure to check the start dates and locations of each course for which you register.
- Register for classes through UAOnline.
- Pay tuition and fees before published deadlines to avoid being assessed late payment fees. You are responsible academically and financially for your registration activity. Unpaid accounts will be sent to a collection agency and/or collected via garnishment of State of Alaska Permanent Fund Dividends (PFDs).
- Purchase books and supplies at the Bookstore. [www.uaa.alaska.edu/bookstore](http://www.uaa.alaska.edu/bookstore)
- Remember to officially drop or withdraw by the published deadlines if you decide at any time that you are unable to complete a course. Failure to do so will result in a grade of "F" for non-attendance and may affect your financial aid and grade point average (GPA).
- Be aware of class locations. The UAA campus is over a mile long and the University Center facility is 1.2 miles from the main campus. Seawolf Shuttles provide an easy way to move between buildings on the campus. However, it takes time to ride the shuttle and walk to your classroom. When enrolling for classes, allow extra time to reach widely separated buildings. University Center courses are designated with the location code of UC.

**At UAA, Safety is Everybody's Business!**

UPD  
786-1120

We care about your safety on campus. While relatively safe, our campus is not a sanctuary from crime or accidents, which still occur no matter how hard we try to prevent them. You are encouraged to be responsible for your own safety and to bring safety concerns to the attention of UAA faculty or staff or contact the University Police Department at **786-1120** when you observe an unsafe environment or need assistance.

For your own safety, please locate the nearest exit and emergency telephone when you are on campus and in buildings. If you teach, work, attend classes, or attend campus activities at night, leave buildings and classes with others and ensure you have safe and reliable transportation. On the Anchorage campus, Call Team Officers provide walking safety escorts upon request by calling **786-1147**. Call Team services are available Monday - Thursday, 7:30am - 8:00pm, and Friday 7:30am - 6:00pm. Outside of these hours, please contact the University Police Department at **786-1120** for assistance. Students and employees at our extended campuses should report crimes or suspicious activity to their local law enforcement agency.

For any given semester, a student may not be concurrently registered in two or more sections of the same course that have the same or overlapping starting and ending dates. UAA may drop/withdraw students from ALL sections for which they have multiple registrations. This administrative drop may be done at any time without prior or subsequent notice to the student.

## REGISTRATION BY PROXY

Students unable to register in person may have a proxy (someone else) register for them. Spouses, parents, and friends are required to have a signed authorization to register for another person, including secondary school students. The student must provide the proxy with a signed Proxy for Registration Form or other signed authorization to do so. The proxy must submit the signed authorization and picture ID at the time of registration. A **Proxy for Registration Form** is available in the back of this class schedule or online: [www.uaa.alaska.edu/admissions/forms.cfm](http://www.uaa.alaska.edu/admissions/forms.cfm).

## SECONDARY SCHOOL STUDENT APPLICANTS

### SENIOR CITIZENS

The Board of Regents approved the following revision to Regents' Policy 05.10.08.B to read: "Regular tuition shall be waived for Alaska residents who are otherwise age eligible to receive full social security retirement benefits, who register on a space available basis; that is, when courses can accommodate such students in addition to other enrolled students." Transitional provision: "Individuals who were eligible for senior citizen tuition waivers on September 21, 2005 under the previous policy shall continue to be eligible for the waiver."

- Senior citizens must pay all additional course fees. To waive tuition, senior citizens must register and present a completed tuition waiver with proof of age during the late registration period.
- Registration using a senior citizen tuition waiver for payment is permitted only during late registration and must be completed by the add deadline.
- Senior citizens may elect to register before the late registration period; however, they must pay full tuition and fees (use of senior citizen tuition waiver will not be accepted). Senior citizens electing to register and pay tuition are subject to all payment deadlines. Refunds will NOT be available to senior citizens who drop courses and then re-register in the same courses using a tuition waiver during late registration.

Tuition waivers for eligible senior citizens are available at late registration, from Accounting Services, or online:

[www.uaa.alaska.edu/admissions/forms.cfm](http://www.uaa.alaska.edu/admissions/forms.cfm)

Note: The Student Government Fee and Student Media Fee are waived for senior citizens. The Student Life Fees are mandatory for all students taking six (6) or more credits, with three (3) on the Anchorage campus.

STEP 4: CALCULATE EXPENSES - FEES - MANDATORY STUDENT FEES BREAKDOWN

## DESCRIPTION OF FEES

### **2% Network Charge**

The Network Charge is to cover rapidly rising costs, especially in the maintenance and enhancement of our university-wide technology infrastructure. The 2 percent network charge will be applied on a course-by-course basis to tuition, non-resident surcharges if applicable, and fees in lieu of tuition, for credit and non-credit courses. Courses with applicable fees charged in lieu of tuition less than the lower division credit hour tuition rate (\$128 for Academic Year 2007-2008) will be exempt from the charge. All calculated fees will be rounded to the nearest dollar. The minimum network charge per course will be \$2.

### **Administrative Fee**

An administrative fee may be charged instead of tuition. This fee amount is listed in the course description section of this schedule.

### **Continuous Registration Fee (Graduate Students)**

The Continuous Registration Fee is \$287 per semester.

# FINANCIAL AID

[www.uaa.alaska.edu/financialaid](http://www.uaa.alaska.edu/financialaid)

Most information related to student financial aid may be accessed through UAOnline:

<http://uaonline.alaska.edu>

## STATUS BY UAONLINE

UAA's Office of Student Financial Assistance and Information (OSFAI) assists students and prospective students in applying for aid programs. State and Federal governments, the University, and many private organizations offer grants, scholarships, loans, and employment opportunities to students who demonstrate need for such assistance. Types and amount of aid vary according to guidelines, student needs, and availability of funds. Students wishing to apply for the Alaska Supplemental Educational Loan must complete a Free Application for Federal Student Aid (FAFSA).

The OSFAI recommends that students complete the FAFSA before **November 1** for **Spring 2008**. Other applications and required paperwork should be submitted to the OSFAI by **December 3, 2007**. Paperwork submitted after this deadline will cause delays in the receipt of aid and may miss the tuition payment deadline.

Students whose aid will not arrive by **January 29** must pay or make payment arrangements by the payment deadline, **January 29**. Refer to the section on Tuition Management Services (TMS) payment plans in this publication.

**Note:** Any amounts due to the University will be deducted from funding sources prior to issuing a net check to the student. For Federal financial aid, an authorization must be on file for any non-institutional, incidental or prior-year charges for it to be automatically deducted. If this form is not on file, it will slow the processing of your aid when it arrives. The Financial Aid Authorization form may be obtained at [www.uaa.alaska.edu/financialaid](http://www.uaa.alaska.edu/financialaid), and faxed to the disbursement office at 786-1301.

A link to the Dept. of Education, along with many scholarship tips, forms, and policies may be found at [www.uaa.alaska.edu/financialaid](http://www.uaa.alaska.edu/financialaid).

For more information, please refer to the UAA Course Catalog, or call the UAA Office of Student Financial Assistance and Information at (907) 786-1586.

## GENERAL INFORMATION AND DEADLINES

2. Demonstrate financial need for Federal assistance as determined by the FAFSA form.
3. Have maintained satisfactory academic progress.
4. Be admitted to a transcribed degree or certificate program.
5. Be registered and attending for the appropriate number of credits before aid can be disbursed. If students are enrolled in late-starting courses, aid may not be disbursed until the first day of late-starting courses.
  - a. Full-Time: 12 or more credits for undergraduate students and 9 or more graduate credits for graduate students.
  - b. Half-Time: 6 or more credits for undergraduate students and 5 or more graduate credits for graduate students.
  - c. Graduate students taking 400 level undergraduate course work must have verification from the student's advisor that the undergraduate course work will apply toward the graduate degree (100, 200, & 300 level courses are not applicable to graduate degrees).

## VETERANS

Veterans of the U.S. Military and their eligible dependants may qualify for certain educational benefits. Contact the OSFAI at (907) 786-1586, opt. 4, or visit the website: [www.uaa.alaska.edu/financialaid](http://www.uaa.alaska.edu/financialaid).

## SATISFACTORY ACADEMIC PROGRESS

To remain in good standing for Federal assistance, students must complete the number of credits for the level they attempt. In addition, they must maintain a minimum grade point average (GPA) of 2.00 for undergraduates and 3.0 for graduates. Students who do not maintain satisfactory academic progress have the right to appeal to the OSFAI. Students who have deferred their tuition and fees, and who have not maintained academic progress must either resolve their academic standing, make payment in full, or drop from all courses by **January 22, 2008**. To read the policy, please refer to the UAA course catalog, available online in PDF at <http://edit.uaa.alaska.edu/records/catalogs/catalogs.cfm>.

Financial Aid crediting of PELL, SEOG, Stafford Loans, Foundation Scholarships, UA Scholars Scholarships, Alaska Alternative Loans, and Academic and Graduate Tuition Waivers to student accounts will begin on **January 4** for the **Spring 2008** semester. Final grant and scholarship calculation for each term will be made on **January 29**, the end of the add/drop period.

Students whose aid has not arrived prior to the payment deadline will be required to pay by the deadline. Payment plans are available. See the section on TMS.

Disbursement checks will be mailed to the student's address of record beginning **January 7**. No stop payment actions for checks lost in the mail will be processed prior to ten working days from the date of the mailing. There will be a \$15 fee for all checks reissued due to a stop pay request by the student. Be sure to keep your address of record current. You may update your address on UAOnline. Financial aid students who wish to pay tuition and fees with a credit card prior to financial aid being processed, must pay before **January 4**. Once financial aid has been credited to the account, UAA will only process a credit card payment for any balance due.

**Remember, any change in registration status can impact student financial aid.**

**Incomplete grades, audits, withdrawals, or grades of "F" or "NC" may adversely impact loan or award eligibility. Students should talk with a UAA Student Information Advisor before changing course loads.**

## CHEM - CHEMISTRY

*Offered through the College of Arts and Sciences  
 Engineering Building (ENGR), Room 333D, 786-1238  
<http://chem.uaa.alaska.edu>*

All students planning to register for any chemistry course at or above CHEM A105 are required to bring written proof to the first class meeting of the semester of having met the prerequisites for that course as listed in the current UAA Catalog. This proof may be a transcript, grade slip, or letter from a faculty member, and must be given to the instructor for examination.

Students who do not have this proof may be administratively dropped immediately at the discretion of the faculty.

Most Chemistry courses require a lab with a lecture. You MUST enroll in both.

Due to University Safety and Hazardous Communications requirements, attendance is mandatory for all Chemistry laboratory courses the first week.

Any student not attending the first scheduled meeting for CHEM A055, A103, A104, A105, and A106 labs will be administratively dropped and any student on a waiting list will be added.

Any fees resulting from this drop/add procedure or any late registration procedure will be the responsibility of the student.

# TERMS AND DEFINITIONS

**ARR** Course meeting time or location is arranged between the student and instructor.

**AUDIT** To take a course for general information only; no credit will be received. Tuition and/or fees are the same as taking the course for credit. Course appears with a status of "AU" on the transcript.

**BLOCKED COURSES** Distinct courses that are grouped together for registration purposes but that are offered at different times and locations. Students must register for the entire block.

**CONCURRENT ENROLLMENT** Student required to register for and attend both courses in the same semester.

**CONTINUING EDUCATION UNIT (CEU) COURSES** Numbered AC001-AC049, CEU courses are offered for career development. One CEU is given for each 10 hours of instruction. CEUs are not transferable to credits. They have no regular tuition but do have other special fees. These courses do not meet degree requirements. Certificates of completion are available for students who have satisfactorily completed the requirements of a CEU course.

**CONTINUOUS REGISTRATION (GRADUATE STUDENTS)** Continuous registration is expected every fall and spring semester, from admission through graduation until all degree requirements are completed. Students have the option of registering for at least one graduate credit applicable to their degree; or, students can register and pay for Continuous Registration Fee that will allow them to remain active in their degree program without registering for any courses. Students are expected to register and pay the Continuous Registration Fee for the summer semester if they use university facilities or consult with faculty during the summer. Please contact the individual graduate program for departmental policies concerning continuous registration.

**CO-REQUISITES** Courses that must be taken concurrently. A student is required to register for and attend both courses in the same semester.

**COURSE REPEATS** Some courses may be repeated for additional credits if that option is stated in the course description. All courses may be repeated for student GPA improvement. Repeat courses are not automatically calculated as a repeat in the student's GPA. It is the student's responsibility to notify Enrollment Services of course repeat activity affecting GPA calculation.

**CREDIT/NO CREDIT (CR/NC) GRADING** A grading option which may be changed prior to the add deadline for that course. Students should see an advisor and read the CR/NC section of the UAA Course Catalog before choosing this option.

**CROSS-LISTED COURSES** Identical courses offered under separate subject codes. For example, BA/JUST A241 cross-lists the Business Law I course with two departments: Business Administration and Justice. Students may register under either subject prefix, but not both.

**DIRECTED STUDY** A Directed Study course is a permanent catalog course delivered on an individual basis when the course is not offered that semester. All forms must be submitted to Registration. There is a one working day processing period for Directed Study courses. The student must then register for the course.

**DROP** To drop from a course, beginning week 1 through week 2 of the semester, check the semester calendar for specific deadlines. Deadlines to drop courses scheduled to meet for less than full semester length are prorated. A student cannot drop a course after it has ended.

**FACULTY SIGNATURE** Some courses include "faculty permission" as a registration restriction. Students must obtain faculty signature prior to registration.

**GUIDED STUDY** The Guided Study Math Program incorporates flexible competency-based learning in a developmental setting. For example, the student must get 80% on each chapter test before moving onto the next chapter. The tests are not timed, may be repeated without penalty and are taken in the Math Learning Center when each student is ready (guidelines established by the instructor). The curriculum is the same as that offered in lecture-based classes. Students are required to attend class at the scheduled times. The purpose of the Math Lab is to provide tutoring, various other resources, and testing.

**INCOMPLETE GRADE** An "I" (Incomplete) is a temporary grade. It is used to indicate that a student has made satisfactory progress in the majority of the work in a course, but for unavoidable absences or other conditions beyond the control of the student, has not been able to complete the course. The Incomplete Grade Contract, a signed contract form between the student and the faculty member that stipulates the assignment(s) required to finish the course, is required and must be completed for each "I" grade assigned and is to be maintained in the department or dean's office. Course work must be completed by a date specified in the contract, not to exceed one year. Upon completion of the required course work, the faculty member must submit a change of grade form to Enrollment Services. If course work is not completed within one year or if the terms specified on the Incomplete Contract are not met, the student

may be assigned a failing grade (F or NP, depending on the grading basis of the course). If course work is not completed within one year and the faculty member does not submit a change of grade at that time, the "I" will become a permanent grade and it will be necessary for the student to re-register to obtain credit for the course.

**INDEPENDENT STUDY** An Independent Study course consists of topics chosen by the student with the approval of the department concerned, with the supervision of an instructor, and final approval by the dean. These courses are not a duplication of a permanent catalog course and must differ significantly from a catalog course. All supporting documentation needs to be maintained by the student. All forms must be submitted to Registration. There is a one working day processing period for Independent Studies. The student must then register for the course.

**NON-CREDIT COURSE** A non-credit course is offered as a special interest course for quality continuing education and leisure time instruction. Numbered A001-A049, non-credit courses do not meet degree requirements. They have no regular tuition fees but do have other special fees. These fees are listed in the course description area in this class schedule.

**OVERLOAD** Students may register for a maximum of 19 credits during the fall and spring semesters, and a maximum of 15 credits during the summer session. Students who want to enroll for additional credits must submit an approved Request for Credit Overload form. Admitted degree-seeking students must complete the form and obtain their advisor's signature and the signature of the dean. Non-degree seeking students only need an advisor's signature. Prior to registering, submit the completed Request for Credit Overload form, located online at [www.uaa.alaska.edu/admissions/forms.cfm](http://www.uaa.alaska.edu/admissions/forms.cfm).

**PREREQUISITE** A course or condition that is required prior to registering for and attending the course.

**PRORATE** To divide or assess proportionally, monies or deadlines according to the published length of the course.

**PROXY REGISTRATION** Students unable to register in person may have a proxy register for them. The student must provide the proxy with a signed Proxy for Registration form or other signed authorization to do so. The proxy must submit the signed authorization and picture ID at the time of registration. A Proxy for Registration form is available in the back of this class schedule or online:

[www.uaa.alaska.edu/admissions/forms.cfm](http://www.uaa.alaska.edu/admissions/forms.cfm). The proxy must follow the policies and calendar governing registration. Spouses, parents, and friends are required to have a signed authorization to register for another person, including those registering for secondary school students.

**STACKED COURSES** Occasionally two or more courses are scheduled in the same classroom at the same time. These are referred to as stacked courses. Catalog descriptions of these courses include the statement "May be stacked with." The semester class schedule will indicate if a course is being offered in stacked format and list which course(s) are being stacked. Students register for only one course.

**TBA** To Be Announced. Information not available at printing deadline. Contact departments or access the Web for the latest information on room locations and faculty assignments. At <http://uaonline.alaska.edu>, select the Class Schedule option.

**TOTAL WITHDRAWAL** To withdraw from all coursework in a semester. Student initiated. Cannot withdraw from a course after it has ended.

**VARIABLE CREDIT** Example: 1-6 CR. Course may be taken for 1 through 6 credits with prior approval of the faculty member. Example: 2/4. Course may be taken for either 2 or 4 credits. Student specifies the number of credits during registration.

**WITHDRAWAL** To withdraw from a course beginning week 3, through week 12 of the semester. Deadlines to withdraw from courses less than semester length are prorated. Course withdrawal begins the day following the drop deadline. Course appears with a status of "W" on your transcript. Cannot withdraw from a course after it has ended. Check the semester calendar for specific deadlines.
