ALL REGISTRATION DATES PERTAIN TO SEMESTER-LENGTH CLASSES.

Deadlines for courses other than semester length are prorated.

Visit www.curric.uaa.alaska.edu/registration/prorate to calculate course prorate dates.

Failure to read the UAA Catalog does not excuse the student from the rules and procedures described in that document. The University reserves the right to change or withdraw courses; to change the fees, rules, and calendar for admission, registration, instruction, and graduation; and to change other regulations affecting the student body at any time.

Check the class listing online for updated information: uaonline.alaska.edu

The University of Alaska Anchorage has a strong institutional commitment to the principles of diversity and takes affirmative action to achieve that end. The University does not discriminate in its educational and employment programs and activities on the basis of race, color, religion, national origin, age, sex, Vietnam-era or disabled veteran status, physical or mental disability, changes in marital status, pregnancy or parenthood.

The UAA Web site, www.uaa.alaska.edu, is the central place where students and future students may find all the information and forms they need to be successful. UAOnline, uaonline.alaska.edu, is the central access point for all student registration activity. Access UAOnline from the UAA home page.

For new students, a great place to begin is at the UAA home page, www.uaa.alaska.edu. From there, under Quick Links, choose **One Stop**. This leads to a page with links to everything from the **Admission Process**, where you may find the new student checklist, to **Degree Services**, where you'll find the graduation process. The UAA catalog, class listing, and most recent updates to the printed listing are available through this Web site: www.uaa.alaska.edu/records

Find course descriptions and more information on registration, deadlines, and fees at uaonline.alaska.edu

REGISTRATION ON UAONLINE

UAOnline Priority Registration will be open to admitted certificate- and degree-seeking UAA students at 12:01am on Monday, **April 6**.

UAOnline Open Registration begins at 12:01am **April 13**.

UAOnline registration will remain open 24 hours per day, seven days per week until close of registration. See the calendar for session dates. Expect occasional outages for system maintenance. Telephone assistance is available during regular business hours at (907) 786-1480, option 3.

Everyone who wants to take classes at UAA must be admitted to the University as either a certificate-seeking, degree-seeking, or non-degree-seeking student.

ADD/DROP PERIOD

See calendar for session deadlines. During this period, a faculty signature is required to register for a closed course and for courses requiring department/instructor approval, unless the course has not yet started according to the published start date of the course.

MULTIPLE REGISTRATIONS FOR SAME COURSE

For any given semester, a student may not be simultaneously registered in two or more sections of the same course that have the same or overlapping starting and ending dates. Students attempting to register for courses that are approved for multiple registrations should contact their academic department to request an override.

PAYMENT INFORMATION

Payment is due by the published payment deadline even if a bill is not received. There will be no University-initiated drop for non-payment.

Payment plans are available through Tuition Management Systems (TMS) at www.afford.com/UAA.

ELECTRONIC BILLING

An electronic bill will be generated on the 15th of each month and made available via UAOnline. An email reminder will be sent to your **UA-assigned email address** each time the bill is generated; a paper bill will not be mailed. A link on the UAOnline Statement and Payment History page will take you to the page where you can pay with a credit card or electronic check. To view your electronic bill, go to UAOnline and choose Student from the main menu, then Student Account, then Statement and Payment History.

FAILURE TO MEET FINANCIAL OBLIGATIONS

University policy requires a financial hold be placed on your record if you fail to meet your financial obligations. The hold will prevent any registration, transcript, or graduation activity.

Past due accounts will be sent to a collection agency. Interest, late fees, and/or collection costs will be added to your account. Past due debt may be reported to a local credit bureau. The University is authorized to garnish the State of Alaska PFDs for payment of past due accounts.

PREREQUISITES

Students are expected to check and meet all prerequisites before registering for classes. Students who do not meet the prerequisites will be administratively dropped from the class. Any fees resulting from this, or any late registration procedure, will be the responsibility of the students.

REGISTRATION BY PROXY

Students unable to register in person may have a proxy (someone else) register for them. Spouses, parents, and friends are required to have a signed authorization to register for another person, including secondary school students.

The student must provide the proxy with a signed Proxy for Registration Form or other signed authorization to do so. The proxy must submit the signed authorization and picture ID at the time of registration. An updated proxy form must be submitted each semester. The **Proxy for Registration** form is available at www.uaa.alaska.edu/admissions/forms.cfm

RESPONSIBILITY

The University holds students academically and financially responsible for their registration. Students who change their plans or become unable to attend must officially drop or withdraw from their courses within published deadlines in order to avoid a final grade of "F" for nonattendance. Courses must be dropped within the 100% refund period to avoid tuition assessment.

Deadlines will be prorated for trimester courses or courses with dates other than the traditional full semester length. Calculate course prorate dates at www.curric.uaa.alaska.edu/registration/prorate

SECONDARY SCHOOL STUDENT APPLICANTS

Secondary school applicants may be admitted on a semester-by-semester basis to non-degree-seeking status. Students may register on a space-available basis, as priority is given to certificate- and degree-seeking students. Guidelines and process may be found at http://curric.uaa.alaska.edu/admreg/Secondary_School_Enrollment.htm

WITHDRAWAL ONLINE

See calendar for session deadlines. Students may withdraw online. Course appears with a status of "W" on the transcript. Students cannot withdraw from a course after it has ended.

At One Stop Student Services, we invite your comments and suggestions to make our services and Web site the best they can be.

Plan for success

Please check the following before you start the new semester.

- It is the student's responsibility to be aware of dates and deadlines.
- Apply for admission. Admission to the University in a certificate, associate, or bachelor's degree program does not necessarily indicate you are ready for college-level coursework.
- Meet with your major advisor or an advisor in the Advising and Testing Center for assistance in selecting your courses.
- Review any registration restrictions, prerequisites, and special notes that may be associated with the courses you select (for example, completion of math or English placement test).
- Attend new student orientation if this is your first semester. www.uaa.alaska.edu/orientation
- Verify financial aid and check disbursement information at uaonline.alaska.edu
- Check uaonline.alaska.edu and select the Class Schedule link for course offering updates. Be sure to check the start dates and locations of each course for which you register.
- Register for classes through uaonline.alaska.edu
- Pay tuition and fees before published deadlines to avoid being assessed late payment fees. You are responsible academically and financially for your registration activity. Unpaid accounts will be sent to a collection agency and/or collected via garnishment of State of Alaska Permanent Fund Dividends.
- Purchase books and supplies at the bookstore. www.uaa.alaska.edu/bookstore
- Remember to officially drop or withdraw by the published deadlines if you decide at any time that you are unable to complete a course. Failure to do so will result in a grade of "F" for non-attendance and may affect your financial aid and grade-point average (GPA).
- Be aware of class locations. The UAA campus is over a mile long and the University Center facility is 1.2 miles from the main campus. Seawolf Shuttles provide an easy way to move between buildings on the campus, including the University Center location. However, it takes time to ride the shuttle and walk to your classroom. When registering for classes, plan for extra time needed to reach widely separated buildings. See the Building Locations page in this schedule and refer to the campus map at www.uaa.alaska.edu/maps when planning your schedule. The shuttle schedule may be found at edit.uaa.alaska.edu/fcs/maintenanceoperations/operations/shuttle.cfm
- Regularly check your UAA email accounts and UAOnline for changes or updates.

Alaska Residency

A person eligible for resident tuition is a person who, at the end of the add/drop period for regular semester-length courses, is a United States citizen or eligible non-citizen that has been physically present in Alaska for 2 years and who declares the intention to remain in Alaska indefinitely. The University of Alaska policy on resident and non-resident tuition may be referenced in the current University of Alaska Board of Regents Policy and Regulations, Chapter 05.10 Tuition and Student Fees, at www.alaska.edu/bor/policy-regulations. The Residency form and Application for Non-Resident Surcharge Waiver may be found online at www.uaa.alaska.edu/admissions/forms.cfm. The deadline for requesting residency and submitting all required documentation is prior to the published last day of the add/drop period for regular semester-length classes of the first semester in which residency is sought.

- Non-resident students who restrict their registration to no more than 4 credits each semester will be charged resident tuition. Non-resident students taking 5 credits or more are assessed non-resident fees on all academic credits.

Senior Citizens

The Board of Regents approved the following revision to Regents' Policy 05.10.08.B to read: "Regular tuition shall be waived for Alaska residents who are otherwise age eligible to receive full Social Security retirement benefits, who register on a space available basis; that is, when courses can accommodate such students in addition to other enrolled students." Transitional provision: "Individuals who were eligible for senior citizen tuition waivers on September 21, 2005 under the previous policy shall continue to be eligible for the waiver."

- Senior citizens must pay all additional course fees. To waive tuition, senior citizens must register and present a completed tuition waiver with proof of age.
- Registration using a senior citizen tuition waiver for payment is permitted only after instruction begins and must be completed by the add deadline.
- Senior citizens may elect to register before instruction begins; however, they must pay full tuition and fees (use of senior citizen tuition waiver will not be accepted). Senior citizens electing to register and pay tuition are subject to all payment deadlines. Refunds will NOT be available to senior citizens who drop courses and then re-register in the same courses using a tuition waiver.

Tuition waivers for eligible senior citizens are available from Accounting Services, or online:

www.uaa.alaska.edu/admissions/forms.cfm.

Note: The Student Government Fee and Student Media Fee are waived for senior citizens. The Student Life Fees and Transportation Fee are mandatory for all students taking 3 or more credits on the Anchorage campus. The Student Health and Counseling Fee is mandatory for all students taking 6 or more credits, with 3 on the Anchorage campus.

Calculate expenses

Fees are charges students must pay either in addition to or in place of tuition.

Base fees vary and are shown on the UAOnline detailed class information pages. To view fees for a given course, go to uaonline.alaska.edu to the class schedule listing and click on the CRN.

2% Network Charge The 2% network charge is to cover rapidly rising costs, especially in the maintenance and enhancement of our university-wide technology infrastructure. This will be applied on a course-by-course basis to tuition, non-resident surcharges if applicable, and fees in lieu of tuition, for credit and noncredit courses. Courses with applicable fees charged in lieu of tuition less than the lower division credit hour tuition rate (\$141 for Academic Year 2009-2010) will be exempt from the charge. All calculated fees will be rounded to the nearest dollar. The minimum network charge per course will be \$3.

Administrative Fee An administrative fee may be charged instead of tuition.

Distance Fee A \$38 distance fee is charged for each Distance Education course (offered through Educational Media Services). Call (907) 786-6177 for additional information about distance courses.

Lab and Materials Fees These additional charges cover the costs of lab supplies. Refer to the specific course listing on UAOnline for more information on lab and material fees. These fees are not refundable unless you drop during the 100% refund period.

Special Fees Special fees are assessed to pay for travel, equipment, or facilities out of the ordinary.

Mandatory Student Fees are charged to all students (including secondary school students) registering in 3 credits or more for courses held on the Anchorage campus*, based on the total registration once the 3-credit on-campus criteria is met. The Student Fees are not refundable unless the student totally withdraws during the 100% refund period.

Students may elect to pay certain Student Fees if they are registered in 1-5 academic credits, or 200 or more contact hours, in one semester. Student Life Fees for students registered in fewer than 6 credits are set at a fixed rate. Contact the Issue Cage in the Wells Fargo Sports Complex for information about the Athletics/Sports Complex Fee, and contact Student Activities in the Student Union regarding the Student Activity Fee. Student Health and Counseling Center services are not available to students registered in fewer than 6 academic credits.

*The Aviation Technology Center, King Career Center, University Center, and Wendler Junior High are considered on-campus facilities for purposes of fee assessment.

What if I completed the AAS and then went on to get a BS degree?
Am I registered in the right classes for my major?
How would my current credits apply to a different degree program?

How soon can I graduate?
What courses do I need to finish my degree in civil engineering?

DegreeWorks for Students

How far away am I from completing the AAS in Medical Laboratory Technology?

Beginning April 1, DegreeWorks will be made available to students. Programs found in the 2005-06 catalog to present will be available for review. DegreeWorks is a web-based degree audit and academic advising tool designed to enhance the planning process at the University of Alaska Anchorage, including Kodiak College, Kenai Peninsula College and Matanuska-Susitna College. We believe you will find DegreeWorks to be a powerful, yet easy-to-use program audit tool. Please take the time to try out the "What If" and "Look Ahead" features that allow you to apply the courses you have completed to any program on campus or to look at how the courses you have selected for next semester will apply to your degree progress.

Your DegreeWorks audit includes:

- an orderly display of all the undergraduate courses you have taken;
- a checklist of your outstanding requirements for graduation;
- a course planning tool; and
- a centralized listing of any petitions or exceptions applied to your program of study.

We encourage you to work closely with your academic advisor to ensure you have met all of the necessary requirements to graduate according to your planned schedule.

CHEM - CHEMISTRY

Offered through the College of Arts and Sciences Engineering Building (ENGR), Room 333D, 786-1238
 Note: The Chemistry Department will be moving to the new Conoco-Phillips Integrated Science Building (CPSB) in summer 2009.
<http://chem.uaa.alaska.edu>

All students planning to register for any chemistry course at or above CHEM A103 are required to bring written proof to the first class meeting of the semester of having met the prerequisites for that course as listed in the current UAA catalog. This proof may be a transcript, grade slip, or letter from a faculty member, and must be given to the instructor for examination.

Students who do not have this proof may be administratively dropped immediately at the discretion of the faculty.

Most Chemistry courses require a lab with a lecture. You MUST enroll in both.

Due to University Safety and Hazardous Communications requirements, attendance is mandatory for all Chemistry laboratory courses the first week.

Any student not attending the first scheduled meeting for CHEM A103, A104, A105, A106, and A323 labs will be administratively dropped and any student on a waiting list will be added.

Any fees resulting from this, or any late registration procedure, will be the responsibility of the student. Course fees may apply; refer to specific listing on UAOnline.

PEP - PHYSICAL EDUCATION PROFESSIONAL

*Offered through the Community and Technical College
Eugene Short Hall (ESH), Room 125, 786-4083
www.uaa.alaska.edu/ctc/hper*

Many courses with the PEP prefix are introductory. All courses follow rigorous academic curriculum. Some classes are held outdoors; in that case, students may be required to perform activities in extremely inclement weather, i.e., rain, sleet, snow, wind, or sub-zero temperatures. There is an assumption that a minimum level of physical fitness is needed to succeed in and enjoy many of the activities. Selected courses have significant physical fitness prerequisites or special notes. If you have any questions, please contact the department.

All students enrolling in PEP courses are required to complete an Acknowledgement of Risk, Release of Liability, and Medical Questionnaire form the first day of class. Students who do not attend the first class may be dropped from the course.

Course fees may apply; refer to specific course listing on UAOnline.

MINORS: Sixteen- and 17-year old students must receive chair approval before they are allowed to enroll in these courses. Students under 16 years of age cannot enroll.

PER - PHYSICAL EDUCATION & RECREATION

Offered through the Community & Technical College
 Eugene Short Hall (ESH) 125, 786-4083
www.uaa.alaska.edu/ctc/hper

Many courses with the PER prefix are introductory. All courses follow rigorous academic curriculum. Some classes are held outdoors; in that case, students may be required to perform activities in extremely inclement weather, i.e., rain, sleet, snow, wind, or sub-zero temperatures. There is an assumption that a minimum level of physical fitness is needed to succeed in and enjoy many of the activities. Selected courses have significant physical fitness prerequisites or special notes. If you have any questions, please contact the department.

All students enrolling in PER courses are required to complete an Acknowledgment of Risk, Release of Liability, and Medical Questionnaire form the first day of class. Students who do not attend the first class may be dropped from the course.

Course fees may apply; refer to specific course listing on UAOnline.

MINORS: Sixteen- and 17-year-old students must receive chair approval before they are allowed to enroll in these courses. Students under 16 years of age cannot enroll.

PER - PHYSICAL EDUCATION AND RECREATION

*Offered through the Community & Technical College
Eugene Short Hall (ESH) 125, 786-4083
www.uaa.alaska.edu/ctc/hper*

Many courses with the PER prefix are introductory. All courses follow rigorous academic curriculum. Some classes are held outdoors; in that case, students may be required to perform activities in extremely inclement weather, i.e., rain, sleet, snow, wind, or sub-zero temperatures. There is an assumption that a minimum level of physical fitness is needed to succeed in and enjoy many of the activities. Selected courses have significant physical fitness prerequisites or special notes. If you have any questions, please contact the department.

All students enrolling in PER courses are required to complete an Acknowledgment of Risk, Release of Liability, and Medical Questionnaire form the first day of class. Students who do not attend the first class may be dropped from the course.

Course fees may apply; refer to specific course listing on UAOnline.

MINORS: Sixteen- and 17-year-old students must receive chair approval before they are allowed to enroll in these courses. Students under 16 years of age cannot enroll.

Blackboard

What is Blackboard?

Blackboard is an Internet-based course management system. Through Blackboard, students and faculty interact within a distance class. Students use Blackboard to gain access to the course materials, assignments and other important items related to their distance class.

Where do I get my Blackboard user name and password?

Go to technology.uaa.alaska.edu/blackboard and find the Username Lookup box in the left margin. Enter your first and last name and UAA ID number. The resulting page will give you a user name which will work for Blackboard and UAA Webmail login. Default passwords for new students are: lower case uaa; upper case first, middle and last initial; then the last four digits of your UAA ID number. For example: John Q. Sloan with ID number 12345678 would be uaaJQS5678.

Where is my Blackboard class located?

Blackboard has links from the UAA home page and the Distance Education site, www.uaa.alaska.edu/distanceeducation The direct link is technology.uaa.alaska.edu/blackboard Once you are enrolled in a course you will visit this site often, so it's a good idea to bookmark it on your computer. Distance classes for each semester are located here. Each distance class will show up on the first day of the semester for which you register. Not all courses you are enrolled in will show up on Blackboard, though all distance classes will be available here.

How do I make corrections to UAOnline or Blackboard?

Go to UAOnline if you need to update a mailing address or other personal information. For name changes, submit a form at the One Stop Student Services in the University Center.
